Federal Emergency Management Agency

[Internal Agency Docket No. FEMA–4134–DR; Docket ID FEMA–2013–0001]

Colorado; Major Disaster and Related Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: This is a notice of the Presidential declaration of a major disaster for the State of Colorado (FEMA–4134–DR), dated July 26, 2013, and related determinations.

DATES: *Effective Date:* July 26, 2013.

FOR FURTHER INFORMATION CONTACT: Dean Webster, Office of Response and Recovery, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646–2833.

SUPPLEMENTARY INFORMATION: Notice is hereby given that, in a letter dated July 26, 2013, the President issued a major disaster declaration under the authority of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121 *et seq.* (the “Stafford Act”), as follows:

I have determined that the damage in certain areas of the State of Colorado resulting from the Black Forest Fire during the period of June 11–21, 2013, is of sufficient severity and magnitude to warrant a major disaster declaration under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121 *et seq.* (the “Stafford Act”). Therefore, I declare that such a major disaster exists in the State of Colorado.

In order to provide Federal assistance, you are hereby authorized to allocate from funds

available for these purposes such amounts as you find necessary for Federal disaster assistance and administrative expenses.

You are authorized to provide Crisis Counseling, Disaster Unemployment Assistance, and Public Assistance in the designated area and Hazard Mitigation throughout the State. Consistent with the requirement that Federal assistance be supplemental, any Federal funds provided under the Stafford Act for Hazard Mitigation will be limited to 75 percent of the total eligible costs. Federal funds provided under the Stafford Act for Public Assistance also will be limited to 75 percent of the total eligible costs, with the exception of projects that meet the eligibility criteria for a higher Federal cost-sharing percentage under the Public Assistance Alternative Procedures Pilot Program for Debris Removal implemented pursuant to Section 428 of the Stafford Act. Further, you are authorized to make changes to this declaration for the approved assistance to the extent allowable under the Stafford Act.

The Federal Emergency Management Agency (FEMA) hereby gives notice that pursuant to the authority vested in the Administrator, under Executive Order 12148, as amended, Thomas J. McCool, of FEMA is appointed to act as the Federal Coordinating Officer for this major disaster.

The following areas of the State of Colorado have been designated as adversely affected by this major disaster:

El Paso County for Crisis Counseling and Disaster Unemployment Assistance.

El Paso County for Public Assistance.

All counties within the State of Colorado are eligible to apply for assistance under the Hazard Mitigation Grant Program.

The following Catalog of Federal Domestic Assistance Numbers (CFDA) are to be used for reporting and drawing funds: 97.030, Community Disaster Loans; 97.031, Cora Brown Fund; 97.032, Crisis Counseling; 97.033, Disaster Legal Services; 97.034, Disaster Unemployment Assistance (DUA); 97.046, Fire Management Assistance Grant; 97.048, Disaster Housing Assistance to Individuals and Households In Presidentially Declared Disaster Areas; 97.049, Presidentially Declared Disaster Assistance—Disaster Housing Operations for Individuals and Households; 97.050, Presidentially Declared Disaster Assistance to Individuals and Households—Other Needs; 97.036, Disaster Grants—Public Assistance (Presidentially Declared Disasters); 97.039, Hazard Mitigation Grant.

W. Craig Fugate,

Administrator, Federal Emergency Management Agency.

Culebra National Wildlife Refuge, PR; Final Comprehensive Conservation Plan and Finding of No Significant Impact for the Environmental Assessment

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: We, the Fish and Wildlife Service (Service), announce the availability of the final comprehensive conservation plan and finding of no significant impact for the environmental assessment (Final CCP/FONSI) for Culebra National Wildlife Refuge (NWR) in the municipality of Culebra, Puerto Rico. In the Final CCP/FONSI, we describe how we will manage this refuge for the next 15 years.

ADDRESSES: You may obtain a copy of the Final CCP/FONSI by writing to: Ms. Ana Román, via U.S. mail at P.O. Box 510, Boquerón, PR 00622. Alternatively, you may download the document from our Internet Site at <http://southeast.fws.gov/planning> under “Final Documents.”

FOR FURTHER INFORMATION CONTACT: Ms. Ana Román, at 787/851-7258 (telephone).

SUPPLEMENTARY INFORMATION:

Introduction

With this notice, we finalize the CCP process for Culebra NWR. We started the process through a notice in the **Federal Register** on December 19, 2008 (73 FR 77827). For more about the refuge and planning process, please see that notice.

Culebra NWR is located within the municipality of Culebra, Puerto Rico, and consists of several units on the main island of Culebra and numerous small islands surrounding Culebra.

Background

The CCP Process

The National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd-668ee) (Administration Act), as amended by the National Wildlife Refuge System Improvement Act of 1997, requires us to develop a CCP for each national wildlife refuge. The purpose for developing a CCP is to provide refuge managers with a 15-year plan for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and our policies. In addition to outlining broad management direction on conserving wildlife and their habitats, CCPs identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation, wildlife photography, and environmental education and interpretation. We will review and update the CCP at least every 15 years in accordance with the Administration Act.

Comments

We made copies of the Draft Comprehensive Conservation Plan and Environmental Assessment (Draft CCP/EA) available for a 30-day public review and comment period via a **Federal Register** notice on July 11, 2012 (77 FR 40895). We received comments on the Draft CCP/EA from two Federal agencies, nine non-governmental organizations, and eight members of the

general public. Some of the comments we received dealt with the following: (1) Controlling access and utilization of Culebrita beaches; (2) ensuring a consistent policy for special use permits; (3) clarifying all unresolved boundary issues; (4) developing plans to repair the Observation Point at Punta Flamenco; (5) increasing funding for sea turtle projects; (6) controlling or eliminating invasive species; (7) developing hiking trails; and (8) permitting the development of renewable energy projects (i.e., particularly wind energy) on the refuge.

CCP Alternatives, Including Our Preferred Alternative

We developed three alternatives for managing the refuge (Alternatives A, B, and C), with Alternative C selected for implementation. This alternative expands both wildlife and habitat management and public use activities.

The preferred alternative provides for expanded seasonal surveys to determine seabird abundance, research on nesting success, manipulation of vegetation to improve nesting habitat, and control of invasive predators.

We will also continue surveys and protection of sea turtles, develop and implement annual surveys for resident and migratory birds, and establish additional populations of two species of listed plants—*Peperomia wheelerii* and *Leptocereus grantianus*.

This management action also calls for restoring hydrology to areas of degraded mangrove habitat and restoring dry forest through selective invasive species removal and planting of propagated trees. We will also intensify efforts at invasive species control and eradication and pursue habitat restoration on offshore cays.

Within 5 years of the date of the Final CCP/FONSI, we will clearly delineate all refuge boundaries, work to resolve boundary issues, and pursue opportunities for boundary expansion through acquisitions from willing sellers. We will also complete and begin to implement a cultural resources management plan.

We will maintain our current schedule of being open to the public during daylight hours only. Working with the Army Corps of Engineers to determine safety of areas cleared of unexploded ordnance, we will evaluate the potential for opening additional areas to the public, considering both safety and biological factors. We will continue to permit water taxis under special use permit for access to cays. We will also develop partnerships to restore and reopen the Observation Post for
