OMB No.: 0970–0381.

Description: The State Abstinence Program was extended through Fiscal Year 2014 under Patient Protection and Affordable Care Act of 2010 (Affordable Care Act, hereafter), Public Law 111–148.

The Family and Youth Services Bureau (FYSB) is accepting applications from States and Territories for the development and implementation of the State Abstinence Program. The purpose of this program is to support decisions to abstain from sexual activity by providing abstinence programming as defined by Section 510(b) of the Social Security Act (42 U.S.C. 710(b)) with a focus on those groups that are most likely to bear children out-of-wedlock, such as youth in or aging out of foster care.

States are encouraged to develop flexible, medically accurate and effective abstinence-based plans responsive to their specific needs. These plans must provide abstinence education, and at the option of the State, where appropriate, mentoring, counseling, and adult supervision to promote abstinence from sexual activity, with a focus on those groups which are most likely to bear children out-of-wedlock. An expected outcome for all programs is to promote abstinence from sexual activity. Pursuant to the program announcement, all grantees must report on performance on a semiannual basis.

OMB approval is requested to solicit comments from the public on paperwork reduction as it relates to ACYF's receipt of the application, state plan, and/or semiannual reporting documents from applicants and awardees labeled:
