

21,800 people per day over a 24-hour period.

How To Comment: At any time during the 90 day public review period, comments may be transmitted electronically through the NPS Planning, Environment and Public Comment Web site at http://parkplanning.nps.gov/yose_mrp, or through the Yosemite National Park Web site at yose_planning@nps.gov. Alternately, written comments may be mailed to Superintendent, Yosemite National Park, Attn: Merced River Plan DEIS, P.O. Box 577, Yosemite, California 95389, or may be hand-delivered at one of the scheduled public meetings.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Public meetings and site visits will be hosted in Yosemite Valley and in several gateway communities, and San Francisco. Any individual or organization who wants to express an opinion about the effects of the plan on natural or cultural resources and/or the visitor experience is encouraged to attend. All in-park meetings will be available through the park's Web site at <https://yose.webex.com>. All meeting locations and dates will be announced via the Yosemite electronic newsletter, press releases, and posted on the park's Web site <http://www.nps.gov/yose/parkmgmt/mrp.htm>.

Printed or CD format documents may be requested through email (yose_planning@nps.gov), or by telephone at (209) 379-1110. In addition, the DEIS will be available at public libraries in local communities. Electronic versions will be available online at http://parkplanning.nps.gov/yose_mrp, which can be accessed directly through the Yosemite National Park Web site (noted above).

Decision Process: All comments submitted on the Merced River Plan/DEIS will be duly considered in preparing the Final Environmental Impact Statement (Final EIS). The Final EIS/Merced River Plan is expected to be available in Spring of 2013; availability will be announced similarly as the DEIS, including notice in the **Federal Register**. A Record of Decision will be prepared not sooner than 30 days after release of the FEIS. As a delegated EIS

process, the official responsible for final approval is the Regional Director, Pacific West Region, National Park Service; subsequently, the official responsible for implementation of the approved Merced River Plan is the Superintendent, Yosemite National Park.

Dated: November 19, 2012.

Christine S. Lehnertz,

Regional Director, Pacific West Region.

DEPARTMENT OF THE INTERIOR

National Park Service

[NPS-IMR-LAMR-10224; 2310-0091-422]

Off-Road Vehicle Management Plan, Draft Environmental Impact Statement, Lake Meredith National Recreation Area, Texas

AGENCY: National Park Service, Interior.

ACTION: Notice of Availability.

SUMMARY: Pursuant to § 102(2)(C) the National Environmental Policy Act of 1969, 42 U.S.C. 4332(2)(C), the National Park Service (NPS) is releasing a Draft Environmental Impact Statement (DEIS) for the Off-Road Vehicle Management Plan (Plan), Lake Meredith National Recreation Area (LAMR), Texas. The Plan/DEIS evaluates the impacts of four alternatives that address off-road vehicle (ORV) management in the national recreation area. It also assesses the impacts that could result from continuing the current management framework in the no action alternative. The selected alternative will guide ORV management at LAMR for the next 15 years.

DATES: The NPS will accept comments on the DEIS from the public for 60 days following publication by the U.S. Environmental Protection Agency (EPA) of the Notice of the Availability of the DEIS. After the EPA Notice of Availability is published, NPS will schedule public meetings during the comment period. Dates, time, and locations of these meetings will be announced in press releases, a newsletter, and on the NPS Planning, Environment, and Public Comment (PEPC) Web site for the project at <http://www.parkplanning.nps.gov/LAMR>.

ADDRESSES: Information will be available for public review and comment online at: <http://parkplanning.nps.gov/LAMR>. Copies of the Plan/DEIS will be available in the office of the Superintendent, Lake

Meredith National Recreation Area, Alibates Flint Quarries National Monument, 419 E. Broadway, Fritch, Texas 79036-1460, or by phone at (806) 857-3151.

FOR FURTHER INFORMATION CONTACT:

Cindy Ott-Jones, Superintendent, Lake Meredith National Recreation Area, Alibates Flint Quarries National Monument, P.O. Box 1460, Fritch, Texas 79036-1460, or by phone at (806) 857-3151, or by email at Cindy_Ott-Jones@nps.gov.

SUPPLEMENTARY INFORMATION: The purpose of this Plan/DEIS is to manage ORV use in the national recreation area for visitor enjoyment and recreation opportunities, while minimizing and correcting damage to resources. By special regulation (Title 36, Section 7.57 of the Code of Federal Regulations), the national recreation area allows the use of ORVs in two areas: Blue Creek and Rosita Flats. Action is needed at this time to comply with Executive Order 11644, provide for sustainable ORV use areas, address the lack of an approved plan, address resource impacts resulting from ORV use, and address the change in numbers, power, range, and capabilities of ORVs currently using the ORV areas.

The Plan/DEIS evaluates four alternatives: A No Action Alternative (A) and three Action Alternatives (B, C, and D (preferred)). These are summarized briefly here. Other alternatives were explored but dismissed; these are discussed in some detail in the draft Plan/DEIS.

