

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FMCSA announces its plan to submit the Information Collection Request (ICR) described below to the Office of Management and Budget (OMB) for its review and approval, and invites public comment. This ICR will enable FMCSA to document the burden associated with the marking regulations codified in 49 CFR 390.21, "Marking of Self-Propelled CMVs and Intermodal Equipment." These regulations require marking of vehicles and intermodal equipment by motor carriers, freight forwarders and intermodal equipment providers (IEPs) engaging in interstate transportation. On April 11, 2013, FMCSA published a **Federal Register** notice (78 FR 21704) allowing for a 60-day comment period on this ICR. The FMCSA received no comments in response to this notice.

DATES: Please send your comments by September 3, 2013. OMB must receive your comments by this date in order to act on the ICR.

ADDRESSES: All comments should reference Federal Docket Management System (FDMS) Docket Number FMCSA-2013-0051. Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the attention of the Desk Officer, Department of Transportation/Federal Motor Carrier Safety Administration, and sent via electronic mail to oir_submission@omb.eop.gov, or faxed to (202) 395-6974, or mailed to the Office of Information and Regulatory Affairs, Office of Management and Budget, Docket Library, Room 10102, 725 17th Street NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Kenneth Rodgers, Chief, Commercial Enforcement and Investigations Division, Office of Enforcement and Compliance, U.S. Department of Transportation, Federal Motor Carrier Safety Administration, 1200 New Jersey Avenue SE., Washington, DC, 20590-0001. Telephone: 202-366-0073; Email: kenneth.rodgers@dot.gov. Office hours are from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

SUPPLEMENTARY INFORMATION:

Title: Marking of Self-Propelled CMVs and Intermodal Equipment
OMB Control Number: 2126-XXXX.

Type of Request: New information collection.

Respondents: Freight carrying commercial motor carriers, passenger carrying commercial motor carriers, and intermodal equipment providers.

Estimated Number of Respondents: 191,000.

Estimated Time per Response: 26 minutes [12 minutes to affix DOT Number + 14 minutes for affixing a carrier's name = 26].

Expiration Date: N/A. This is a new information collection.

Frequency of Response: On occasion.

Estimated Total Annual Burden: 655,000 [620,000 hours for freight carrying commercial carriers + 26,000 hours for passenger carrying commercial motor carriers + 9,000 hours for intermodal equipment providers (IEPs) = 655,000].

Background: The Secretary of Transportation (Secretary) is authorized to require marking of vehicles and intermodal equipment by motor carriers, freight forwarders and IEPs engaging in interstate transportation under 49 U.S.C. 31133(a)(8) and 49 U.S.C. 31133(a)(10). The Secretary has delegated authority pertaining to the marking of commercial motor vehicles (CMVs) pursuant to 49 CFR 1.87(f). The Agency's regulation governing the marking of CMVs is at 49 CFR 390.21.

Vehicle marking requirements are intended to ensure that FMCSA, the National Transportation Safety Board (NTSB), and State safety officials are able to identify motor carriers and correctly assign responsibility for regulatory violations during inspections, investigations, compliance reviews, and crash studies. These marking requirements will also provide the public with beneficial information that could also assist in identifying carriers for the purposes of commerce, complaints or emergency notification. The marking requirements apply to motor carriers, freight forwarders and IEPs engaging in interstate transportation. The Agency does not require a specific method of marking as long as the marking complies with FMCSA's regulations.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FMCSA to perform its functions; (2) the accuracy of the estimated burden; (3) ways for the FMCSA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized without reducing the quality of the collected information.

Issued on: July, 24, 2013.

G. Kelly Leone,

Associate Administrator, Office of Research and Information Technology and Chief Information Officer.

BILLING CODE 4910-EX-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2013-0074]

Notice of Application for Approval of Discontinuance or Modification of a Railroad Signal System

In accordance with Part 235 of Title 49 Code of Federal Regulations and 49 U.S.C. 20502(a), this document provides the public notice that by a document dated June 28, 2013, Norfolk Southern Corporation (NS) petitioned the Federal Railroad Administration (FRA) seeking approval for the discontinuance or modification of a signal system. FRA assigned the petition Docket Number FRA-2013-0074.

