

using the procedures specified in 225.7703–1(a).

- 252.225–7045 and 252.225–7046 are prescribed for use at 225.7503, unless the entire acquisition is exempt from the Balance of Payments program. The policy at 225.7501(a)(5) exempts acquisitions when use of a procedure specified in 225.7703–1(a) is authorized for an acquisition in support of operations in Afghanistan.

B. Other Changes

Section 225.1101(6)(i) is being revised to correct the electronic Code of Federal Regulations. In the prescription for clause 252.225–7021, the phrase “instead of the clause at FAR 52.225–5, Trade Agreements,” which had been inadvertently omitted, is reinstated.

III. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

IV. Regulatory Flexibility Act

A final regulatory flexibility analysis has been prepared consistent with the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, and is summarized as follows:

This rule implements sections 826 and 842 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112–239). The objective of the rule is to (1) require compliance with domestic source restrictions in the case of any textile components supplied by DoD to the Afghan National Army or the Afghan National Police for purposes of production of uniforms, and (2) eliminate the application of the enhanced authority to acquire products and services from Iraq. The legal basis is the above-cited statutes.

The number of small entities to be affected by the rule is not known. The rule has the potential to impact entities that manufacture textile components, if purchased by DoD to supply to the Afghan National Army or the Afghan National Police for purposes of

production of uniforms. Any impact is expected to be beneficial, because it will require purchase from a domestic source.

No comments were received from the public on the Regulatory Flexibility analysis. No comments were received from the Chief Counsel for Advocacy of the Small Business Administration.

There are no projected reporting, recordkeeping, or other compliance requirements.

DoD was unable to identify any significant alternatives consistent with the stated objectives of the statute. DoD does not anticipate any significant economic impact on small entities. Any impact is expected to be beneficial.

V. Paperwork Reduction Act

The rule contains information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35); however, these changes to the DFARS do not impose additional information collection requirements to the paperwork burden previously approved under OMB Control Number 0704–0229, entitled Defense Federal Acquisition Regulation Supplement; Part 225 and Related Clauses (Total approved burden hours—57,135).

Government procurement.

Manuel Quinones,

Editor, Defense Acquisition Regulations System.

Therefore, DoD amends 48 CFR parts 206, 212, 225, and 252 as follows:

PART 225—FOREIGN ACQUISITION

■ 1. The authority citation for part 225 continues to read as follows:

Authority: 41 U.S.C. 1303 and 48 CFR Chapter 1.

225.1101 [Amended]

■ 2. Section 225.1101(6)(i) is amended by removing “Use the clause at 252.225–7021, Trade Agreements, in solicitations and contracts,” and adding in its place “Use the clause at 252.225–7021, Trade Agreements, instead of the clause at FAR 52.225–5, Trade Agreements, in solicitations and contracts,”.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 660

[Docket No. 130822744–4144–02]

RIN 0648–BD63

Fisheries Off West Coast States; Coastal Pelagic Species Fisheries; Change to Start of Pacific Sardine Fishing Year

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule.

SUMMARY: NMFS issues this final rule to change the starting date of the annual Pacific sardine fishery from January 1 to July 1. This changes the annual fishing season from one based on the calendar year to one based on a July 1 through the following June 30th schedule. No other changes to the annual allocation structure are being made and the existing seasonal allocation percentages will remain as specified in the FMP, as would the current quota roll-over provisions. This rule also establishes a one-time interim harvest allocation period from January 1, 2014 through June 30, 2014 to allow for continued fishing during the transition from a January to July start of the fishing season. The purpose of this final rule is to better align the timing of the research and science that is used in the annual stock assessments with the annual management schedule. To enable this transition in fishing years, this action also establishes a one-time interim harvest period for the 6 months from January 1, 2014, through June 30, 2014.

DATES: Effective March 31, 2014.

FOR FURTHER INFORMATION CONTACT: Joshua Lindsay, West Coast Region, NMFS, (562) 980–4034.

SUPPLEMENTARY INFORMATION: This final rule changes the start date of the 12-month Pacific sardine fishery from January 1 to July 1, thus changing the fishing season for Pacific sardine from one based on the calendar year to one beginning on July 1 and continuing through June 30th of the following year. The purpose of this change is to better align the timing of the research and science used in the annual stock assessments with the annual management schedule, as the present schedule imposes substantial challenges in terms of survey data availability relative to the timing of stock assessments.

Because the 2013 fishing season ended on December 31, 2013, this rule also establishes a one-time interim harvest allocation period from January 1, 2014 through June 30, 2014 to allow for continued fishing during the transition from a January to July start of the fishing season. At the November 2013 Pacific Fishery Management Council (Council) meeting, the Council took action on setting the quota for the January 2014 through June 2014 period. The harvest specifications for this interim allocation period are being implemented through a separate rulemaking action, for which a proposed rule published on February 4, 2014. (79 FR 6527) Although the interim harvest specifications will include an Overfishing Limit (OFL), Acceptable Biological Catch (ABC) and Annual Catch Limit (ACL) for calendar year 2014, those specifications are expected to be replaced based on the new stock assessment and Council action in April 2014.

On December 23, 2013, a proposed rule was published for this action and public comments solicited (78 FR 77413). NMFS received no comments on the proposed rule. For further background about this rule, please refer to the proposed rule.

Classification

Pursuant to section 304(b)(1)(A) of the Magnuson-Stevens Fishery Conservation and Management Act, the Assistant Administrator, NMFS, has

determined that this final rule is consistent with the CPS FMP, other provisions of the Magnuson-Stevens Fishery Conservation and Management Act, and other applicable laws.

This rule has been determined to be not significant for purposes of Executive Order 12866.

The Chief Counsel for Regulation of the Department of Commerce certified to the Chief Counsel for Advocacy of the Small Business Administration during the proposed rule stage that this action would not have a significant economic impact on a substantial number of small entities. The factual basis for the certification was published in the proposed rule and is not repeated here. No comments were received regarding this certification. As a result, a regulatory flexibility analysis was not required and none was prepared.

This action does not contain a collection-of-information requirement for purposes of the Paperwork Reduction Act.

List of Subjects in 50 CFR Part 660

Fisheries, Fishing, Indians.

Dated: February 21, 2014.

Samuel D. Rauch III,
Deputy Assistant Administrator for
Regulatory Programs, National Marine
Fisheries Service.

For the reasons set out in the preamble, NMFS amends 50 CFR part 660 as follows:

PART 660—FISHERIES OFF WEST COAST STATES

■ 1. The authority citation for part 660 continues to read as follows:

Authority: 16 U.S.C. 1801 *et seq.*

■ 2. In § 660.510, paragraph (a) is revised to read as follows:

§ 660.510 Fishing seasons.

* * * * *

(a) *Pacific sardine*. July 1 to June 30, or until closed under § 660.509.

* * * * *

■ 3. In § 660.511, paragraphs (f) through (h) are revised to read as follows:

§ 660.511 Catch restrictions.

* * * * *

(f) On July 1, 40 percent of the initial harvest guideline for Pacific sardine is allocated coastwide within the fishery management area.

(g) On September 15, 25 percent of the initial harvest guideline for Pacific sardine plus the remaining unharvested portion of the July 1 allocation in paragraph (f) of this section is allocated coastwide within the fishery management area.

(h) On January 1, 35 percent of the initial harvest guideline for Pacific sardine plus the remaining unharvested portion of the September 15 allocation is allocated coastwide within the fishery management area.
