Amendments to National Flood Insurance Program Maps.

Abstract: FEMA collects scientific and technical data submissions to determine whether a specific, single-lot property is located within or outside of a SFHA. If the property is determined not to be within a SFHA, FEMA provides a written determination and the appropriate map is modified by a Letter of Map Amendment (LOMA) or a Letter of Map Revision—Based on Fill (LOMR-F). The owner or lessee of a property uses a LOMA or LOMR-F to show that a property is not flood prone, making it possible for the lending institution to waive the flood insurance requirement. If insurance is carried for the property, the new determination should result in significantly lower rates.

*Affected Public:* Individuals and households; and business or other forprofit institutes.

Number of Respondents: 97,503. Number of Responses: 97,503. Estimated Total Annual Burden Hours: 150,725.

*Estimated Cost:* The property owner is required to hire a surveyor or engineer at an average cost of \$450 to provide certified elevation data. Therefore the total annual cost burden to respondents is estimated to be \$47,465,100.

#### Comments

Comments may be submitted as indicated in the ADDRESSES caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Dated: December 11, 2013.

## Federal Emergency Management Agency

[Docket ID FEMA-2013-0002]; [Internal Agency Docket No. FEMA-B-1352]

# Proposed Flood Hazard Determinations

**AGENCY:** Federal Emergency Management Agency, DHS. **ACTION:** Notice.

SUMMARY: Comments are requested on proposed flood hazard determinations, which may include additions or modifications of any Base Flood Elevation (BFE), base flood depth, Special Flood Hazard Area (SFHA) boundary or zone designation, or regulatory floodway on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the preliminary FIRM, and where applicable, the FIS report that the Federal Emergency Management Agency (FEMA) has provided to the affected communities. The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, the FIRM and FIS report, once effective, will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents of those buildings.

**DATES:** Comments are to be submitted on or before March 24, 2014.

**ADDRESSES:** The Preliminary FIRM, and where applicable, the FIS report for each community are available for inspection at both the online location and the respective Community Map Repository address listed in the tables below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at *www.msc.fema.gov* for comparison.

You may submit comments, identified by Docket No. FEMA–B–1352, to Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, FEMA, 500 C Street SW., Washington, DC 20472, (202) 646–4064, or (email) Luis.Rodriguez3@fema.dhs.gov.

#### FOR FURTHER INFORMATION CONTACT: Luis

Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, FEMA, 500 C Street SW., Washington, DC 20472, (202) 646–4064, or (email) *Luis.Rodriguez3@fema.dhs.gov;* or visit the FEMA Map Information eXchange (FMIX) online at *www.floodmaps.fema.gov/fhm/fmx\_* 

main.html.

**SUPPLEMENTARY INFORMATION:** FEMA proposes to make flood hazard determinations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after the FIRM and FIS report become effective.

The communities affected by the flood hazard determinations are provided in the tables below. Any request for reconsideration of the revised flood hazard information shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations also will be considered before the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP only may be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at http://floodsrp.org/pdfs/srp\_ fact sheet.pdf.

The watersheds and/or communities affected are listed in the tables below. The Preliminary FIRM, and where applicable, FIS report for each community are available for inspection at both the online location and the respective Community Map Repository address listed in the tables. Additionally, the current effective FIRM and FIS report for each community are

accessible online through the FEMA Map Service Center at www.msc.fema.gov for comparison.

#### **Transportation Security Administration**

## Extension of Agency Information Collection Activity Under OMB Review: Pipeline System Operator Security Information

**AGENCY:** Transportation Security Administration, DHS.

ACTION: 30-Day notice.

SUMMARY: This notice announces that the Transportation Security Administration (TSA) has forwarded the Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0055, abstracted below to OMB for review and approval of an extension of the currently approved collection under the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. TSA published a Federal **Register** notice, with a 60-day comment period soliciting comments, of the following collection of information on August 16, 2013, 78 FR 50077. Specifically, the collection involves the submission of contact information for a pipeline company's primary and alternate security manager and the telephone number of the security operations or control center, as well as data concerning pipeline security incidents.

**DATES:** Send your comments by January 22, 2014. A comment to OMB is most effective if OMB receives it within 30 days of publication.

**ADDRESSES:** Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, OMB. Comments should be addressed to Desk Officer, Department of Homeland Security/TSA, and sent via electronic mail to *oira\_submission*@

*omb.eop.gov* or faxed to (202) 395–6974.

# FOR FURTHER INFORMATION CONTACT:

Joanna Johnson, TSA PRA Officer, Office of Information Technology (OIT), TSA–11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598–6011; telephone (571) 227–3651; email *TSAPRA*@ *dhs.gov.* 

# SUPPLEMENTARY INFORMATION:

# **Comments Invited**

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at *http://www.reginfo.gov*. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

#### **Information Collection Requirement**

*Title:* Pipeline System Operator Security Information.

Type of Request: Extension of a currently approved collection. OMB Control Number: 1652–0055. Forms(s): NA.

*Affected Public:* Pipeline system operators.

*Abstract:* OMB Control Number 1652– 0055; Pipeline Operator Security Information. Under the Aviation and Transportation Security Act (ATSA) (Pub. L. 107–71, 115 Stat. 597 (November 19, 2001)) and delegated authority from the Secretary of Homeland Security, TSA has broad responsibility and authority for "security in all modes of transportation \* \* \* including security

responsibilities \* \* \* over modes of transportation that are exercised by the Department of Transportation." As the lead Federal agency for pipeline security, it is important for TSA to have contact information for company security managers and knowledge of security incidents and suspicious activity within the mode. This issue was addressed in the TSA Pipeline Security Guidelines developed in consultation with TSA's Federal partners and relevant industry stakeholders. Additionally, to facilitate the exchange of security information in a timely fashion, contact data is necessary for pipeline operators' security operations or control centers.

Number of Respondents: 3340. Estimated Annual Burden Hours: An estimated 845 hours annually.

Dated: December 17, 2013.

#### **U.S. Customs and Border Protection**

### Agency Information Collection Activities: Documents Required Aboard Private Aircraft

**AGENCY:** U.S. Customs and Border Protection (CBP), Department of Homeland Security **ACTION:** 60-Day Notice and request for comments; Extension of an existing collection of information: 1651–0058.

**SUMMARY:** As part of its continuing effort to reduce paperwork and respondent burden, CBP invites the general public and other Federal agencies to comment on an information collection requirement concerning the Documents Required Aboard Private Aircraft. This request for comment is being made pursuant to the Paperwork Reduction Act of 1995 (Pub. L. 104–13; 44 U.S.C. 3507).

**DATES:** Written comments should be received on or before February 21, 2014, to be assured of consideration.

**ADDRESSES:** Direct all written comments to U.S. Customs and Border Protection, Attn: Tracey Denning, Regulations and
