Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Alaska American Fisheries Act (AFA): Permits.

OMB Control Number: 0648-0393.

Form Number(s): NA.

Type of Request: Regular submission (revision and extension of a current information collection).

Number of Respondents: 27.

Average Hours per Response:

Application for AFA Permit for Replacement Vessel, 30 minutes; Application for AFA Cooperative Permit, 2 hours; Vessel Contract Fishing Notification, 4 hours; Approval as an Entity Eligible to Receive Transferable Chinook Salmon Prohibited Species Quota (PSC) Allocation, 8 hours; Application to Transfer Bering Sea Chinook Salmon PSC Allocation, 15 minutes.

Burden Hours: 112.

Needs and Uses: This request is for revision and extension of a currently approved information collection.

In response to the American Fisheries Act (AFA), NMFS developed a management program for Bering Sea and Aleutian Islands Management Area (BSAI) pollock to include a set of AFA permanent permits for AFA catcher/processors, AFA catcher vessels, AFA inshore processors, and AFA motherships. All vessels and processors participating in the non-Community Development Quota (CDQ) BSAI pollock

fishery are required to have valid AFA permits on board the vessel or on site at the processing plant.

With the exceptions of the inshore vessel cooperatives, replacement vessel, and inshore vessel contract fishing applications, the AFA permit program had a one-time application deadline of December 1, 2000. All permitted participants in the AFA pollock fishery are already established and are issued with an indefinite expiration date.

In a previous revision to this collection, a PSC limit of Chinook salmon was established for the pollock industry participants in an industry-developed contractual arrangement, called an incentive plan agreement (IPA) that establishes an incentive program to minimize bycatch at all levels of Chinook salmon abundance. NMFS issues transferable Chinook salmon PSC allocations to eligible entities representing the catcher/processor sector, the mothership sector, inshore cooperatives, and CDQ groups. Transferable allocations provide the pollock fleet the flexibility to maximize the harvest of pollock while maintaining Chinook salmon bycatch at or below the PSC limit.

Revision: The notary signature requirements have been removed from the Application for Replacement Vessel and the Application for Inshore Catcher Vessel Cooperative Permit.

Affected Public: Business or other for-profit organizations.

Frequency: Annually and on occasion.

Respondent's Obligation: Required to obtain or retain benefits.

OMB Desk Officer:
OIRA_Submission@omb.eop.gov.

Copies of the above information collection proposal can be obtained by calling or writing Jennifer Jessup, Departmental Paperwork Clearance Officer, (202) 482-0336, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at Jjessup@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov.

Dated: August 1, 2013.

SUPPLEMENTARY INFORMATION:

I. Abstract

Form BE-140, Benchmark Survey of Insurance Transactions by U.S. Insurance Companies with Foreign Persons, obtains annual data from all U.S. insurance companies that engage in the following international insurance transactions: (1) Premiums earned on reinsurance assumed from insurance companies resident abroad; (2) losses incurred on reinsurance assumed from insurance companies resident abroad; (3) premiums earned on primary insurance sold to foreign persons; (4) losses incurred on primary insurance sold to foreign persons; (5) premiums incurred on reinsurance ceded to

insurance companies resident abroad; (6) losses recovered on reinsurance ceded to insurance companies resident abroad; (7) receipts for auxiliary insurance services; and (8) payments for auxiliary insurance services. In addition, insurance companies with transactions in at least one of the eight categories listed above that exceed \$2 million must supply country specific data on the amount of their insurance transactions for each category.

The data are needed to monitor U.S. international trade in insurance services, analyze its impact on the U.S. economy and foreign economies, compile and improve the U.S. economic accounts, support U.S. commercial policy on insurance services, conduct trade promotion, and improve the ability of U.S. businesses to identify and evaluate market opportunities.

This survey is conducted at five year intervals; it was last conducted for 2008 and will be conducted again for 2013. The 2013 survey will be sent to respondents on March 30, 2014 and reports are due by June 30, 2014.

Two changes are proposed to the 2013 BE-140 form: (1) drop questions on finite reinsurance because finite reinsurance is a dated concept that is no longer relevant, and (2) add questions to identify the transaction code, size, type and nature of large and irregular transactions, defined as those contracts with premiums ceded or assumed in excess of \$1 billion and that are at least three times the size of a reporter's average regular contract. The new information will allow BEA to measure more accurately insurance services on an accrual basis and to exclude transactions that are not related to insurance services.

II. Method of Collection

The surveys are sent to the respondents by U.S. mail and are also available from the BEA Web site. Respondents may return the surveys one of four ways: U.S. mail, electronically using BEA's electronic collection system (eFile), fax, or email.

III. Data

OMB Control Number: 0608-0073.

Form Number: BE-140.

1,700 total responses every five years.

Estimated Time per Response: 8 hours.

Estimated Total Annual Burden Hours: 13,600 hours.

Estimated Total Annual Cost to Public: \$0.

Respondent's Obligation: Mandatory.

Authority: The International Investment and Trade in Services Survey Act, 22 U.S.C. 3101-3108, as amended.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (b) the accuracy of the Agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.
