

(CFR), this document provides the public notice that by a document received on June 11, 2013, the Terminal Railroad Association of St. Louis (TRRA), has petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR Part 232, Brake System Safety Standards for Freight and Other Non-Passenger Trains and Equipment; End-of-Train Devices. FRA assigned the petition Docket Number FRA–2013–0069.

Specifically, TRRA seeks a permanent waiver of compliance from 49 CFR 232.215, *Transfer train brake tests*, for train BNSF BNORE when empty and departing the US Steel Granite City Works (the Works) located at Granite City, IL. Title 49 CFR 232.215 defines the brake test that shall be performed on trains that travel between a point of origin and a point of final destination not exceeding 20 miles. TRRA's reasons for its petition are the unsafe walking conditions at the Works' Tracks 27–31 and the potential of injury to TRRA employees. The condition cannot be corrected due to the large amount of ore pellets left after each train. Waiver of the transfer train brake test will prevent employees from having to walk in an unsafe area.

The BNSF BNORE train, once emptied, travels from the Works to a location between 22nd and 25th Streets, a distance of 2.95 miles over U.S. Steel industrial track, TRRA track, and Norfolk Southern Railway track.

TRRA therefore proposes an alternative compliance: When the train doubles up and departs the Works, the train's crew will perform an inspection mandated by 49 CFR 232.211, *Class III brake tests—train line continuity inspection*, and will perform a roll-by inspection. When the train is spotted to an outbound track between 22nd and 25th Streets, an inspection compliant with 49 CFR 232.205, *Class I brake test—initial terminal inspection*, will be performed.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Ave. SE., W12–140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in

connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA–2013–0077]

Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), this document provides the public notice that by a document dated July 16, 2013, the Association of American Railroads (AAR) has petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR

215.127(c)(1). FRA assigned the petition Docket Number FRA–2013–0077.

AAR has requested a waiver from the provisions of 49 CFR 215.127 that state that a railroad may not place or continue in service a car if an end of car cushioning unit is leaking clearly formed droplets. In its petition for relief, AAR has submitted a technical report that indicates that a unit condition indicator (UCI) may be a better way to determine the actual performance of a unit rather than clearly formed droplets. AAR requests a 3-year test period during which it may be shown that end of car cushioning units that are leaking droplets should be permitted to continue in service if cushion UCIs indicate that the unit is not defective.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Avenue SE., W12–140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION

Maritime Administration

[Docket No. MARAD-2013 0091]

Requested Administrative Waiver of the Coastwise Trade Laws: Vessel SERENITY; Invitation for Public Comments

AGENCY: Maritime Administration, Department of Transportation.

ACTION: Notice.

SUMMARY: As authorized by 46 U.S.C. 12121, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a brief description of the proposed service, is listed below.

DATES: Submit comments on or before September 5, 2013.

ADDRESSES: Comments should refer to docket number MARAD-2013-0091. Written comments may be submitted by hand or by mail to the Docket Clerk, U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590. You may also send comments electronically via the Internet at <http://www.regulations.gov>. All comments will become part of this docket and will be available for inspection and copying at the above address between 10 a.m. and 5 p.m., E.T., Monday through Friday, except federal holidays. An electronic version of this document and all documents entered into this docket is available on the World Wide Web at <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT:

Linda Williams, U.S. Department of Transportation, Maritime

Administration, 1200 New Jersey Avenue SE., Room W23-453, Washington, DC 20590. Telephone 202-366-0903, Email Linda.Williams@dot.gov.

SUPPLEMENTARY INFORMATION: As described by the applicant the intended service of the vessel SERENITY is:

Intended Commercial Use of Vessel: "Coastwise charters, Sight seeing tours, sunset and overnight cruises. Extend geographic area of current waiver."

Geographic Region: "Maine, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Delaware, Maryland, Virginia, Washington, DC, North Carolina, South Carolina, Georgia, Florida, Louisiana, Mississippi, Alabama, and Texas."

The complete application is given in DOT docket MARAD-2013-0091 at <http://www.regulations.gov>. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with 46 U.S.C. 12121 and MARAD's regulations at 46 CFR Part 388, that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, a waiver will not be granted. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter's interest in the waiver application, and address the waiver criteria given in § 388.4 of MARAD's regulations at 46 CFR Part 388.
