

effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

**DATES:** Written comments must be submitted on or before March 10, 2014.

**ADDRESSES:** Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at [Jjessup@doc.gov](mailto:Jjessup@doc.gov)).

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or copies of the information collection instrument and instructions should be directed to Dr. Vernon R. (Bob) Leeworthy, (301) 713-7261 or [Bob.Leeworthy@noaa.gov](mailto:Bob.Leeworthy@noaa.gov).

**SUPPLEMENTARY INFORMATION:**

**I. Abstract**

This request is for a regular submission (new information collection).

NOAA and the U.S. Environmental Protection Agency (EPA) have entered a partnership to estimate the market and non-market economic values of Puerto Rico's coral reef ecosystems. Estimates will be made for all ecosystem services for the Guanica Bay Watershed and for recreation-tourism for all of Puerto Rico's coral reef ecosystems.

We will conduct surveys of visitors to Puerto Rico and residents of Puerto Rico who use the coral reef ecosystems to estimate the amount and type of use, their spending while undertaking coral reef use activities, the economic value of reef attributes (e.g. water clarity/visibility, coral abundance and diversity, fish and invertebrate abundance and diversity, and opportunity to see large wildlife) and how economic value changes with changes in reef attributes.

**II. Method of Collection**

Visitors to the island will be recruited into an Internet Panel via stratified random sampling at the various access modes of transportation to the island (e.g. airports, cruise ship docks and ferries). The panel recruitment surveys will use a short-form (5 to 10 minutes) to gather information of place of permanent residence, length of stay in Puerto Rico, activities participated in while on their stay, and demographic information. A tally sheet will be used to screen survey participants for coral reef use. This will then allow for connection to air enplanement data,

cruise ship passenger data, and ferry passenger data to estimate the total number of reef users. Those who agree to the Internet Panel will then be asked more detailed questions on intensity of coral reef use (person-days of reef activity by type of activity), spending while doing reef activities, and economic value of reef attributes. For those who do not want to join the Internet Panel, they will be offered mail back surveys to gather the information that would be gathered in the Internet Panels.

Residents of the island will be surveyed face-to-face in the home. Information on activity participation and use of the coral reefs, demographics, and economic value of coral reefs and how those values change with changes in reef attributes will be gathered in the face-to-face in-home surveys. Additional mail backs will be used for importance-satisfaction ratings and spending while recreating on the coral reefs.

**III. Data**

*OMB Control Number:* None.

*Form Number:* None.

*Type of Review:* Regular submission (new information collection).

*Affected Public:* Individuals or households.

*Estimated Number of Respondents:* 2,000.

*Estimated Time per Response:* 2 hours per individual/household.

*Estimated Total Annual Burden Hours:* 4,000.

*Estimated Total Annual Cost to Public:* \$0 in recordkeeping/reporting costs.

**IV. Request for Comments**

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: January 3, 2014.

**CORPORATION FOR NATIONAL AND COMMUNITY SERVICE**

**Sunshine Act Meeting**

The National Civilian Community Corps Advisory Board gives notice of the following meeting:

**DATE AND TIME:** Wednesday, February 12, 2014, 1:30 p.m.-2:30 p.m. (ET).

**PLACE:** Conference Room 8312, 8th Floor, Corporation for National and Community Service Headquarters, 1201 New York Avenue NW., Washington, DC 20525.

**CALL-IN INFORMATION:** This meeting is available to the public through the following toll-free call-in number: 800-369-1759 conference call access code number 8093685. Kate Becker will be the lead on the call. Any interested member of the public may call this number and listen to the meeting. Callers can expect to incur charges for calls they initiate over wireless lines, and the Corporation will not refund any incurred charges. Callers will incur no charge for calls they initiate over land-line connections to the toll-free telephone number. Replays are generally available one hour after a call ends. The toll-free phone number for the

replay is 888-662-6649, replay passcode 2535. The end replay date: February 19, 2014, 2:29 p.m. (CT).

**STATUS:** Open.

**MATTERS TO BE CONSIDERED:**

I. Meeting Convened

- Call to Order, Welcome, and Preview of Today's Meeting Agenda
- Introduction & Acknowledgements

II. Approval of Previous Meeting's Minutes

III. Director's Report

IV. Program Report

V. Budget and Operations Report

VI. Public Comment

**ACCOMMODATIONS:** Anyone who needs an interpreter or other accommodation should notify the Corporation's contact person by 5:00 p.m., Friday, February 7, 2014.

**CONTACT PERSON FOR MORE INFORMATION:**

Erma Hodge, NCCC, Corporation for National and Community Service, 9th Floor, Room 9802B, 1201 New York Avenue NW., Washington, DC 20525. Phone: 202-606-6696. Fax: 202-606-3459. TTY: 800-833-3722. Email: [ehodge@cns.gov](mailto:ehodge@cns.gov).

