

NIST invites members of the public, especially Cloud Computing and Mobility community stakeholders, to participate on Tuesday, March 25, and Wednesday, March 26, 2014, as an exhibitor. Exhibit space will be available for a total of 25 academic, industry, and standards developing organizations to exhibit their respective Cloud Computing or Mobility work at an exhibit table or with a poster. The first 25 organizations requesting an exhibit table or a poster display related to Cloud Computing & Mobility will be accepted for both days. Interested organizations should contact Tara Brown, email: tara.brown@nist.gov or (301) 975-4178. Requests for an exhibit table or posters will be granted on a first-come, first-serve basis. Responses must be submitted by an authorized representative of the organization. Logistics information will be provided to accepted exhibitors. NIST will provide the poster and exhibit location space and one work-table, free of charge. Exhibitors are responsible for the cost of the poster or exhibit, including staffing and materials. NIST reserves the right to exercise its judgment in the placement of posters and exhibits. General building security is supplied; however, exhibitors are responsible for transporting and securing exhibit equipment and materials. NIST is not liable with regard to damage or loss of equipment used in the exhibit table or poster.

The workshop is open to the general public; however, those wishing to attend must register at <http://www.nist.gov/itl/cloud/intersection-of-cloud-and-mobility.cfm> by 5:00 p.m. ET on Monday, March 17, 2014. All visitors to the NIST site are required to pre-register to be admitted and have appropriate government-issued photo ID to gain entry to NIST.

Dated: February 27, 2014.

Willie E. May,

Associate Director for Laboratory Programs.

BILLING CODE 3510-13-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XD153

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Amendment 16 to the Fishery Management Plan for the Shrimp Fishery of the Gulf of Mexico, United States Waters

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of Intent (NOI) to prepare a supplemental environmental impact statement (SEIS); request for comments.

SUMMARY: NMFS, Southeast Region, in collaboration with the Gulf of Mexico Fishery Management Council (Council) intends to prepare an SEIS to describe and analyze a range of alternatives for management actions to be included in Amendment 16 to the Fishery Management Plan for the Shrimp Fishery of the Gulf of Mexico (FMP) (Amendment 16). These actions will consider the annual catch limit (ACL), accountability measures (AMs), and continued use of the quota for royal red shrimp. The purpose of this NOI is to solicit public comments on the scope of issues to be addressed in the SEIS.

DATES: Written comments on the scope of issues to be addressed in the SEIS must be received by NMFS by April 10, 2014.

ADDRESSES: You may submit comments, identified by NOAA-NMFS-2014-0030, by any of the following methods:

- *Electronic submission:* Submit all electronic public comments via the Federal e-Rulemaking Portal. Go to www.regulations.gov/#!docketDetail;D=NOAA-NMFS-2014-0030, click the "Comment Now!" icon, complete the required fields, and enter or attach your comments.

- *Mail:* Submit written comments to Susan Gerhart, Southeast Regional Office, NMFS, 263 13th Avenue South, St. Petersburg, FL 33701.

Instructions: Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered by NMFS. All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information

submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter "N/A" in the required fields if you wish to remain anonymous). Attachments to electronic comments will be accepted in Microsoft Word, Excel, or Adobe PDF file formats only.

FOR FURTHER INFORMATION CONTACT:

Susan Gerhart, Southeast Regional Office, telephone: 727-824-5305; or email: Susan.Gerhart@noaa.gov.

SUPPLEMENTARY INFORMATION: On January 30, 2012, NMFS implemented regulations developed through the Generic ACL and AM Amendment (Generic Amendment) to multiple fishery management plans, including the Shrimp FMP (76 FR 82044, December 29, 2011). That amendment included actions to establish the commercial ACL and AM for royal red shrimp. However, the "no action" alternatives and discussions in the Generic Amendment were incorrect in stating that there were currently no management restrictions or AMs for royal red shrimp, when in fact a quota and in-season quota closure were already in the regulations. Because the Council was not fully informed about the existing regulations that would be replaced by their preferred alternatives in the Generic Amendment, NMFS and the Council intend to reconsider the commercial ACL and AM for royal red shrimp.

NMFS, in collaboration with the Council, will develop an SEIS for Amendment 16 to describe and analyze alternatives to: (1) Set the commercial ACL for royal red shrimp and determine if the use of a commercial quota should continue, and (2) choose a commercial AM for royal red shrimp. The alternatives will include an appropriate "no action" alternative regarding each action.

In accordance with NOAA's Administrative Order 216-6, Section 5.02(c), Scoping Process, NMFS, in collaboration with the Council, has identified preliminary environmental issues as a means to initiate discussion for scoping purposes only. These preliminary issues may not represent the full range of issues that eventually will be evaluated in the SEIS. The EIS for the Generic Amendment was originally scoped in 2009 and can be viewed at: http://www.gulfcouncil.org/docs/amendments/Final%20Generic%20ACL_AM_Amendment-September%209%202011%20v.pdf. A guide to Amendment 16 can be viewed at: <http://gulfcouncil.org/docs/Public%20Hearing>

%20Guides/Shrimp%20Amendment
%2016%20Guide.pdf.

Comments on the scope of the SEIS may be submitted in writing to NMFS (see **ADDRESSES**) during the 30-day scoping period. During the development of Amendment 16, the Council will accept written comments on the action, and oral comments may be made during the public testimony portion of any Council meeting.

