SUPPLEMENTARY INFORMATION: This ICR seeks continued PRA authorization for Job Corps application data collected on three forms (ETA–652, Job Corps Data Sheet; ETA–655, Statement from Court or Other Agency; and ETA–682, Child Care Certification) used for screening and enrollment purposes to determine eligibility for the Job Corps program in accordance with Workforce Investment Act requirements. The information collected concerns economic criteria and past behavior as well as information needed to certify an applicant's arrangements for care of dependent children while the applicant is in the Job Corps.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1225–0025.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on November 30, 2013. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on June 18, 2013 (78 FR 36599).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within 30 days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205–0225. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authorization for the ETA to collect actual unemployment insurance administrative cost data from States' accounting records and projected expenditures for upcoming years. ETA regional office data review and validation is also an important RJM component. Social Security Act sections 303(a)(1) and (6), 42 U.S.C. 503(a)(1) and (6), authorize this information collection.
