Wooden Bedroom Furniture From the People's Republic of China: Partial Rescission of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce

DATES: Effective October 2, 2013.

FOR FURTHER INFORMATION CONTACT:

Jeffrey Pedersen or Patrick O'Connor, AD/CVD Operations, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, telephone: (202) 482-2769 or (202) 482-0989, respectively.

SUPPLEMENTARY INFORMATION:

Background

On January 4, 2005, the Department of Commerce (Department) published in the **Federal Register** the antidumping duty order on wooden bedroom furniture from the People's Republic of China (PRC).¹ On January 3, 2013, the Department published a notice of opportunity to request an administrative review of the wooden bedroom furniture order.²

The Department received multiple timely requests for an administrative review of the wooden bedroom furniture order and on February 28, 2013, in accordance with section 751(a) of Tariff Act of 1930, as amended (the Act), published in the **Federal Register** a notice of the initiation of an administrative review of that order.³ The administrative review was initiated

with respect to 200 companies or groups of companies, and covers the period from January 1, 2012, through December 31, 2012. While there are a number of companies which remain under review, certain parties have timely withdrawn all review requests for a number of other companies, as discussed below.

Rescission of Review, in Part

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if the party that requested the review withdraws its request within 90 days of the date of publication of the notice of initiation of the requested review. All requesting parties withdrew their respective requests for an administrative review of the entities listed in Appendix I, within 90 days of the date of publication of the *Initiation Notice*. The entities listed in Appendix I had a separate rate granted in the most recently completed segment of this proceeding in which they were under review. Accordingly, the Department is rescinding this review, in part, with respect to these entities, in accordance with 19 CFR 351.213(d)(1).⁴

Companies That Have Not Demonstrated Eligibility for a Separate Rate

In addition to the companies noted above, all review requests were timely withdrawn for other companies that are currently under review that either do not have a separate rate because they have never been reviewed or did not demonstrate eligibility for a separate rate in the most recently completed segment of this proceeding in which they were under review. Therefore, these companies will continue to be subject to the PRC-wide entity rate. While the requests for review of those companies were withdrawn by all parties, those withdrawn companies are part of the PRC-wide entity which could come under review in this segment of the proceeding. If the PRC-wide entity comes under review we will make a determination with respect to the PRC-wide entity at the final results. A complete list of these entities without separate rates is contained in Appendix II.

Assessment

For the entities in Appendix I for which the Department has rescinded this review and which had a separate rate granted in the most recently completed segment of this proceeding in which they were under review, the Department intends to issue appropriate

assessment instructions directly to U.S. Customs and Border Protection 15 days after the publication of this notice in the **Federal Register**. For these entities, antidumping duties shall be assessed on period of review entries at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i).

For the entities in Appendix II, which are part of the PRC-wide entity during the instant review period (*i.e.*, have not established their eligibility for a separate rate), the Department will issue assessment instructions 15 days after publication of the final results of this review.

Notification to Importers

This notice serves as a final reminder to importers whose entries will be liquidated as a result of this rescission notice, of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's assumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Orders (APOs)

This notice also serves as a reminder to parties subject to APOs of their responsibility concerning the return or destruction of proprietary information disclosed under an APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with section 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

Dated: September 25, 2013.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Appendix I

The following companies, which were named in our *Initiation Notice*, had a separate rate granted in the most recently completed segment of this proceeding in which they were under review. Subsequently, interested parties timely

Silicomanganese From India, Kazakhstan, and Venezuela: Continuation of Antidumping Duty Orders

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce (the “Department”) and the International Trade Commission (the “ITC”) that revocation of the antidumping duty orders on silicomanganese from India, Kazakhstan, and Venezuela would likely lead to a continuation or

recurrence of dumping and material injury to an industry in the United States, the Department is publishing a notice of continuation of the antidumping duty order.

DATES: *Effective Date:* October 2, 2013.

FOR FURTHER INFORMATION CONTACT: Sean Carey, AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone (202) 482–3964.

SUPPLEMENTARY INFORMATION:

Background

On October 1, 2012, the Department initiated a sunset review of the antidumping duty orders on silicomanganese from India, Kazakhstan, and Venezuela, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the “Act”).¹ As a result of its review, the Department determined that revocation of the antidumping duty orders on silicomanganese from India, Kazakhstan, and Venezuela would likely lead to a continuation or recurrence of dumping and, therefore, notified the ITC of the magnitude of the margins likely to prevail should the order be revoked.² On September 24, 2013, the ITC published its determination, pursuant to section 751(c) of the Act, that revocation of the antidumping duty orders on silicomanganese from India, Kazakhstan, and Venezuela would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.³

Scope of the Orders

For purposes of these orders, the products covered are all forms, sizes and compositions of silicomanganese, except low-carbon silicomanganese, including silicomanganese briquettes, fines and slag. Silicomanganese is a ferroalloy composed principally of manganese, silicon and iron, and normally contains much smaller proportions of minor elements, such as carbon, phosphorous and sulfur. Silicomanganese is sometimes referred to as ferrosilicon manganese.

Silicomanganese is used primarily in steel production as a source of both silicon and manganese.

Silicomanganese generally contains by weight not less than 4 percent iron, more than 30 percent manganese, more than 8 percent silicon and not more than 3 percent phosphorous. Silicomanganese is properly classifiable under subheading 7202.30.0000 of the Harmonized Tariff Schedule of the United States (HTSUS). Some silicomanganese may also be classified under HTSUS subheading 7202.99.5040.

The low-carbon silicomanganese excluded from this scope is a ferroalloy with the following chemical specifications: Minimum 55 percent manganese, minimum 27 percent silicon, minimum 4 percent iron, maximum 0.10 percent phosphorus, maximum 0.10 percent carbon and maximum 0.05 percent sulfur. Low-carbon silicomanganese is used in the manufacture of stainless steel and special carbon steel grades, such as motor lamination grade steel, requiring a very low carbon content. It is sometimes referred to as ferromanganese-silicon. Low-carbon silicomanganese is classifiable under HTSUS subheading 7202.99.5040.

This scope covers all silicomanganese, regardless of its tariff classification. Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope remains dispositive.

Continuation of the Order

As a result of the determinations by the Department and the ITC that revocation of the antidumping duty orders would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping orders on silicomanganese from India, Kazakhstan, and Venezuela. U.S. Customs and Border Protection will continue to collect antidumping duty cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the order will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next five-year review of the order not later than 30 days prior to the fifth anniversary of the effective date of continuation.

This five-year (“sunset”) review and this notice are in accordance with
