

- Streams containing anadromous fish habitat would not be used prior to July 15th; off-source water including water brought in by truck would be used prior to July 15th.

- Drafting for water would not occur in streams that are occupied by steelhead.

- Twenty-five water developments would be reconstructed and associated springs would be protected as needed.

- Two water developments would be removed and their sites restored to a natural state.

- Existing aspen stands identified in the field would be protected and enhanced through conifer thinning and utilization of thinned materials, prescribed fire, and mechanical treatment. Exclosures may be used when thinning and placement of thinned materials to protect aspens stands is not found to provide adequate protection.

- Juniper up to 12" diameter would be mechanically thinned and/or thinned by prescribed fire.

- An approximately 2-acre aspen stand would be enhanced and protected through conifer thinning and utilization of thinned materials, prescribed fire and mechanical treatment. Exclosures may be used when thinning and placement of thinned materials to protect aspens stands is not found to provide adequate protection.

- Bedding/camping areas would be monitored for known *Taeniatherum caput-medusae* (medusahead) populations. Trailing routes onto the allotment would be identified for listed non-native invasive plants.

- Riparian restoration activities would take place where necessary on 4.5 miles of Little McKay Creek and tributaries; activities would include in-stream placement of wood and/or rock structures, filling and connecting floodplains, planting hardwoods, and creating physical barriers (such as wood, rock or fences) to protect hardwoods and improve bank stability, conifer thinning to improve RHCA stand conditions and utilization of thinning materials for in-stream placement and improved bank stability. Wood and physical barrier material may come from on-site.

- An alternative grazing plan would be included to have two total grazing plans that can be alternated.

Possible Alternatives

In addition to the Proposed Action and any alternative that is developed following this scoping effort, the project interdisciplinary team will analyze the effects of:

- No Action alternative: No grazing permits would be reauthorized; cattle would be removed from all allotments within two years.

- Current management alternative: Permits would be reauthorized at current levels; there would be no new water developments, no riparian restoration, and there would be no requirement for permittees to move livestock out of sensitive areas, except as required by current permits.

Responsible Official

The responsible official will be District Ranger, Lookout Mountain Ranger District, Ochoco National Forest, 3160 NE Third Street, Prineville, Oregon 97754.

Nature of Decision To Be Made

Given the purpose and need, the deciding official will review the proposed action, the other alternatives, and the environmental consequences in order to make the following decisions:

- Whether and under what circumstances grazing will be reauthorized in the Bear Creek, Elkhorn, Snowshoe, and Trout Creek allotments.

- Whether and under what circumstances range improvements will be constructed.

- Whether and under what circumstances riparian restoration activities will be implemented.

Preliminary Issues

Preliminary issues identified include the potential effect of the proposed action on livestock grazing, heritage resources, fisheries, water quality, sensitive plants, and on the introduction and/or spread of invasive plants, as well as the cumulative effects of the proposed action where the effects of associated activities overlap with the effects of other management activities.

Scoping Process

Public comments about this proposal are requested in order to assist in identifying issues, determining how to best manage the resources, and focusing the analysis. Comments received to this notice, including names and addresses of those who comment, will be part of the public record for this proposed action. Comments submitted anonymously will be accepted and considered; however, anonymous comments will not provide the Agency with the ability to provide the respondent with subsequent environmental documents.

Dated: February 21, 2014.

Slater R. Turner,
District Ranger.

Bureau of Economic Analysis

[Docket No. 140205104-4104-01]

BE-15: Annual Survey of Foreign Direct Investment in the United States

AGENCY: Bureau of Economic Analysis, Commerce.

ACTION: Notice of Reporting Requirements.

SUMMARY: By this Notice, the Bureau of Economic Analysis (BEA), Department of Commerce, is informing the public that it is conducting the mandatory survey titled BE-15, Annual Survey of Foreign Direct Investment in the United States. This survey is authorized by the International Investment and Trade in Services Survey Act.

SUPPLEMENTARY INFORMATION: This Notice constitutes legal notification to all United States persons (defined below) who meet the reporting requirements set forth in this Notice that they must respond to, and comply with, the survey. A completed report covering a reporting company's fiscal year ending during the previous calendar year is due by May 31 (or by June 30 for reporting companies that use BEA's eFile system). This notice is being issued in conformance with the rule BEA issued in 2012 (77 FR 24373) establishing guidelines for collecting data on international trade in services and direct investment through notices, rather than through rulemakings. Additional

information about BEA's collection of data on international trade in services and direct investment can be found in the 2012 rule and the International Investment and Trade in Services Survey Act (22 U.S.C. 3101 et. seq.). The BE-15 survey forms and instructions are available on the BEA Web site at www.bea.gov/fdi.

Definitions

(a) *United States*, when used in a geographic sense, means the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, and all territories and possessions of the United States.

(b) *Foreign*, when used in a geographic sense, means that which is situated outside the United States or which belongs to or is characteristic of a country other than the United States.

(c) *Person* means any individual, branch, partnership, associated group, association, estate, trust, corporation, or other organization (whether or not organized under the laws of any State), and any government (including a foreign government, the United States Government, a State or local government, and any agency, corporation, financial institution, or other entity or instrumentality thereof, including a government-sponsored agency).

(d) *Business enterprise* means any organization, association, branch, or venture that exists for profit making purposes or to otherwise secure economic advantage, and any ownership of any real estate.

Who Must Report

(a) Reports are required from each U.S. business enterprise in which a foreign person has a direct and/or indirect ownership interest of at least 10 percent of the voting stock if an incorporated business enterprise, or an equivalent interest if an unincorporated business enterprise, and that meets the additional conditions detailed in Form BE-15.

(b) Entities required to report will be contacted individually by BEA. Entities not contacted by BEA have no reporting responsibilities.

What To Report: The survey collects information on the operations of U.S. affiliates of foreign companies.

How To Report: Reports can be filed using BEA's electronic reporting system at www.bea.gov/efile. Copies of the survey forms and instructions, which contain complete information on reporting procedures and definitions, may be obtained at the BEA Web site given above. Form BE-15 inquiries can be made by phone to (202) 606-5615 or
