## DEPARTMENT OF ENERGY

### Update on Reimbursement for Costs of Remedial Action at Uranium and Thorium Processing Sites

**AGENCY:** Department of Energy.

**ACTION:** Notice of the Title X claims during fiscal year (FY) 2014.

**SUMMARY:** In light of the passage of the Consolidated Appropriations Act, 2014 (Pub. L. 113-76), funds were not made available in FY 2014 to the Department of Energy (DOE) for reimbursement for cleanup work performed by licensees at eligible uranium and thorium processing sites in accordance with Title X of the Energy Policy Act of 1992 (Pub. L. 102-486). However, licensees may submit their claims for cleanup work with the understanding that DOE may be able to perform audits/financial review on the claims but cannot provide licensees with reimbursements. If licensees do not submit claims in FY 2014, they can do so the following year. In order to keep an accurate account of claims, DOE will continue to provide an annual status report or report letter on reimbursements to licensees of eligible uranium and thorium processing sites. If licensees submit claims in FY 2014, those licensees are not required to resubmit those same claims in later years.

**DATES:** If claims are submitted during FY 2014 for cleanup work, the closing date is September 30, 2014.

**ADDRESSES:** Claims should be forwarded by certified or registered mail, return receipt requested, to U.S. Department of Energy, Office of Legacy Management, Attn: David Shafer, Title X Coordinator, 2597 Legacy Way, Grand Junction, Colorado 81503. Two copies of the claim should be included with each submission.

#### FOR FURTHER INFORMATION CONTACT:

Contact Theresa Kliczewski at (202) 586-3301 of the U.S. Department of Energy, Office of Environmental Management, Office of Disposition Planning & Policy.

**SUPPLEMENTARY INFORMATION:** DOE published a final rule under 10 CFR part 765 in the **Federal Register** on May 23, 1994, (59 FR 26714) to carry out the requirements of Title X of the Energy

Policy Act of 1992 (sections 1001-1004 of Public Law 102-486, 42 U.S.C. 2296a *et seq.*) and to establish the procedures for eligible licensees to submit claims for reimbursement. DOE amended the final rule on June 3, 2003, (68 FR 32955) to adopt several technical and administrative amendments (e.g., statutory increases in the reimbursement ceilings). Title X requires DOE to reimburse eligible uranium and thorium licensees for certain costs of decontamination, decommissioning, reclamation, and other remedial action incurred by licensees at uranium and thorium processing sites to remediate byproduct material generated as an incident of sales to the United States Government. To be reimbursable, costs of remedial action must be for work which is necessary to comply with applicable requirements of the Uranium Mill Tailings Radiation Control Act of 1978 (42 U.S.C. 7901 *et seq.*) or, where appropriate, with requirements established by a State pursuant to a discontinuance agreement under section 274 of the Atomic Energy Act of 1954 (42 U.S.C. 2021). Claims for reimbursement must be supported by reasonable documentation as determined by DOE in accordance with 10 CFR part 765. Funds for reimbursement will be provided from the Uranium Enrichment Decontamination and Decommissioning Fund established at the Department of Treasury pursuant to section 1801 of the Atomic Energy Act of 1954 (42 U.S.C. 2297g). Payment or obligation of funds shall be subject to the requirements of the Anti-Deficiency Act (31 U.S.C. 1341).

**Authority:** Section 1001-1004 of Public Law 102-486, 106 Stat. 2776 (42 U.S.C. 2296a *et seq.*).

Issued in Washington, DC, on March 28, 2014.

**Mark Senderling,**

### Federal Energy Regulatory Commission

[Docket No. CP14-123-000]

#### Questar Overthrust Pipeline Company; Notice of Application

Take notice that on March 26, 2014, Questar Overthrust Pipeline Company (Overthrust), 333 South State Street, Salt

Lake City, Utah 84111, filed an application in the above referenced docket pursuant to section 7(c) of the Natural Gas Act (NGA) requesting authorization to construct and operate its Jurisdictional Tap Line (JTL) 139 Delivery Project to provide 20,000 dekatherms per day (Dth/day) of natural gas to Simplot Phosphates, LLC's new ammonia plant located in Sweetwater County, Wyoming, with the capability of increasing up to 60,000 Dth/day. Overthrust states that the JTL 139 Delivery Project will include approximately 2.5 miles of 8-inch diameter delivery lateral, a district regulator station, and associated appurtenances. Overthrust estimates the Project to be \$4.4 million, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

Any questions concerning this application may be directed to L. Bradley Burton, General Manager Federal Regulatory Affairs and FERC Compliance Officer, Questar Pipeline Company, 333 South State Street, PO Box 45360, Salt Lake City, Utah 84145-0360, by telephone at (801) 324-2459, or by email at [brad.burton@questar.com](mailto:brad.burton@questar.com).

Pursuant to section 157.9 of the Commission's rules (18 CFR 157.9), within 90 days of this Notice, the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to

obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit seven copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file

electronically should submit an original and seven copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

*Comment Date:* 5:00 p.m. Eastern Time on April 21, 2014.

*Dated:* March 31, 2014.

**Kimberly D. Bose,**

*Secretary.*

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Project No. 2528-084]

#### Brookfield White Pine Hydro LLC; Notice of Application Accepted for Filing, Soliciting Comments, Motions To Intervene, and Protests

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

- a. *Types of Application:* Temporary drawdown of impoundment.
- b. *Project No.:* 2528-084.
- c. *Date Filed:* February 6, 2014.
- d. *Applicants:* Brookfield White Pine Hydro LLC.
- e. *Name of Project:* Cataract Project.
- f. *Location:* Saco River Basin in the City of Biddeford, York County, Maine.
- g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791a-825r.
- h. *Applicant Contact:* Mr. Kevin Bernier, Manager Compliance, Brookfield Renewable Energy Group, US Operations, 26 Katherine Drive, Hallowell, ME 04347 (207) 629-1800.
- i. *FERC Contact:* Mr. Joseph Enrico, (212) 273-5917, [joseph.enrico@ferc.gov](mailto:joseph.enrico@ferc.gov).
- j. *Deadline for filing comments, motions to intervene, and protests,* is 30 days from the issuance date of this notice by the Commission. All documents may be filed electronically via the Internet. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site at <http://www.ferc.gov/docs-filing/efiling.asp>. If unable to be filed electronically, documents may be paper-filed. To paper-file, an original and seven copies should be mailed to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your

name and contact information at the end of your comments. Please include the project number (P-2528-084) on any comments, motions, or recommendations filed.

k. *Description of Request:* The applicant proposes to conduct a radio telemetry fish passage study at the Springs and Bradbury dams to determine if a change in operations of the flow control gates would improve American shad passage at the Springs Island dam. Accordingly, the study will result in lowering the impoundment by four-feet for a two-week period in June 2014.

l. *Locations of the Application:* A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street NE., Room 2A, Washington, DC 20426, or by calling (202) 502-8371. This filing may also be viewed on the Commission's Web site at <http://www.ferc.gov/docs-filing/elibrary.asp>. Enter the docket number excluding the last three digits in the docket number field (P-2528) to access the document. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, call 1-866-208-3676 or email [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov), for TTY, call (202) 502-8659. A copy is also available for inspection and reproduction at the address in item (h) above.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. *Comments, Protests, or Motions to Intervene:* Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. *Filing and Service of Responsive Documents:* Any filing must (1) bear in all capital letters the title "COMMENTS", "PROTEST", or "MOTION TO INTERVENE" as applicable; (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish
