States continue to have the flexibility to use whatever format is suitable to provide the statutory information required, and burden estimates for this information collection are not changed.

Respondents: There are 56 respondents, including 50 State Transportation Departments, the District of Columbia, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, the Territories of Guam, the Virgin Islands and American Samoa.

Frequency: On an on-going basis as project agreements are written.

Estimated Average Annual Burden per Response: There is an average of 400 annual agreements per respondent. Each agreement requires 1 hour to complete.

SUPPLEMENTARY INFORMATION:

Background

On November 5, 2013 (78 FR 66420), FMCSA published a notice in the **Federal Register** requesting comments on proposed enhancements to the display of information on the Agency’s SMS public Web site. FMCSA first announced the implementation of the SMS in April 2010 and announced further improvements to the SMS in

March 2012 and August 2012.

Consistent with its prior announcements, the Agency announced proposed changes to the design of the SMS public Web site that are the direct result of feedback from stakeholders regarding the information displayed. The Agency provided a 60-day comment period for the notice with a deadline of January 6, 2014, for the submission of comments.

On December 6, 2013, Advocates requested a 60-day extension of the comment period for the November 5, notice. Advocates stated that “review of the topic requires considerable experience with the use of the Compliance, Safety and Accountability (CSA) Web site and the SMS data in order to evaluate the display of information, assess the changes and formulate a clear understanding the changes may have on public access and comprehension of the [Web site] information.”

The FMCSA has determined that a 15-day extension of the comment period is appropriate while a longer extension, as requested by Advocates, is unnecessary given the original 60-day comment period and the three educational webinars the Agency conducted on November 18, 21, and 22. The series of webinars were announced in the November 5, 2013, notice.

In consideration of the above, FMCSA extends the deadline for submission of public comments from January 6 to January 21, 2014.

Issued on: December 11, 2013.

Larry W. Minor,

Associate Administrator for Policy.
