• *Nonaffiliated EMS Organizations Vehicle Priorities.* They are eligible for Vehicle Acquisition Activities that are

not specific or unique to structural/proximity firefighting.

EMS VEHICLE ACQUISITION PROGRAM PRIORITIES

Priority	Vehicle type
H	Ambulances or transport units to support EMS functions (capped at \$150,000).
M	Non-transport (vehicles that do not transport a patient).

(iii) Additional Considerations

- Automatic aid agreements, mutual aid agreements, or both
- Replacement of vehicles with open cab/jump seat configurations
- Age of the vehicle being replaced; older equipment receive higher consideration
- Age of the newest vehicle in the department's fleet that is similar to the vehicle to be replaced
- Average age of the fleet; older equipment within the same class
- Converted vehicles not designed or intended for use in the fire service

(4) Administrative Costs

Panelists will assess the administrative costs requested in each application and determine whether the request is reasonable and in the best interest of the Program.

Dated: October 24, 2013.

SUPPLEMENTARY INFORMATION:

I. Public Participation

Instructions: All submissions received must include the agency name and docket ID. Regardless of the method used for submitting comments or material, all submissions will be posted, without change, to the Federal eRulemaking Portal at <http://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to read the Privacy Act notice, which can be viewed by clicking on the "Privacy Notice" link in the footer of www.regulations.gov.

You may submit your comments and material by the methods specified in the **ADDRESSES** section above. Please submit your comments and any supporting material by only one means to avoid the receipt and review of duplicate submissions.

Docket: The proposed policy is available in docket ID FEMA-2013-0044. For access to the docket to read background documents or comments received, go to the Federal eRulemaking Portal at <http://www.regulations.gov> and search for the docket ID. Submitted comments may also be inspected at FEMA, Office of Chief Counsel, 8NE, 500 C Street SW., Washington, DC 20472.

II. Background

This is an existing policy that is scheduled for review to ensure that Recovery Directorate policies are consistent with current laws and regulations. The proposed policy establishes the criteria by which applicants will be credited for volunteer labor, donated equipment and donated materials used in the performance of eligible emergency work (Categories A and B). A proposed change to the policy will allow the value of mass care and sheltering activities provided by a voluntary agency to be applied to the non-Federal share as a donated resource even when those activities are part of the organization's mission. The proposed policy does not have the force or effect of law.

FEMA seeks comment on the proposed policy, which is available online at <http://www.regulations.gov> in docket ID FEMA-2013-0044. Based on the comments received, FEMA may make appropriate revisions to the proposed policy. Although FEMA will consider any comments received in the drafting of the final policy, FEMA will not provide a response to comments.

When or if FEMA issues a final policy, FEMA will publish a notice of availability in the **Federal Register** and make the final policy available at <http://www.regulations.gov>. The final policy will not have the force or effect of law.

Technical Mapping Advisory Council

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Committee Management; Request for Applicants for Appointment to the Federal Emergency Management Agency's Technical Mapping Advisory Council.

SUMMARY: The Federal Emergency Management Agency (FEMA) is requesting qualified individuals interested in serving on the Technical Mapping Advisory Council (TMAC) to apply for appointment. As provided for in the Biggert-Waters Flood Insurance Reform Act of 2012, the TMAC makes recommendations to the FEMA Administrator on how to improve, in a cost-effective manner, the accuracy, general quality, ease of use, and distribution and dissemination of flood insurance rate maps (FIRMs) and risk data; and performance metrics and milestones required to effectively and efficiently map flood risk areas in the United States.

DATES: Applications will be accepted until December 2, 2013.

ADDRESSES: Applications for membership should be submitted by one of the following methods:

- **Email:** FEMA-TMAC@fema.dhs.gov.
- **Mail:** FEMA, Federal Insurance and Mitigation Administration, Risk

Analysis Division, Attn: Michael Godesky or Mark Crowell, 1800 South Bell Street, Arlington, VA 20598-3035.

FOR FURTHER INFORMATION CONTACT: Michael Godesky, 1800 South Bell Street, Arlington, Virginia 20598-3035, email: FEMA-TMAC@fema.dhs.gov, phone: 202.646.2752.

SUPPLEMENTARY INFORMATION: The TMAC is an advisory committee that was established by the Biggert-Waters Flood Insurance Reform Act of 2012, 42 U.S.C. 4101a, and in accordance with the provisions of the Federal Advisory Committee Act (FACA), 5 U.S.C. App. (Pub. L. 92-463). The TMAC is required to recommend to the Administrator: (1) Mapping standards and guidelines for FIRMs and data accuracy, data quality, data currency, and data eligibility; (2) how to maintain, on an ongoing basis, FIRMs and flood insurance identification; and (3) procedures for delegating mapping activities to State and local mapping partners. The TMAC is also required to recommend to the Administrator, and other Federal agencies participating on the Council, methods for improving interagency and intergovernmental coordination on flood mapping and flood risk determination, and a funding strategy to leverage and coordinate budgets and expenditures across Federal agencies. In consultation with scientists and technical experts, other Federal agencies, and local communities, the TMAC will develop recommendations on how to ensure that FIRMs incorporate the best available climate science to assess flood risks and ensure that FEMA uses the best available methodology to consider the impact of the rise in sea level and future development on flood risk. Members of the TMAC will be appointed based on their demonstrated knowledge and competence regarding surveying, cartography, remote sensing, geographic information systems, or the technical aspects of preparing and using FIRMs. To the maximum extent practicable, FEMA will ensure that membership of the TMAC has a balance of Federal, State, local, Tribal, and private members, and includes geographic diversity, including representation from areas with coastline on the Gulf of Mexico and other States containing areas identified by the Administrator as at high risk for flooding or as areas having special flood hazards.

FEMA is requesting qualified individuals who are interested in serving on the TMAC to apply for appointment. Certain members of the TMAC, as described below, will be appointed and serve as Special Government Employees (SGE) as defined in section 202(a) of title 18 United States Code. Candidates selected for appointment as SGEs are required to complete a Confidential Financial Disclosure Form (Office of Government Ethics (OGE) Form 450). This form can be obtained by visiting the Web site of
