SECURITIES AND EXCHANGE COMMISSION

[File No. 500-1]

In the Matter of Redfin Network, Inc.; Order of Suspension of Trading

August 15, 2013.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Redfin Network, Inc. ("Redfin") because it has not filed a periodic report since it filed its Form 10-Q for the period ending September 30, 2012, filed on November 9, 2012.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of Redfin. Therefore, it is ordered, pursuant to Section 12(k) of the Securities Exchange Act of 1934, that trading in the securities of Redfin is suspended for the period from 9:30

a.m. EDT on August 15, 2013, through 11:59 p.m. EDT on August 28, 2013.

By the Commission.

Jill M. Peterson,

Assistant Secretary.

U.S. Department of State Advisory Committee on Private International Law (ACPIIL): Public Meeting on Arbitration

The Office of the Assistant Legal Adviser for Private International Law, Department of State, gives notice of a public meeting to discuss a draft convention on transparency in treaty-based investor-state arbitration that will be considered by the Secretariat of the United Nations Commission on International Trade Law (UNCITRAL). The public meeting will take place on Wednesday, September 4, 2013 from 9:30 a.m. until 12 p.m. EDT. This is not a meeting of the full Advisory Committee.

After several years of work, UNCITRAL adopted a set of Rules on Transparency in Treaty-based Investor-State Arbitration at its 46th Session in July 2013. UNCITRAL has decided to develop a convention that would provide an efficient mechanism for states to apply these Rules to existing investment treaties. A draft convention prepared by the UNCITRAL Secretariat is available in paper A/CN.9/784 on the UNCITRAL Web site (<http://www.uncitral.org/uncitral/en/commission/workinggroups/2Arbitration.html>). The draft convention will be discussed September 16-20, 2013, at the 59th session of UNCITRAL Working Group II.

The purpose of the public meeting is to obtain the views of concerned stakeholders on the draft convention in advance of the meeting of Working Group II. Those who cannot attend but wish to comment are welcome to do so by email to Tim Schnabel at SchnabelTR@state.gov.

Time and Place: The meeting will take place from 9:30 a.m. until 12 p.m. at 2430 E Street NW., South Building (SA-4), Room 240. Participants should arrive at the gate at 23rd and D Streets, NW before 9:10 a.m. for visitor screening, and will be escorted to the South Building. If you are unable to attend the public meeting and would like to participate from a remote

location, teleconferencing will be available.

Public Participation: This meeting is open to the public, subject to the capacity of the meeting room. Please provide your full name and contact information if you are planning on attending in person. Access to the building is strictly controlled. For pre-clearance purposes, those planning to attend should email piRstate.gov providing full name, address, date of birth, citizenship, driver's license or passport number, and email address. This information will greatly facilitate entry into the building. A member of the public needing reasonable accommodation should email pil@state.gov not later than August 29, 2013. Requests made after that date will be considered, but might not be able to be fulfilled. If you would like to participate by telephone, please email pil@state.gov to obtain the call-in number and other information.

Data from the public is requested pursuant to Public Law 99-399 (Omnibus Diplomatic Security and Antiterrorism Act of 1986), as amended; Public Law 107-56 (USA PATRIOT Act); and Executive Order 13356. The purpose of the collection is to validate the identity of individuals who enter Department facilities. The data will be entered into the Visitor Access Control System (VACS-D) database. Please see the Security Records System of Records Notice (State-36) at <http://www.state.gov/documents/organization/103419.pdf> for additional information.

BILLING CODE P

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Request for Public Comments Regarding the National Trade Estimate Report on Foreign Trade Barriers

AGENCY: Office of the United States
Trade Representative.

ACTION: Notice.

SUMMARY: Pursuant to section 181 of the Trade Act of 1974, as amended (19 U.S.C. 2241), the Office of the United States Trade Representative (USTR) is required to publish annually the National Trade Estimate Report on Foreign Trade Barriers (NTE). With this notice, the Trade Policy Staff Committee (TPSC) is requesting interested persons to submit comments to assist it in identifying significant barriers to U.S. exports of goods, services, and U.S. foreign direct investment for inclusion in the NTE. The TPSC invites written comments from the public on issues that USTR should examine in preparing the NTE.

In 2014, USTR expects to once again release in conjunction with the NTE report two reports dealing with additional trade barriers—one on SPS measures and one on standards-related measures. USTR will invite written comments from the public on issues that should be examined in preparing those two reports through publication of a separate Notice in the **Federal Register** that will be forthcoming. Information regarding such measures should NOT be submitted in response to this Notice.

