Final Results of Review

We have made no changes to the preliminary results. Our review of the information submitted by Metinvest Holding and its affiliated companies, Azovstal and Ilyich, indicates that the companies have adhered to the terms of the Agreement and that the Agreement is functioning as intended. See *Preliminary Results*.

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation. We are issuing and publishing this determination and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Solid Urea From the Russian Federation: Final Results of Antidumping Duty Administrative Review; 2011-2012

AGENCY: Enforcement and Compliance (formerly Import Administration), International Trade Administration, Department of Commerce.

SUMMARY: On August 1, 2013, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on solid urea from the Russian Federation (Russia). For the final results, we continue to find that MCC EuroChem

has not sold subject merchandise at less than normal value.

DATES: *Effective Date:* November 12, 2013.

FOR FURTHER INFORMATION CONTACT: Bryan Hansen or Minoo Hatten, AD/CVD Operations, Office I, Enforcement and Compliance (E&C), International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-3683, and (202) 482-1690, respectively.

SUPPLEMENTARY INFORMATION:

Background

On August 1, 2013, the Department published the preliminary results of the administrative review of the antidumping duty order on solid urea from Russia.¹ We invited interested parties to comment on the *Preliminary Results*. We received no comments.

The Department conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise subject to the order is solid urea, a high-nitrogen content fertilizer which is produced by reacting ammonia with carbon dioxide. The product is currently classified under the Harmonized Tariff Schedules of the United States (HTSUS) item number 3102.10.00.00. Previously such merchandise was classified under item number 480.3000 of the Tariff Schedules of the United States. Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the merchandise subject to the order is dispositive.

Verification

As provided in section 782(i)(3) of the Act, during August 2013, the Department conducted a verification of the sales information reported by MCC EuroChem in Russia.²

Final Results of the Review

The Department made no changes to its calculations announced in the *Preliminary Results*. As a result of our review, we determine that a weighted-average dumping margin of 0.00 percent exists for MCC EuroChem for the period July 1, 2011, through June 30, 2012.

² See Memorandum to the File entitled "Solid Urea from the Russian Federation: Verification Report for MCC EuroChem's Sales" dated August 30, 2013.

Assessment Rates

In accordance with 19 CFR 351.212 and the *Final Modification*,³ the Department will instruct U.S. Customs and Border Protection (CBP) to liquidate entries for MCC EuroChem without regard to antidumping duties.

The Department clarified its "automatic assessment" regulation on May 6, 2003.⁴ This clarification will apply to entries of subject merchandise during the period of review produced by MCC EuroChem for which it did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

We intend to issue instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of solid urea from Russia entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for MCC EuroChem will be 0.00 percent, the weighted average dumping margin established in the final results of this administrative review; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the manufacturer is, the cash deposit rate will be the rate established for the manufacturer of the merchandise for the most recently completed segment of this proceeding; (4) the cash deposit rate for all other manufacturers or exporters will continue to be 64.93 percent, the all-others rate established in the original less-than-fair-value (LTFV) investigation.⁵ The rate established in

the LTFV investigation for the Soviet Union was applied to each new independent state, including Russia. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

The Department is issuing and publishing these final results of administrative review in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h).

Habitat Conservation Plan for the United Water Conservation District, Santa Clara River Watershed, Ventura County, California

AGENCY: National Marine Fisheries Service, National Oceanic and Atmospheric Administration (NOAA), Commerce; Fish and Wildlife Service, Interior.

ACTION: Notice of intent to prepare an environmental impact statement (EIS) and notice of public scoping meetings.

SUMMARY: We, the National Marine Fisheries Service and Fish and Wildlife Service (Services), in cooperation with the Army Corps of Engineers, intend to prepare an EIS under the National Environmental Policy Act (NEPA) regarding expected applications from the United Water Conservation District (United) for incidental take permits under the Federal Endangered Species Act of 1973, as amended (ESA). The EIS will analyze the environmental effects of the Services' proposed issuance of incidental take permits for United's construction, operations, and maintenance of water management facilities within the lower Santa Clara River watershed, Ventura County, California. The Services also provide this notice to announce a public scoping period, during which we invite other agencies, Tribes, and the public to submit written comments providing suggestions and information on issues and alternatives to include in the EIS.

DATES: To ensure consideration of any written comments, please submit them by January 13, 2014. Public meetings will be held on December 12, 2013, from 1 p.m. to 3 p.m. and 6 p.m. to 8 p.m.

ADDRESSES: The public meetings will be held at Courtyard by Marriott, 600 East Esplanade Drive, Oxnard, CA 93036. To request further information or submit information related to preparation of the EIS, please use one of the following methods:

1. *U.S. Mail:* You may mail written information and comments to: Darren Brumback, National Marine Fisheries Service, Southwest Regional Office, 501 West Ocean Blvd., Suite 4200, Long Beach, CA 90802; or David Simmons,

Ventura Fish and Wildlife Office, 2493 Portola Rd, Suite B, Ventura, CA 93003.

2. *In-Person Drop-off:* You may hand-deliver written information and comments to either U.S. mail address above.

3. *Email:* You may submit information and comments by electronic mail to: unitedwaterhcbp@noaa.gov. If submitting an electronic mail attachment, please use one of these document formats: Adobe portable document format (.pdf), Microsoft Word (.doc, .docx), rich text file (.rtf), ASCII or Unicode plaintext (.txt), Microsoft Excel (.xls, .xlsx), Word Perfect (.wpd), or Microsoft Works (.wps).

FOR FURTHER INFORMATION CONTACT:

Darren Brumback, by mail at the address above or by telephone at 562-980-4060; or David Simmons, by mail at the address above or by telephone at 805-644-1766. If you use a telecommunications device for the deaf, please call the Federal Information Relay Service at 800-877-8339 or visit Federal Relay at <http://www.federalrelay.us/>.

Information regarding this proposed action is available in alternative formats upon request.

SUPPLEMENTARY INFORMATION: The Services publish this notice under the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321 *et seq.*), and its implementing regulations in the Code of Federal Regulations at 40 CFR 1506.6, and pursuant to section 10(c) of the ESA. We intend to prepare a draft EIS to evaluate the impacts of several alternatives related to the potential issuance of incidental take permits to United, as well as impacts of the implementation of the supporting proposed Multiple Species Habitat Conservation Plan (HCP). The permits would authorize the incidental take of threatened and endangered species that could occur as a result of United's current and future water management activities. United intends to request a 50-year permit covering five species federally listed as threatened or endangered and six species that are not federally listed but may become listed during the term of the permit.

For preparation of the EIS under NEPA, the Services will serve as co-lead Federal agencies, and the Corps will serve as a cooperating agency. The primary purpose of the scoping process is for the public and other agencies to assist in developing the EIS by identifying important issues and alternatives related to the HCP and the Services' proposed action (issuance of incidental take permits). As a cooperating agency, the Corps will assist
