Federal Aviation Administration

Notice of Request To Release Airport Property

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of intent to rule on request to release airport property at the Ottumwa Regional Airport (OTM), Ottumwa, Iowa.

SUMMARY: The FAA proposes to rule and invites public comment on the release of land at the Ottumwa Regional Airport, Ottumwa, Iowa, under the provisions of 49 U.S.C. 47107(h)(2).

DATES: Comments must be received on or before September 6, 2013.

ADDRESSES: Comments on this application may be mailed or delivered to the FAA at the following address: Lynn D. Martin, Airports Compliance Specialist, Federal Aviation Administration, Airports Division, ACE-610C, 901 Locust Room 364, Kansas City, MO 64106.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to: Tom Francis, Airport Manager, C/O Ottumwa Regional Airport 14802 Terminal St. Ottumwa, IA 50501, 641-683-0619.

FOR FURTHER INFORMATION CONTACT: Lynn D. Martin, Airports Compliance Specialist, Federal Aviation Administration, Airports Division, ACE-610C, 901 Locust Room 364, Kansas City, MO 64106, (816) 329-2644, lynn.martin@faa.gov.

The request to release property may be reviewed, by appointment, in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA invites public comment on the request to release approximately 2.21 acres of airport property, Lot #6, at the Ottumwa Regional Airport (OTM) under the provisions of 49 U.S.C. 47107(h)(2). On January 2, 2013, the Airport Manager at the Ottumwa Regional Airport requested from the FAA that approximately 2.21 acres of property, Lot #6, be released for sale to Al-Jon for use as a light manufacturing operation. On July 16, 2013, the FAA determined that the request to release property at the Ottumwa Regional Airport (OTM) submitted by the Sponsor meets the procedural requirements of the Federal Aviation Administration and the release of the property does not and will not impact future aviation needs at the airport. The FAA may approve the request, in whole or in part, no sooner than thirty days after the publication of this Notice.

The following is a brief overview of the request:

Ottumwa Regional Airport (OTM) is proposing the release of one parcel, Lot #6, containing 2.21 acres, more or less. The release of land is necessary to comply with Federal Aviation Administration Grant Assurances that do not allow federally acquired airport property to be used for non-aviation purposes. The sale of the subject property will result in the land at the Ottumwa Regional Airport (OTM) being

changed from aeronautical to non-aeronautical use and release the lands from the conditions of the Airport Improvement Program Grant Agreement Grant Assurances. In accordance with 49 U.S.C. 47107(c)(2)(B)(i) and (iii), the airport will receive fair market value for the property, which will be subsequently reinvested in another eligible airport improvement project for general aviation facilities at the Ottumwa Regional Airport.

Any person may inspect, by appointment, the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**. In addition, any person may, upon appointment and request, inspect the application, notice and other documents determined by the FAA to be related to the application in person at the Ottumwa Regional Airport.

Issued in Kansas City, MO on July 26, 2013.

Jim A. Johnson,

Manager, Airports Division.

Background

On July 10, 2013, at 78 FR 41492, the FHWA published in the **Federal Register** a notice seeking comments regarding the continued need, in whole or in part, for the general waivers from Buy America for manufactured products; for ferry boat equipment; and for pig iron and processed, pelletized, and reduced iron ores. This notice also sought comment on the continuing need for the FHWA's minimal use threshold (currently established at \$2,500 or 1/10 of 1 percent of the total contract value, whichever is greater). The original deadline for comments was August 8, 2013. In a letter dated July 23, 2013, the American Association of State Highway and Transportation Officials (AASHTO) submitted a comment to the docket for this notice requesting a 30-day extension to submit comments. This

notice grants AASHTO's request and extends the deadline by 30 calendar days to September 8, 2013.

Issued on: August 2, 2013.

Victor M. Mendez,

FHWA Administrator.

Federal Railroad Administration

[FRA Emergency Order No. 28, Notice No. 1]

Emergency Order Establishing Additional Requirements for Attendance and Securement of Certain Freight Trains and Vehicles on Mainline Track or Mainline Siding Outside of a Yard or Terminal

The Federal Railroad Administration (FRA) of the United States Department of Transportation (DOT) has determined that public safety compels issuance of this Emergency Order (EO), which requires railroads operating on the general system to implement additional processes and procedures to ensure that certain unattended trains and vehicles¹ on mainline track or mainline siding outside of a yard or terminal are properly secured against unintended movement. FRA re-examined its regulations governing the securement of such equipment in light of the July 6, 2013, derailment in Lac-Mégantic, Quebec, Canada, which demonstrated the terrible consequences that can arise when a railroad accident results in a sudden release of flammable liquids. FRA's inspection data since January 2010 shows significant non-compliance with FRA's securement regulations, 49 CFR 232.103(n), with nearly 4,950 recorded defects in that time. Moreover, FRA has seen a number of serious accidents during rail transportation of flammable liquids since 2009, and there has been significant growth in these types of rail shipments since 2011. These factors lead FRA to the conclusion that additional action is necessary to eliminate an immediate hazard of death, personal injury, or significant harm to the environment, particularly in instances where certain hazardous materials are involved. As a result, FRA is ordering that each railroad take the following actions on mainline track or mainline siding outside of a yard or terminal to ensure

¹ A vehicle, as defined in 49 U.S.C. 20301, "means a car, locomotive, tender, or similar vehicle."