DATES: Public comments are due not later than 11:59 p.m., October 22, 2013.

ADDRESSES: Submissions should be made via the Internet at www.regulations.gov docket number USTR-2013-0027. For alternatives to on-line submissions please contact Yvonne Jamison (202-395-3475). The public is strongly encouraged to file submissions electronically rather than by facsimile or mail.

FOR FURTHER INFORMATION CONTACT:

Questions regarding the NTE or on submitting comments in response to this notice should be directed to Yvonne Jamison at (202-395-3475).

SUPPLEMENTARY INFORMATION: The NTE sets out an inventory of the most important foreign barriers affecting U.S. exports of goods and services, U.S. foreign direct investment, and protection of intellectual property rights. The inventory facilitates U.S. negotiations aimed at reducing or eliminating these barriers. The report also provides a valuable tool in enforcing U.S. trade laws and strengthening the rules-based trading system. The 2013 NTE Report may be found on USTR's Internet Home Page (<http://www.ustr.gov>) under the tab "Reports". To ensure compliance with the NTE's statutory mandate and the Obama Administration's commitment to focus on the most significant foreign trade barriers, USTR will be guided by the existence of active private sector interest in deciding which restrictions to include in the NTE.

Topics on which the TPSC Seeks Information: To assist USTR in preparing the NTE, commenters should submit information related to one or more of the following categories of foreign trade barriers:

(1) Import policies (e.g., tariffs and other import charges, quantitative restrictions, import licensing, and customs barriers);

(2) Government procurement restrictions (e.g., "buy national policies" and closed bidding);

(3) Export subsidies (e.g., export financing on preferential terms and agricultural export subsidies that displace U.S. exports in third country markets);

(4) Lack of intellectual property protection (e.g., inadequate patent, copyright, and trademark regimes or enforcement issues);

(5) Services barriers (e.g., limits on the range of financial services offered by foreign financial institutions, regulation of international data flows, restrictions on the use of data processing, quotas on imports of foreign films, and barriers to the provision of services by professionals);

(6) Investment barriers (e.g., limitations on foreign equity participation and on access to foreign government-funded R&D consortia, local content, technology transfer and export performance requirements, and restrictions on repatriation of earnings, capital, fees, and royalties);

(7) Government-tolerated anticompetitive conduct of state-owned or private firms that restrict the sale or purchase of U.S. goods or services in the foreign country's markets;

(8) Trade restrictions affecting electronic commerce (e.g., tariff and non-tariff measures, burdensome and

discriminatory regulations and standards, and discriminatory taxation); and

(9) Other barriers (e.g., barriers that encompass more than one category, such as bribery and corruption, or that affect a single sector).

In addition, commenters are invited to identify those barriers covered in their submissions that may operate as "localization barriers to trade". Localization barriers are measures designed to protect, favor, or stimulate domestic industries, services providers, and/or intellectual property at the expense of goods services or intellectual property from other countries. For more information on localization barriers, please go to <http://www.ustr.gov/trade-topics/localization-barriers>.

In responding to this notice, commenters should place particular emphasis on any practices that they believe may violate U.S. trade agreements. The TPSC is also interested in receiving new or updated information pertinent to the barriers covered in the 2013 NTE as well as information on new barriers. Even if USTR does not include in the NTE information that it receives pursuant to this notice, it will maintain the information for potential use in future discussions or negotiations with trading partners.

Estimate of Increase in Exports: Each comment should include an estimate of the potential increase in U.S. exports that would result from removing any foreign trade barrier the comment identifies, as well as a description of the methodology the commenter used to derive the estimate. Estimates should be expressed within the following value ranges: Less than \$5 million; \$5 to \$25 million; \$25 million to \$50 million; \$50 million to \$100 million; \$100 million to \$500 million; or over \$500 million. These estimates will help USTR conduct comparative analyses of a barrier's effect over a range of industries.

Requirements for Submissions: Commenters providing information on foreign trade barriers in more than one country should, whenever possible, provide a separate submission for each country. Comments addressing SPS or standards-related measures should not be submitted in response to this request but should be submitted in response to the separate request for comments which will be forthcoming.

In order to ensure the timely receipt and consideration of comments, USTR strongly encourages commenters to make on-line submissions, using the <http://www.regulations.gov> Web site. Comments should be submitted under docket number USTR-2013-0027.
