

SUPPLEMENTARY INFORMATION: The Small Business Investment Company (SBIC) Program is one of the financial assistance programs available through SBA. The SBIC Program was established under the Small Business Investment Act of 1958, as amended. SBICs are privately owned and managed investment funds, licensed and regulated by SBA, that use their own capital plus funds borrowed with an SBA guarantee to make equity and debt investments in qualifying small businesses.

The License Application for a Small Business Investment Company (SBA Form 2183) requires an applicant to submit, among other things, its organizational documents. Since the majority of applicants to the SBIC program are formed as limited partnerships, most applicants submit their limited partnership agreement as part of their application. The original version of the Model was developed in 2000 to assist applicants in producing a limited partnership agreement suitable for an SBIC and to facilitate this process by including provisions required by the regulations governing the SBIC Program (13 CFR Part 107) and other SBA policy requirements designed to minimize the risk of loss to SBA in providing financial assistance to SBICs. The SBA Model Form of Agreement of Limited Partnership for an SBIC Issuing Debentures Only is available at <http://www.sba.gov/content/model-partnership-agreement>. To further assist applicants, the required provisions are shown in the Model in bold Arial typeface. Applicants to the SBIC Program are not required to use the Model and are permitted to submit any form of limited partnership agreement; however, those applicants that do not use the Model must either include in their limited partnership agreement the bold Arial typeface provisions from the Model or attach an annex to their limited partnership agreement with the bold Arial typeface provisions from the Model. As a result, for many applicants, the Model provides an efficient tool in

preparing a limited partnership agreement.

Since the Model was developed in 2000, changes have occurred both in the structure and operation of limited partnerships and in the venture capital industry. SBA is soliciting comments and recommendations from the public on updating the Model and will consider such comments when revising it. The SBA will not issue another notice in the **Federal Register** but will post the final revised version of the Model on the SBIC Web site at <http://www.sba.gov/category/lender-navigation/sba-loan-programs/sbic-program-0>.

1. *Statement Regarding Contributions—20 CFR 404.360–404.366 and 404.736–0960–0020.* SSA uses the SSA-783 to collect information regarding a child's current sources of support when determining the child's entitlement to Social Security benefits. We request this information from adults acting on behalf of the child claimants who can provide SSA with any sources of support or substantial contributions for the child. These adults inform the claims representative of these sources and contributions as part of the initial claims process. If the individual capable of providing the information does not accompany the child claimant, we mail the SSA-783 to the individual for completion, or if the person has access to a computer, we will refer them to SSA's Web site where they can download a copy of the form for completion and submission. The respondents are individuals providing information about a child's sources of support.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-783	30,000	1	17	8,500

2. *Railroad Employment Questionnaire—20CFR 404.1401, 404.1406–404.1408–0960–0078.* Railroad workers, their dependents, or their survivors can concurrently apply for railroad retirement and Social

Security benefits at SSA if the number holder, or claimant on the number holder's Social Security number, worked in the railroad industry. SSA uses the SSA-671 to coordinate Social Security claims processing with the

Railroad Retirement Board and to determine benefit entitlement and amount. The respondents are Social Security benefit applicants previously employed by a railroad or the dependents of railroad workers.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-671	125,000	1	5	10,417

II. SSA submitted the information collection below to OMB for clearance. Your comments regarding the information collection would be most useful if OMB and SSA receive them 30 days from the date of this publication. To be sure we consider your comments, we must receive them no later than May 22, 2014. Individuals can obtain copies of the OMB clearance package by writing to *OR.Reports.Clearance@ssa.gov*.

Questionnaire About Employment or Self-Employment Outside the United States—20 CFR 404.401(b)(1), 404.415 & 404.417–0960–0050. When a Social Security beneficiary or claimant reports work outside the United States, SSA uses Form SSA-7163 to determine if

foreign work deductions are applicable. Specifically, SSA uses Form SSA-7163 to determine: (1) whether work performed by beneficiaries outside the United States is cause for deductions from their monthly benefits; (2) which of two work tests (foreign or regular test) is applicable; and (3) the number of months, if any, for SSA-imposed deductions. As the respondents are beneficiaries living and working outside the United States, SSA must determine whether the annual earnings test applies to all earnings from work covered by the Social Security Act, including earnings from covered work performed outside the United States. However, because of the differences in foreign currency values, it is administratively impractical

to apply this test to earnings from non-covered work performed outside the United States and base it on United States dollars. Accordingly, the 45-hour work test provides for deductions from the benefits of employees under full retirement age who engage in non-covered remunerative activity for more than 45 hours in a calendar month. SSA asks beneficiaries working outside the United States to complete this form annually or every other year (depending on the country of residence). Respondents are beneficiaries or claimants for Social Security benefits who are engaged in work outside the United States.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-7163	20,000	1	12	4,000

Dated: April 17, 2014.
