SUPPLEMENTARY INFORMATION:

Title: Request Forms for Fund Transfers to Other Agencies and Among Title 23 Programs.

OMB Control Number: 2125–0620.

Background: Sections 1108, 1119(b), 1935, and 1936 of Public Law 109–59, the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA–LU) expanded the transferability of funds to other agencies and among programs. This notice establishes requirements for initiating the transferring of apportioned and allocated funds between entities and between projects and programs to carry out these provisions of law. The types of transfers affected by this notice are:

- a. Transfer of funds from a State to the FHWA pursuant to U.S.C. Title 23, § 104(k)(3);
 - b. Transfer of funds from a State to a Federal Agency other than FHWA;
 - c. Transfer of funds from a State to another State;
 - d. Transfer of funds from Federal Transit Administration to FHWA;
 - e. Transfer of funds between programs; and,
 - f. Transfer of funds between projects.
- The party initiating the fund transfer must fill out a FHWA transfer request

form. Information required to fill out a transfer form will include the requester's contact information; a description of the program/project the transfer will come from and go to, the fiscal year, the program code, a demo ID or an urban area when applicable, and the amount to be transferred. The form must be approved by the applicable State Department of Transportation and concurred on by the correlating FHWA Division Office.

Respondents: 50 State Transportation Departments, the District of Columbia, and Puerto Rico.

Frequency: As Needed.

Estimated Average Burden per

Response: 30 minutes.

Estimated Total Annual Burden

Hours: It is estimated that a total of 600 responses will be received annually, which would equal a total annual burden of 300 hours.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued On: March 26, 2014.

Agency Information Collection

Activities: Request for Comments for the Renewal of a Previously Approved Information Collection

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501–3521), this notice announces that FHWA will submit the collection of information described below to the Office of Management and Budget (OMB) for review and comment. The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on January 17, 2014. The PRA submission describes the nature of the information collection and its expected cost and burden.

DATES: Please submit comments by May 1, 2014.

ADDRESSES: You may submit comments identified by DOT Docket ID 2014–0015 by any of the following methods:

Web site: For access to the docket to read background documents or

SUPPLEMENTARY INFORMATION:

Title: Surface Transportation Environment and Planning (STEP) Cooperative Research Program.

Background: Section 5207 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users of 2005 (SAFETEA–LU) established a new cooperative research program for environment and planning research in section 507 of Title 23, United States Code, Highways (23 U.S.C. 507). The general objective of the STEP is to improve understanding of the complex relationship between surface transportation, planning, and the environment. The FHWA anticipates that the STEP program will provide resources for national research on issues related to planning, environment and realty. These resources are likely to be included in future surface transportation legislation. The research program established under this section shall ensure that stakeholders are involved in the governance of the program, at the executive, overall program, and technical levels, through the use of expert panels and committees. FHWA will be collecting feedback via a STEP Web site on the 18 emphasis areas. This information will be used to identify potential research for an annual Research Plan. The number of stakeholders with an interest in environment and planning research includes three groups:

I—Federal Agencies and Tribal Governments

II—State and Local Governments

III—Non-governmental Transportation and Environmental Stakeholders

Respondents: An estimated 270 participants annually for a total of approximately 810 participants during the three-year period while the OMB clearance is in effect.

Frequency: Annually.

Estimated Average Burden per Response: 30 minutes each year. Due to the specialized nature of the 18 emphasis areas, most commenters will provide input in only one area.

Estimated Total Annual Burden Hours: Approximately 135 hours annually (405 hours total for the three-year period).

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection of information is necessary for the U.S. DOT's performance, including whether the information will have practical utility; (2) the accuracy of the U.S. DOT's estimate of the burden of the proposed information collection; (3) ways to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued on: March 26, 2014.

Federal Motor Carrier Safety Administration

[FMCSA Docket No. FMCSA-2013-0194]

Qualification of Drivers; Exemption Applications; Diabetes Mellitus

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition.

SUMMARY: FMCSA announces its decision to exempt 40 individuals from its rule prohibiting persons with insulin-treated diabetes mellitus (ITDM) from operating commercial motor vehicles (CMVs) in interstate commerce. The exemptions will enable these individuals to operate CMVs in interstate commerce.

DATES: The exemptions are effective April 1, 2014. The exemptions expire on March 31, 2016.

Background

On February 5, 2013, FMCSA published a notice of receipt of Federal diabetes exemption applications from 40 individuals and requested comments from the public (79 FR 6987). The public comment period closed on March 7, 2014 and no comments were received.

FMCSA has evaluated the eligibility of the 40 applicants and determined that granting the exemptions to these individuals would achieve a level of safety equivalent to or greater than the level that would be achieved by complying with the current regulation 49 CFR 391.41(b)(3).

Diabetes Mellitus and Driving Experience of the Applicants

The Agency established the current requirement for diabetes in 1970 because several risk studies indicated that drivers with diabetes had a higher rate of crash involvement than the general population. The diabetes rule provides that "A person is physically

qualified to drive a commercial motor vehicle if that person has no established medical history or clinical diagnosis of diabetes mellitus currently requiring insulin for control" (49 CFR 391.41(b)(3)).

FMCSA established its diabetes exemption program, based on the Agency's July 2000 study entitled "A Report to Congress on the Feasibility of a Program to Qualify Individuals with Insulin-Treated Diabetes Mellitus to Operate in Interstate Commerce as Directed by the Transportation Act for the 21st Century." The report concluded that a safe and practicable protocol to allow some drivers with ITDM to operate CMVs is feasible. The September 3, 2003 (68 FR 52441), **Federal Register** notice in conjunction with the November 8, 2005 (70 FR 67777), **Federal Register** notice provides the current protocol for allowing such drivers to operate CMVs in interstate commerce.

These 40 applicants have had ITDM over a range of 1 to 41 years. These applicants report no severe hypoglycemic reactions resulting in loss of consciousness or seizure, requiring the assistance of another person, or resulting in impaired cognitive function that occurred without warning symptoms, in the past 12 months and no recurrent (2 or more) severe hypoglycemic episodes in the past 5 years. In each case, an endocrinologist verified that the driver has demonstrated a willingness to properly monitor and manage his/her diabetes mellitus, received education related to diabetes management, and is on a stable insulin regimen. These drivers report no other disqualifying conditions, including diabetes-related complications. Each meets the vision requirement at 49 CFR 391.41(b)(10).

The qualifications and medical condition of each applicant were stated and discussed in detail in the February 5, 2014, **Federal Register** notice and they will not be repeated in this notice.

Discussion of Comments

FMCSA received no comments in this proceeding.

Basis for Exemption Determination

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption from the diabetes requirement in 49 CFR 391.41(b)(3) if the exemption is likely to achieve an equivalent or greater level of safety than would be achieved without the exemption. The exemption allows the applicants to operate CMVs in interstate commerce.

To evaluate the effect of these exemptions on safety, FMCSA
