BILLING CODE 6560–50–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

45 CFR Part 18

Official Symbol, Logo and Seal

AGENCY: Office of the Secretary, HHS.
ACTION: Direct final rule.

SUMMARY: The U.S. Department of Health and Human Services (HHS) is adopting requirements on the use of its official logo and seal. Use by any person or organization may be made only with prior written approval. Wrongful use of an official logo or seal is subject to administrative action and/or criminal penalty. HHS believes that this rule is non-controversial, and HHS anticipates no significant adverse comment. If HHS receives a significant adverse comment, it will withdraw the rule.

DATES: This rule is effective May 14, 2014 without further action, unless adverse comment is received by April 29, 2014. If adverse comment is received, HHS will publish a timely withdrawal of the rule in the **Federal Register**.

ADDRESSES: You may submit comments by Mail/Hand Delivery/Courier to: Gloria Barnes, Office of the Assistant Secretary for Public Affairs, 200 Independence Avenue SW., Washington, DC 20201.

FOR FURTHER INFORMATION CONTACT: Gloria Barnes, Office of the Assistant Secretary for Public Affairs (gloria.barnes@hhs.gov)

SUPPLEMENTARY INFORMATION: HHS is adopting regulations (45 CFR Part 18) on the use of its official logo and seal. HHS has developed a logo and seal that signifies the authoritativeness of the item or document to which it is affixed as an official endorsement of HHS. The logo and seal is to be used for official HHS business or as approved under HHS’ regulations.

HHS believes there is good cause to bypass notice and comment and proceed to a direct final rule pursuant to 5 U.S.C. 553(b). The rule is non-controversial and merely describes HHS’ official logo and seal. Because this rule only impacts HHS’ procedure and practice, notice and comment is unnecessary. Although HHS believes this direct final rule will not elicit any significant adverse comments, if such comments are received, HHS will publish a timely notice of withdrawal in the **Federal Register**.

Executive Order No. 12866

§ 18.1 Description of the Symbol, Logo, and Seal.

(a) The Departmental Symbol (Symbol) of the Department of Health and Human Services (HHS) is the key element in Department identification. It represents the American People sheltered in the wing of the American Eagle, suggesting the Department’s concern and responsibility for the welfare of the people. This Symbol is the visual link which connects the graphic communications of all components and programs of the Department. It is the major design component for the Department Identifiers—the Department Logo, Seal, and Signatures.

(b) The Symbol is described as follows: The outline of an American Eagle, facing left, with one of its wings stretched upward and the other wing pointed downward, is flanked on its right side by two outlines of the profile of a human head, both of which are located in between the eagle’s wings. One of the profile outlines is smaller than the other and is nestled in the larger outline.

(c) The HHS Departmental Logo (Logo) incorporates the Symbol and is described as follows: From the tip of the outstretched wing of the American Eagle in the Symbol to the tip of the other, downward-facing wing, the words, “DEPARTMENT OF HEALTH & HUMAN SERVICES • USA” form a circular arc.

(d) The HHS Departmental Seal (Seal) incorporates the Symbol and is described as follows: Starting from the tip of the downward-facing wing of the American Eagle in the HHS Symbol and forming a complete circle clockwise around the HHS Symbol, the words, “DEPARTMENT OF HEALTH & HUMAN SERVICES • USA •” are

printed, surrounded by a border composed of a solid inner ring at the base of the text and a triangular, scalloped edge at the top of the text.

(e) The HHS Departmental Symbol, Logo, and Seal shall each be referred to as an HHS emblem and shall collectively be referred to as HHS emblems.

§ 18.2 Authority to affix Symbol, Logo or Seal.

HHS emblems cannot be used for other than official HHS business without written authorization from the Secretary or the Secretary's designee. Authority to provide authorization is delegated to the Assistant Secretary for Public Affairs (ASPA) or its designee.

§ 18.5 Compliance and enforcement.

In order to ensure adherence to the authorized uses of an HHS emblem, as provided in this part, a report of each suspected violation of this part or of questionable usage of any HHS emblem shall be submitted to the Inspector General, HHS Headquarters.

SUMMARY: We, NMFS, announce revisions to the Code of Federal Regulations (CFR) to clarify and update the descriptions of species under NMFS' jurisdiction that are currently listed as threatened or endangered under the Endangered Species Act of 1973 (ESA). Revisions include format changes to our lists of threatened and endangered species, revisions to regulatory language explaining our lists, updates to the descriptions of certain listed West Coast salmonid species to add or remove hatchery stocks consistent with our recently completed 5-year reviews under ESA section 4(c)(2), and corrections to regulatory text to fix inadvertent errors from previous rulemakings, update cross-references, and provide consistent language. We are not adding or removing any species to or from our lists, changing the status of any listed species, or adding or revising any critical habitat designation.

DATES: This final rule is effective on April 14, 2014.

SUPPLEMENTARY INFORMATION:

Background

Section 4 of the ESA provides for both NMFS and the U.S. Fish and Wildlife Service (FWS) to make determinations as to the endangered or threatened status of "species" in response to petitions or on their own initiative. In accordance with the ESA, we (NMFS) make determinations as to the threatened or endangered status of species by regulation. These regulations provide the text for each species listing and include the content required by the ESA section 4(c)(1). We enumerate and maintain a list of species under our jurisdiction which we have determined to be threatened or endangered at 50 CFR 223.102 (threatened species) and 50 CFR 224.101 (endangered species) (hereafter referred to as the "NMFS Lists"). The FWS maintains two master lists of all threatened and endangered species, i.e., both species under NMFS' jurisdiction and species under FWS' jurisdiction (the "FWS Lists"), at 50 CFR 17.11 (threatened and endangered animals) and 50 CFR 17.12 (threatened and endangered plants). The term "species" for listing purposes under the ESA includes the following entities: species, subspecies, and, for vertebrates only, "distinct population segments (DPSs)." Pacific salmon are listed as "evolutionarily significant units (ESUs)," which are essentially equivalent to DPSs for the purpose of the ESA. For West Coast salmon and steelhead, many of the ESU and DPS descriptions include fish originating from specific artificial propagation programs (e.g., hatcheries) that, along with their naturally-produced counterparts, are included as part of the listed species.

We recently completed a 5-year review of the status of ESA-listed salmon ESUs and steelhead DPSs in California (76 FR 50447, August 15, 2011; and 76 FR 76386, December 7, 2011) and in Oregon, Idaho, and Washington (76 FR 50448; August 15,