- **Alternative A: No Action**—The national recreation area would continue to operate under the 2007 Interim ORV Management Plan where ORVs are allowed below the 3,000 foot elevation line in Rosita Flats and from cutbank to cutbank at Blue Creek. Limited facilities are supplied. No additional management tools such as zoning, permits, or use limits would be implemented.

- **Alternative B: Under this alternative**, ORV use would be managed through a zone system. Uses would be separated into the following zones: Camping, hunting, resource protection, low speed, and beginner. At Rosita Flats, two areas would be established as ORV areas and a number of routes would be designated. At Blue Creek, ORVs would only be allowed on sandy bottom areas designated routes, with ORV use prohibited on vegetated areas. ORV users would be required to obtain a free permit for educational purposes.

- **Alternative C: This alternative** manages ORV use through a fee permit system and user limits. Permits would

include a fee and initially, there would be no limit on the number of permits. However, additional studies would be required to determine the appropriate use limit, and limits could be set in the future. ORV routes and areas would be designated, including one ORV area and designated routes at Rosita Flats and the sandy bottom area of Blue Creek.

- **Alternative D:** The preferred alternative manages ORV use through a zone system. Uses would be separated into the following zones: Camping, hunting, resource protection, low speed, and beginner. At Rosita Flats, two areas would be established as ORV areas and a number of routes would be designated. At Blue Creek, ORVs would only be allowed on sandy bottom areas designated routes, with ORV use prohibited on vegetated areas. ORV permits would be required and a fee would apply. Permit fees would be used to recover costs associated with ORV management. New and current education and outreach efforts would also continue under alternative D.

If you wish to comment, you may submit your comments by any one of several methods. You may mail comments to Office of the Superintendent, Lake Meredith National Recreation Area, Alibates Flint Quarries National Monument, P.O. Box 1460, Fritch, Texas 79036–1460. You may also submit your comments online on the PEPC Web site at <http://parkplanning.nps.gov/LAMR>. Finally, you may hand-deliver comments to Lake Meredith National Recreation Area and Alibates Flint Quarries National Monument, 419 E. Broadway, Fritch, Texas 79036. Oral statements and written comments will also be accepted during the public meetings. Comments will not be accepted by fax, email, or in any other way than those specified above. Bulk comments in any format (hard copy or electronic) that do not include a signature and are submitted on behalf of others will not be accepted. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment (including your personal identifying information) may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. We will make all submissions from organizations or businesses, from individuals identifying themselves as representatives or officials, of organizations or businesses, available for public inspection in their entirety.

Dated: December 14, 2012.

John Wessels,

*Regional Director, Intermountain Region,
National Park Service.*

BILLING CODE 4310–CB–P

INTERNATIONAL TRADE COMMISSION

Notice of Receipt of Complaint; Solicitation of Comments Relating to the Public Interest

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has received a complaint entitled *Certain Sealing Rings for Utility Meters and Components Thereof*, DN 2933; the Commission is soliciting comments on any public interest issues raised by the complaint or complainant's filing under section 210.8(b) of the Commission's Rules of Practice and Procedure (19 CFR 210.8(b)).

FOR FURTHER INFORMATION CONTACT: Lisa R. Barton, Acting Secretary to the Commission, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205–2000. The public version of the complaint can be accessed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>, and will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205–2000.

General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205–1810.

SUPPLEMENTARY INFORMATION: The Commission has received a complaint and a submission pursuant to section 210.8(b) of the Commission's Rules of Practice and Procedure filed on behalf of E.J. Brooks Company on January 18, 2013. The complaint alleges violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for

importation, and the sale within the United States after importation of certain sealing rings for utility meters and components thereof. The complaint names as respondents Mao Dah Enterprise Co., Ltd. of Taiwan.

Proposed respondents, other interested parties, and members of the public are invited to file comments, not to exceed five (5) pages in length, inclusive of attachments, on any public interest issues raised by the complaint or section 210.8(b) filing. Comments should address whether issuance of the relief specifically requested by the complainant in this investigation would affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers.

In particular, the Commission is interested in comments that:

- (i) Explain how the articles potentially subject to the requested remedial orders are used in the United States;
- (ii) Identify any public health, safety, or welfare concerns in the United States relating to the requested remedial orders;
- (iii) Identify like or directly competitive articles that complainant, its licensees, or third parties make in the United States which could replace the subject articles if they were to be excluded;
- (iv) Indicate whether complainant, complainant's licensees, and/or third party suppliers have the capacity to replace the volume of articles potentially subject to the requested exclusion order and/or a cease and desist order within a commercially reasonable time; and
- (v) Explain how the requested remedial orders would impact United States consumers.

Written submissions must be filed no later than by close of business, eight calendar days after the date of publication of this notice in the **Federal Register**. There will be further opportunities for comment on the public interest after the issuance of any final initial determination in this investigation.

Persons filing written submissions must file the original document electronically on or before the deadlines stated above and submit 8 true paper copies to the Office of the Secretary by noon the next day pursuant to section 210.4(f) of the Commission's Rules of Practice and Procedure (19 CFR 210.4(f)). Submissions should refer to the docket number ("Docket No. 2933")
