

TABLE 1—APPROVED ALTERNATIVE TEST METHODS AND MODIFICATIONS TO TEST METHODS REFERENCED IN OR PUBLISHED UNDER APPENDICES IN 40 CFR PARTS 60, 61, 63 AND 65 MADE BETWEEN JANUARY 2013 AND DECEMBER 2013

Alternative method decision letter/memo No.	As an alternative or modification to . . .	For . . .	You may . . .
ALT-098	Method 18—Measurement of Gaseous Organic Compound Emissions by Gas Chromatography.	Flares subject to the general control device provisions of 40 CFR part 60, section 60.18.	Use SUMMA cannisters in lieu of Tedlar bags for determination of heat content.
ALT-099	Method 2—Determination of Stack Gas Velocity and Volumetric Flow Rate (Type S Pitot Tube), Method 2A—Direct Measurement of Gas Volume Through Pipes and Small Ducts, Method 2C—Determination of Gas Velocity and Volumetric Flow Rate in Small Stacks or Ducts (Standard Pitot Tube), or Method 2D—Measurement of Gas Volume Flow Rates in Small Pipes and Ducts.	Sources subject to 40 CFR 60.18(f)(4) and 63.11(b)(7)(i).	Use optical flow meters to measure flare gas flow rate provided the calibrations are maintained within the manufacturer's recommended frequency.
ALT-100	Method 18—Measurement of Gaseous Organic Compound Emissions by Gas Chromatography.	Sources subject to sampling and analysis procedures for flare gas fuel heat content (BTU value) measurement required by 40 CFR 60.18(f)(3).	Use of alternative sampling and analytical procedures in Method 18 for flare gas heat content.
ALT-101	ASTM test methods cited in the subparts listed in the next column.	Sources subject to 40 CFR part 60, subparts K, Ka, and Kb; 40 CFR part 61, subpart FF; 40 CFR part 63, subparts G, Y, CC, EEEE, and GGGGG; and 40 CFR part 65, subpart C.	Use ASTM D6377-10—Standard Test Method for Determination of Vapor Pressure of Crude Oil: VPCRx (Expansion Method) to determine vapor pressures of crude oils that have a vapor pressure within the range of 25 to 180kPa at 37.8 °C.
ALT-102	NIST—certified reference gas specifications described in Section 16.2.4 of PS-2.	Sources subject to 40 CFR part 60, subpart Ja—Standards of Performance for Petroleum Refineries for Which Construction, Reconstruction, or Modification Commenced After May 14, 2007.	Use gases certified to within two percent of the manufacturer's listed concentrations.
ALT-103	Method 101A—Mercury from Sewage Sludge Incinerators and Method 105—Determination of Mercury in Wastewater Treatment Plant Sewage Sludges.	Analysis of sewage sludge sources subject to 40 CFR part 61, subpart E for samples collected by Methods 105 and 101A.	Use EPA SW-846, Method 7471A and 7471B—Mercury in Solid or Semisolid Waste (Manual Cold-Vapor Technique) in lieu of analytical procedures required in EPA Method 105 for analysis of sewage sludge samples and Method 7470A—Mercury in Liquid Waste (Manual Cold-Vapor Technique) as an alternative method for analyzing samples collected by Method 101A.
ALT-104	Method 10—Carbon Monoxide—NDIR ..	Sources subject to 40 CFR part 63, subpart ZZZZ—National Emission Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines.	Use the South Coast Air Quality Management District (SCAQMD) Method 100.1—Instrumental Analyzer Procedures for Continuous Gaseous Emission Sampling for measurement of carbon monoxide.

Source owners or operators should review the specific broadly applicable alternative method approval letter on the EPA's Web site at www.epa.gov/ttn/emc/approalt.html before electing to employ it.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9907-72-OA]

Cross-Media Electronic Reporting: Authorized Program Revision Approval, State of New Jersey

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's approval of the State of New Jersey's request to revise/modify certain of its

EPA-authorized programs to allow electronic reporting.

DATES: EPA's approval is effective on March 12, 2014.

FOR FURTHER INFORMATION CONTACT:

Karen Seeh, U.S. Environmental Protection Agency, Office of Environmental Information, Mail Stop 2823T, 1200 Pennsylvania Avenue NW., Washington, DC 20460, (202) 566-1175, seeh.karen@epa.gov.