Dated: January 7, 2014.

## DEPARTMENT OF DEFENSE

### Department of the Army

#### Record of Decision for the Presidio of Monterey Real Property Master Plan Environmental Impact Statement, Monterey, CA

**AGENCY:** Department of the Army, DoD.

**ACTION:** Notice of availability.

**SUMMARY:** The Department of the Army and the Presidio of Monterey (POM) announce the decision to proceed with the Proposed Alternative contained in the Final Environmental Impact Statement (FEIS) for the POM Real Property Master Plan (RPMP), which allows for timely implementation of the POM RPMP, providing the necessary facilities and infrastructure upgrades to meet DoD requirements. Specific details of the decision are captured in the Army's Record of Decision (ROD) for this action. This ROD explains the potential environmental and socioeconomic impacts associated with proposed development at two properties: The POM and the Ord Military Community (OMC). This alternative provides the proper balance of initiatives for the protection of

environmental resources and mission essential actions. The ROD also identifies mitigation that will reduce or eliminate adverse impacts.

**ADDRESSES:** Written requests to obtain a copy of the ROD can be addressed to: U.S. Army Garrison, Directorate of Public Works, Master Planning Division (Attention: Mr. Robert Guidi), P.O. Box 5004, Presidio of Monterey, CA 93944-5004 or send email requests to: [robert.g.guidi@us.army.mil](mailto:robert.g.guidi@us.army.mil). For media inquiries, please contact Mr. Daniel Carpenter, Presidio of Monterey Public Affairs, at [presidiopao@gmail.com](mailto:presidiopao@gmail.com).

**FOR FURTHER INFORMATION CONTACT:** Please contact Mr. John Elliot at (831) 242-7777 or by email at [john.elliott5@us.army.mil](mailto:john.elliott5@us.army.mil). Additional information may be found at the POM Directorate of Public Works Web site at: [http://www.monterey.army.mil/DPW/env\\_assessment.html](http://www.monterey.army.mil/DPW/env_assessment.html).

**SUPPLEMENTARY INFORMATION:** The POM is located on the Monterey Peninsula between the Cities of Monterey and Pacific Grove and the OMC is located approximately eight miles northeast of the POM and situated within the former Fort Ord military installation adjacent to the City of Seaside. Both properties, collectively referred to as the POM Installation, are located within Monterey County and are in proximity to the Pacific Ocean.

The DoD Foreign Language Proficiency Enhancement Program changes the student-to-instructor ratio and will result in a greater population of students and instructors. The POM needs to train more linguists for deployment throughout the world because current projections indicate a shortfall in personnel properly trained to interface with people of other nations. The existing facilities at the POM neither met current needs nor the projected requirements at the DLIFLC. This fact, coupled with anti-terrorism/force protection requirements, resulted in the need to change the physical landscape at the POM and the OMC.

The ROD incorporates analyses contained in the FEIS for the RPMP, including comments provided during formal comment and review periods. The ROD selects facility improvements and phased construction to maintain and enhance the professional standards established by the Defense Language Institute Foreign Language Center (DLIFLC). Modernization of classrooms, living quarters, and support facilities will help ensure a sustainable mission throughout the foreseeable future.

Under the selected alternative, the majority of new construction and development will be located within the

existing central campus at the POM. The POM Barracks Complex Phase I and Phase IV will be constructed. This action places future development of primary and support facilities for the DLIFLC at the POM. The two new barracks and three additional general instruction buildings will be sited to preserve the centralized location of the DLIFLC. No new barracks or instructional buildings are designated for the OMC.

Implementation of this decision is expected to result in direct, indirect, and cumulative impacts to the POM Installation. Environmental impacts are expected to occur as a result of facilities construction and changes in operations. The potential for significant environmental impacts is greatest for aesthetic resources, endangered plant species and associated critical habitat, cultural resources, housing and population, public services (schools), traffic circulation, and water usage. The POM will mitigate adverse effects through a variety of strategies, as described in the FEIS. All practicable means to avoid or minimize environmental harm from the selected alternative have been adopted and a monitoring and enforcement program will be adopted.

The environmentally preferred alternative is the "no action" alternative, but this alternative would not have met mission requirements.

The selected alternative allows for timely implementation of the POM RPMP while providing the necessary facilities and infrastructure upgrades to meet the DoD requirements. This decision provides the proper balance of initiatives for the protection of the environment and supports the U.S. Army's effort to fulfill its mandated mission requirements and provide an exceptional learning environment.

A summary of environmental impacts and rationale for the decision can be found in the ROD, which is available along with the FEIS at [http://www.monterey.army.mil/DPW/env\\_assessment.html](http://www.monterey.army.mil/DPW/env_assessment.html).
