A. Purpose

The Federal Funding Accountability and Transparency Act (Pub. L. 109–282, as amended by section 6202(a) of P.L. 110–252), known as FFATA or the Transparency Act requires information disclosure of entities receiving Federal financial assistance through Federal awards such as Federal contracts, sub-contracts, grants and sub-grants, FFATA 2(a), (2), (i), (ii). Beginning October 1, 2010, the currently approved Paperwork Reduction Act submission directed compliance with the Transparency Act to report prime and first-tier sub-award data. This information collection requires reporting of only the information enumerated under the Transparency Act.

SUPPLEMENTARY INFORMATION:

A. Purpose

The Federal Funding Accountability and Transparency Act (Pub. L. 109–282, as amended by section 6202(a) of P.L. 110–252), known as FFATA or the Transparency Act, requires information disclosure of entities receiving Federal financial assistance through Federal awards such as Federal contracts, subcontracts, grants and sub-grants, FFATA 2(a),(2),(i),(ii). The system that collects this information is called the FFATA

Sub-award Reporting System (FSRS, www.fsrs.gov). This information collection requires information necessary for prime awardee registration in FSRS to create a user log-in and enable sub-award reporting for their entity. To register in FSRS for a user log-in, an entity is required to provide their Data Universal Numbering System (DUNS) number. FSRS then pulls core data about the entity from their System for Award Management (SAM) registration to include the legal business name, physical address, mailing address and Commercial and Government Entity (CAGE) code. The entity completes the FSRS registration by providing contact information within the entity for approval.

If a prime awardee has already registered in FSRS to report contracts-related Transparency Act financial data, a new log-in will not be required. In addition, if a prime awardee had a user account in the Electronic Subcontract Reporting System (eSRS), a new log-in will not be required.

B. Public Comments

Public comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the FSRS Registration Requirements for Prime Grant Awardees, whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.