After the draft SEIS associated with Amendment 16 is completed, it will be filed with the Environmental Protection Agency (EPA). After filing, the EPA will publish a notice of availability of the draft SEIS for public comment in the **Federal Register**. The draft SEIS will have a 45-day public comment period. This procedure is pursuant to regulations issued by the Council on Environmental Quality (CEQ) for implementing the procedural provisions of the National Environmental Policy Act (NEPA; 40 CFR parts 1500–1508) and to NOAA's Administrative Order 216–6 regarding NOAA's compliance with NEPA and the CEQ regulations.

NMFS and the Council will consider public comments received on the draft SEIS in developing the final SEIS and before adopting final management measures for the amendment. NMFS will submit the consolidated final amendment and supporting SEIS to the Secretary of Commerce (Secretary) for review as required by the Magnuson-Stevens Fishery Conservation and Management Act.

NMFS will announce, through a notification in the **Federal Register**, the availability of the final amendment for public review during the Department of Commerce Secretarial review period, and will consider all public comments. During Secretarial review, NMFS will also file the final SEIS with the EPA, and the EPA will publish a notice of availability for the final SEIS in the **Federal Register**. This public comment period is expected to be concurrent with the Secretarial review period and will end prior to final agency action to approve, disapprove, or partially approve the amendment.

NMFS will announce, through a document published in the **Federal Register**, all public comment periods on the final amendment, its proposed implementing regulations, and the availability of its associated final SEIS. NMFS will consider all public comments received during the Secretarial review period, whether they are on the final amendment, the proposed regulations, or the final SEIS, prior to final agency action.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: March 5, 2014.

Emily H. Menashes,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510–22–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648–BD32

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Comprehensive Fishery Management Plan for the Exclusive Economic Zone of Puerto Rico

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Supplemental Notice of Intent (NOI) to prepare a draft environmental impact statement (DEIS); scoping meetings; request for comments.

SUMMARY: NMFS, Southeast Region, in collaboration with the Caribbean Fishery Management Council (Council), intends to prepare a DEIS to describe and analyze a range of management alternatives for management actions to be considered when developing and establishing a Comprehensive Fishery Management Plan (FMP) for the exclusive economic zone (EEZ) of Puerto Rico. The purpose of this Supplemental NOI is to inform the public of upcoming opportunities to provide comments on the actions to be addressed in the DEIS, as specified in this notice.

DATES: Written comments on the scope of issues to be addressed in the DEIS must be received by NMFS by April 10, 2014. A second round of scoping meetings will be held in April 2014. For specific dates and times, see **SUPPLEMENTARY INFORMATION**, under the heading, “Scoping Meetings”.

ADDRESSES: You may submit comments on the DEIS, identified by “NOAA–NMFS–2013–0093”, by any of the following methods:

- **Electronic Submission:** Submit all electronic public comments via the Federal e-Rulemaking Portal. Go to www.regulations.gov/#!docketDetail;D=NOAA-NMFS-2013-0093, click the “Comment Now!” icon, complete the required fields, and enter or attach your comments.
- **Mail:** Submit written comments to Miguel Lugo, Southeast Regional Office, NMFS, 263 13th Avenue South, St. Petersburg, FL 33701, or to the

Caribbean Fishery Management Council, 270 Muñoz Rivera Avenue, Suite 401, San Juan, Puerto Rico 00918.

Instructions: Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered by NMFS. All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter “N/A” in the required fields if you wish to remain anonymous). Attachments to electronic comments will be accepted in Microsoft Word, Excel, or Adobe PDF file formats only.

Electronic copies of the scoping document may be obtained from the Southeast Regional Office Web site at http://sero.nmfs.noaa.gov/sustainable_fisheries/caribbean/island_based/index.html.

The scoping meetings will be held in Puerto Rico and in the U.S. Virgin Islands. For specific locations, see **SUPPLEMENTARY INFORMATION**, under the heading, “Scoping Meetings”.

FOR FURTHER INFORMATION CONTACT:

Miguel Lugo, phone 727–824–5305, email Miguel.Lugo@noaa.gov; or Graciela García-Moliner, phone 787–766–5927, email Graciela.Garcia-Moliner@noaa.gov.

SUPPLEMENTARY INFORMATION: Currently, the Council manages Federal fisheries in the U.S. Caribbean under four species-based FMPs: The Spiny Lobster FMP of Puerto Rico and the U.S. Virgin Islands (Spiny Lobster FMP), the Reef Fish FMP of Puerto Rico and the U.S. Virgin Islands (Reef Fish FMP), the Corals and Reef Associated Plants and Invertebrates FMP of Puerto Rico and the U.S. Virgin Islands (Coral FMP), and the FMP for the Queen Conch Resources of Puerto Rico and the U.S. Virgin Islands (Queen Conch FMP). The fishers, fishing community representatives, and the local governments of Puerto Rico and the U.S. Virgin Islands (USVI) have frequently requested the Council consider the differences between the islands or island groups when addressing fisheries management in the U.S. Caribbean to recognize the unique attributes of each U.S. Caribbean island. By developing island-based FMPs, NMFS and the Council would better account for differences among the U.S. Caribbean islands with respect to culture, markets, gear, seafood