Applicant: Norfolk Southern Corporation, Mr. Brian Sykes, Chief Engineer, C&S Engineering, 1200 Peachtree Street NE., Atlanta, GA 30309.

NS seeks approval of the proposed discontinuance of Control Point (CP) CSXT Connection, at Milepost (MP) H 194.9 on the NS Roanoke District, Virginia Division, between Shenandoah and Roanoke, VA. CP CSXT Connection will be discontinued, and all associated signal equipment and Crossover #83 will be removed. Signals 82L, 82RA, 82RC, 84L, and 84R will be removed. Power-operated switch #81 will be converted to a hand-operated switch equipped with an electric lock.

The reason given for the proposed changes is that CP CSXT Connection is seldom used and no longer needed for railroad operations.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the Department of Transportation's Docket Operations Facility, 1200 New Jersey Avenue SE., W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires

an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

- *Web site:* <http://www.regulations.gov/>. Follow the online instructions for submitting comments.
- *Fax:* 202-493-2251.
- *Mail:* Docket Operations Facility, U.S. Department of Transportation, 1200 New Jersey Avenue SE., W12-140, Washington, DC 20590.
- *Hand Delivery:* 1200 New Jersey Avenue SE., Room W12-140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Communications received by September 16, 2013 will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable.

Anyone is able to search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). See <http://www.regulations.gov/#!privacyNotice> for the privacy notice of regulations.gov or interested parties may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477).

Robert C. Lauby,

Deputy Associate Administrator for Regulatory and Legislative Operations.

BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2013-0073]

Notice of Application for Approval of Discontinuance or Modification of a Railroad Signal System

In accordance with Part 235 of Title 49 Code of Federal Regulations (CFR) and 49 U.S.C. 20502(a), this document provides the public notice that by a document dated June 27, 2013, the Norfolk Southern Corporation (NS) petitioned the Federal Railroad Administration (FRA) seeking approval for the discontinuance or modification of a signal system. FRA assigned the petition Docket Number FRA-2013-0073.

Applicant: Norfolk Southern Corporation, Mr. Brian Sykes, Chief Engineer, C&S Engineering, 1200 Peachtree Street NE., Atlanta, Georgia 30309.

NS seeks approval of the proposed discontinuance of automatic signals within traffic control signal territory and the installation of a cab signal system without wayside signals, on Main Track Number 3 of the NS Pittsburgh Line from Milepost (MP) 273.2, SG, to MP 277.30 and from MP 277.30 to MP 290.6, CP-Conpit Junction. This section of track is also referred to as the "Sang Hollow Extension." All automatic signals on this line will be retired. The discontinuance will include the following automatic signals: SG 280.1, SG 282.95, and SG 287.1.

The reasons given for the proposed changes are that the installation of cab signals without wayside signals will improve train operations and will facilitate the installation of Positive Train Control on the Pittsburgh Line.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Avenue SE., W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2013-0057]

Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 of the Code of Federal Regulations (CFR), this document provides the public notice that by documents dated May 28, 2013, and June 12, 2013, Steam Into History (Steam) has petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR Part 215-Railroad Freight Car Safety Standards. FRA assigned the petition Docket Number FRA-2013-0057.

Specifically, Steam seeks relief from 49 CFR 215.303-*Stenciling of restricted cars*, which requires that restricted railroad freight cars shall be stenciled or marked in clearly legible letters with the letter "R" and a series of designated terms to completely indicate the basis for the restricted operation of the car.

The petition concerns three leased and two owned freight cars, numbered RERX 101, 213, and 702 and NCR 150 and 840, which are railroad flat cars converted to passenger carriage cars for tourist and excursion railroad service by the addition of seating, superstructures, and steps. Each of the Steam freight cars in the present petition is more than 50 years old, measured from the date of original construction, and the freight cars are the subject of a parallel petition for special approval for continued operation under 215.203(c). Therefore, Steam seeks a waiver of the requirement for stenciling found in 215.303, as the
