MAP-21 Section 1306 Financial Penalties Guidance

AGENCY: Federal Highway Administration (FHWA), Federal Transit Administration (FTA), Department of Transportation (DOT).

ACTION: Notice of availability.

SUMMARY: The Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) are issuing joint guidance on the implementation of the financial penalty provisions contained in Section 1306 of the Moving Ahead for Progress in the 21st Century Act (MAP-21). The financial penalty provisions require Federal agencies of jurisdiction (Reviewing Agency) to render a decision on a permit, license, or other approval related to a transportation project within 180 days from the later of the date FHWA or FTA issue a Record of Decision or Finding of No Significant Impacts for a project, or the date on which an application for a permit, license, or approval for the project is complete. If the Reviewing Agency does not render a decision by the 180-day deadline, it is subject to a rescission of funds of \$10,000 or \$20,000 per week until the Reviewing Agency renders a decision. The FHWA and FTA have the authority to grant “no-fault” certifications if the Reviewing Agency’s failure to decide was due to circumstances beyond its control. You may review the guidance by visiting FHWA’s Web site at <http://www.fhwa.dot.gov/map21>, or FTA’s Web site at <http://www.fta.dot.gov/map21>.

DATES: This Guidance is effective on March 31, 2014.

FOR FURTHER INFORMATION CONTACT: For FHWA: Bruce Bender, Office of Project Delivery and Environmental Review, (202) 366-2851, or Jomar Maldonado, Office of the Chief Counsel, (202) 366-1373, Federal Highway Administration, 1200 New Jersey Ave. SE., Washington,

DC 20590-0001. For FTA: Elizabeth Patel, Office of Planning and Environment, (202) 366-0244, or Dana Nifosi, Office of Chief Counsel, (202) 366-4011, Federal Transit Administration, 1200 New Jersey Ave. SE., Washington, DC 20590-0001. Office hours are from 8:00 a.m. to 4:30 p.m. e.t., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION: Section 1306 of MAP-21 (Pub. L. 112-141, 126 Stat. 535) codified in 23 U.S.C. 139 that “[a] Federal agency of jurisdiction over an approval required for a project under applicable laws shall complete any required approval on an expeditious basis using the shortest existing applicable process.” 23 U.S.C. 139(h)(6)(A). If a Reviewing Agency fails to decide within a specific timeframe, an amount shall be rescinded from the applicable office of the head of the agency not later than 1 day after the applicable date and once each week thereafter until a final decision is rendered. The rescission amount is equal to \$20,000 per week if the project will be funded under Title 23, U.S. Code, and is estimated to cost more than \$100 million, or \$10,000 per week for any other projects requiring an environmental assessment or environmental impact statement under FHWA’s or FTA’s procedures implementing the National Environmental Policy Act of 1969 (NEPA). The applicable date is described as the later of (I) the date that is 180 days after the date on which an application for the permit, license, or approval is complete; and (II) the date that is 180 days after the date on which the Federal lead agency issues a decision on the project under NEPA. 23 U.S.C. 139(h)(6)(B)(ii).

The FHWA and FTA developed this guidance in coordination with the Reviewing Agencies that are most likely to be affected by this provision; however, it is not intended to guide their implementation specifically. The guidance provides a framework for FHWA and FTA personnel to make “no-fault” certifications and serves as a consensus document to help inform agency-specific implementation by the Reviewing Agencies. The guidance is available online at www.fhwa.dot.gov/map21, and www.fta.dot.gov/map21.

Authority: Sec. 1306, Pub. L. 112-141, 126 Stat. 535 (2012).

AGENCY: National Highway Traffic Safety Administration, DOT.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collections and their expected burden. The **Federal Register** Notice with a 60-day comment period was published on December 3, 2013 (78 FR 72750).

DATES: Comments must be submitted on or before April 30, 2014.

FOR FURTHER INFORMATION CONTACT: Coleman Sachs, Office of Vehicle Safety Compliance (NVS-223), National Highway Traffic Safety Administration, West Building, 4th Floor, Room W43-481, 1200 New Jersey Avenue SE., Washington, DC 20590.

SUPPLEMENTARY INFORMATION:

National Highway Traffic Safety Administration.

Title: 49 CFR part 566 *Manufacturer Identification*.

OMB Number: 2127-0043.

Type of Request: Extension of a Currently Approved Collection.

Abstract: The National Highway Traffic Safety Administration (NHTSA) has requested OMB to extend that agency's approval of the information collection that is incident to NHTSA's administration of the regulations at 49 CFR part 566 *Manufacturer identification*. Those regulations require manufacturers of motor vehicle or motor vehicle equipment, other than tires, to which a Federal motor vehicle safety standard (FMVSS) applies, to submit to NHTSA, on a one-time basis, identifying information on themselves and a description of the products that they manufacture to those standards. The information that must be submitted includes: (a) The full individual, partnership, or corporate name of the manufacturer; (b) the residence address of the manufacturer and State of incorporation, if applicable; and (c) a description of each type of motor vehicle or of covered equipment manufactured by the manufacturer, including, for motor vehicles, the approximate ranges of gross vehicle weight ratings (GVWR) for each type. The information must be submitted no later than 30 days after the manufacturer begins to manufacture motor vehicles or motor vehicle equipment subject to the FMVSS. No specific form need be used for the submission of this information. A suggested form that can be used to submit the required information is included on pages 35 and 36 of a handbook entitled *Requirements for Manufacturers of Motor Vehicles and Motor Vehicle Equipment* that can be accessed on the agency's Web site at www.nhtsa.gov/cars/rules/maninfo. Manufacturers who have previously submitted identifying information must ensure that the information on file is accurate and complete by submitting revised information no later than 30 days after a change in the business that affects the validity of that information has occurred.

This information collection is necessary to ensure that manufacturers of motor vehicles and motor vehicle equipment subject to the Federal motor vehicle safety standards identify themselves and their products to NHTSA so that NHTSA may contact them in the event that one of their products is suspected or found to contain a defect related to motor vehicle safety or fails to comply with an
