Proposed Issuance of the NPDES General Permit for Oil and Gas Geotechnical Surveying and Related Activities in Federal Waters of the Beaufort and Chukchi Seas

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed issuance of general permit.

SUMMARY: EPA Region 10 proposes to issue a National Pollutant Discharge Elimination System (NPDES) General Permit for Oil and Gas Geotechnical Surveying and Related Activities in Federal Waters of the Beaufort and Chukchi Seas (Permit No. AKG-28-4300). As proposed, the Geotechnical General Permit authorizes twelve types of discharges from facilities engaged in oil and gas geotechnical surveys to evaluate the subsurface characteristics of the seafloor and related activities in federal waters of the Beaufort and Chukchi Seas. Geotechnical borings are collected to assess the structural properties of subsurface soil conditions for potential placement of oil and gas installations, which may include production and drilling platforms, ice islands, anchor structures for floating

exploration drilling vessels, and potential buried pipeline corridors. Geotechnical surveys result in a disturbance of the seafloor and produce discharges consisting of soil, rock and cuttings materials, in addition to facility-specific waste streams authorized under this general permit. Geotechnical related activities also result in a disturbance of the seafloor and produce similar discharges. These activities may include feasibility testing of equipment that disturbs the seafloor, and testing and evaluation of trenching technologies.

DATES: *Comments.* The public comment period for the draft Geotechnical General Permit will be from the date of publication of this Notice until January 27, 2014. Comments must be received or post-marked by no later than midnight Pacific Standard Time on January 27, 2014.

Public Hearings. EPA will hold public hearings on January 8, 2014, in Barrow, Alaska, at the Inupiat Heritage Center and via teleconference on January 10, 2014. The teleconference hearing will begin at 4:00 p.m. (Alaska Standard Time) and will continue until all testimony is heard or 7:00 p.m., whichever is earlier.

See **SUPPLEMENTARY INFORMATION** for additional information.
