SUPPLEMENTARY INFORMATION:

I. Abstract

The National Park Service (NPS) Act of 1916, 38 Stat 535, 16 U.S.C. 1, et seq., requires that the NPS preserve national parks for the use and enjoyment of present and future generations. This collection will provide park managers and NPS partners with information about the values U.S. residents place on the Grand Canyon of the Colorado River riparian resource, and on alternative flow release scenarios from Glen Canyon Dam designed to protect canyon flora and fauna. The final survey will provide information for the economic analysis of the alternative management and operation protocols for Glen Canyon Dam. The economic analysis provides one piece of information that the Secretary of the Interior will use to evaluate future dam operation plans associated with the current ongoing Glen Canyon DEIS. This notice will cover the development and pretesting of the final survey instrument.

Abstract: The Land and Water Conservation Fund Act of 1965 (LWCF Act) (16 U.S.C. 460/-4 *et seq.*) was enacted to help preserve, develop, and ensure public access to outdoor recreation facilities. The LWCF Act provides funds for and authorizes Federal assistance to the States for planning, acquisition, and development of needed land and water areas and facilities. As used for this information collection, the term "States" includes the 50 States; the Commonwealths of Puerto Rico and the Northern Mariana Islands; the District of Columbia; and the territories of Guam, the U.S. Virgin Islands, and American Samoa.

In accordance with the LWCF Act, we administer the LWCF State Assistance Program, which provides matching grants to States, and through the States to local units of government. The LWCF State Assistance Program gives maximum flexibility and responsibility to the States. States establish their own priorities and criteria and award their grant money through a competitive selection process based on a Statewide recreation plan.

The information collection requirements associated with the LWCF State Assistance Program are currently

approved under five OMB control numbers, all of which expire on October 31, 2013. During our review for this renewal, we identified some other existing collection requirements that have not been approved by OMB. In this revision of 1024-0031, we are including all of the information collection requirements for the LWCF State Assistance Program. If OMB approves this revision, we will discontinue OMB Control Numbers 1024-0032, 1024-0033, 1024-0034, and 1024-0047. The information collection requirements for the LWCF State Assistance Program are discussed in detail in our **Federal Register** notice, February 22, 2013 (78 FR 12349) and the Land and Water Conservation Fund State Assistance Program Federal Financial Assistance Manual, available online at <http://www.nps.gov/ncrc/programs/lwcf/manual/lwcf.pdf>.

Comments: On February 22, 2013, we published in the **Federal Register** (78 FR 12349) a notice of our intent to request that OMB approve this information collection. In that notice, we solicited comments for 60 days, ending on April 23, 2013. We did not receive any comments.

We again invite comments concerning this information collection on:

- Whether or not the collection of information is necessary, including whether or not the information will have practical utility;
- The accuracy of our estimate of the burden for this collection of information;
- Ways to enhance the quality, utility, and clarity of the information to be collected; and
- Ways to minimize the burden of the collection of information on respondents.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask OMB in your comment to withhold your personal identifying information from public review, we cannot guarantee that it will be done.