SUPPLEMENTARY INFORMATION: On October 13, 2005, the final Cross-Media Electronic Reporting Rule (CROMERR)

was published in the **Federal Register** (70 FR 59848) and codified as part 3 of title 40 of the CFR. CROMERR establishes electronic reporting as an acceptable regulatory alternative to paper reporting and establishes requirements to assure that electronic documents are as legally dependable as their paper counterparts. Subpart D of CROMERR requires that state, tribal or local government agencies that receive, or wish to begin receiving, electronic reports under their EPA-authorized programs must apply to EPA for a revision or modification of those programs and obtain EPA approval. Subpart D provides standards for such approvals based on consideration of the electronic document receiving systems that the state, tribe, or local government will use to implement the electronic reporting. Additionally, § 3.1000(b) through (e) of 40 CFR part 3, subpart D provides special procedures for program revisions and modifications to allow electronic reporting, to be used at the option of the state, tribe or local government in place of procedures available under existing program-specific authorization regulations. An application submitted under the subpart D procedures must show that the state, tribe or local government has sufficient legal authority to implement the electronic reporting components of the programs covered by the application and will use electronic document receiving systems that meet the applicable subpart D requirements.

On January 14, 2010, the New Jersey Department of Environmental Protection (NJDEP) submitted an application titled "Regulatory Services Portal (RSP)" for revisions/modifications of its EPA-authorized programs under title 40 CFR. EPA reviewed NJDEP's request to revise/modify its EPA-authorized programs and, based on this review, EPA determined that the application met the standards for approval of authorized program revisions/modifications set out in 40 CFR part 3, subpart D. In accordance with 40 CFR 3.1000(d), this notice of EPA's decision to approve New Jersey's request to revise/modify its following EPA-authorized programs to allow electronic reporting under 40 CFR parts 51 Subpart A, 51 Subpart I, 51 Subpart I, 70.5 and 70.6, 63.7480–7575 and 63.11193–11237, 70.5 and 70.6, 70.6(a)(3)iii(A) & (c)5, 122.21, 142.10(a–h), 171.1 et seq., 261–270 and 273, 262.56(a), 262.42, 262.55, 264.72(b) and 265.72(b), 264.75, 270.11 and 270.42, 370, 372, and 403.12i., is being published in the **Federal Register**:

Part 52—Approval and Promulgation of Implementation Plans
 Part 63—National Emission Standards for Hazardous Air Pollutants for Source Categories
 Part 70—State Operating Permit Programs
 Part 123—EPA Administered Permit Programs: The National Pollutant Discharge Elimination System
 Part 142—National Primary Drinking Water Regulations Implementation
 Part 171—Certification of Pesticide Applicators
 Part 257—Criteria for Classification of Solid Waste Disposal Facilities and Practices
 Part 262—Standards Applicable to Generators of Hazardous Waste
 Part 272—Approved State Hazardous Waste Management Programs
 Part 370—Hazardous Chemical Reporting: Community Right-To-Know
 Part 372—Toxic Chemical Release Reporting: Community Right-To-Know
 Part 403—General Pretreatment Regulations for Existing and New Source of Pollution

NJDEP was notified of EPA's determination to approve its application with respect to the authorized programs listed above.

Dated: March 4, 2014.

Jeffrey Wells,

Acting Director, Office of Information Collection.

ENVIRONMENTAL PROTECTION AGENCY

[EPA–HQ–OAR–2013–0566; FRL–9907–85–OAR]

Release of Draft Integrated Review Plan for the Primary National Ambient Air Quality Standard for Sulfur Dioxide

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability and public comment period.

SUMMARY: On or about March 17, 2014, the Environmental Protection Agency (EPA) is making available for public review the draft titled, *Integrated Review Plan for the Primary National Ambient Air Quality Standard for Sulfur Dioxide* (draft IRP). This document contains the plans for the review of the air quality criteria for sulfur oxides and the national ambient air quality standard (NAAQS) for sulfur dioxide (SO₂). The primary SO₂ NAAQS provides for the protection of public health from exposure to sulfur oxides in ambient air.

DATES: Comments should be submitted on or before April 17, 2014.

ADDRESSES: This document will be available primarily via the Internet at

the following Web site: http://www.epa.gov/ttn/naaqs/standards/so2/s_so2_index.html.

Submit your comments, identified by Docket ID No. EPA–HQ–OAR–2013–0566, by one of the following methods:

- www.regulations.gov: Follow the on-line instructions for submitting comments.
- *Email:* a-and-r-Docket@epa.gov.
- *Fax:* 202–566–9744.
- *Mail:* Air and Radiation Docket and Information Center, U.S. Environmental Protection Agency, Mail Code 2822T, 1200 Pennsylvania Ave. NW., Washington, DC 20460. Please include a total of two copies.
- *Hand Delivery:* 1301 Constitution Ave. NW., Room 3334, Washington, DC, EPA Docket Center, 1301 Constitution Ave. NW., Room 3334, Washington DC. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA–HQ–OAR–2013–0566. The EPA's policy is that all comments received will be included in the public docket without change and may be made available online at www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov (or email). The www.regulations.gov Web site is an "anonymous access" system, which means the EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to the EPA without going through www.regulations.gov, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, the EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If the EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, the EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about the EPA's public docket, visit the
