Submission for OMB Review; Comment Request

AGENCY: Office of the Secretary, Department of Defense (DoD).

ACTION: Notice.

SUMMARY: The Department of Defense has submitted to OMB for clearance, the

following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

DATES: Consideration will be given to all comments received by May 23, 2014.

FOR FURTHER INFORMATION CONTACT: Fred Licari, 571–372–0493.

SUPPLEMENTARY INFORMATION:

Title, Associated Form and OMB Number: 2014 Ethnographies and Focus Groups; OMB Control Number 0704–TBD.

Type of Request: New.

Number of Respondents: 475.

Responses Per Respondent: 1.

Annual Responses: 475.

Average Burden per Response: 2 hours per ethnography; 2–2.25 hours per in-person focus group (depending on specific population); 1.5 hours per on-line focus group.

Annual Burden Hours: 298 hours total.

Needs and Uses: The primary objective of the set of information collections referred to as the 2014 Ethnographies and Focus Groups, conducted on behalf of the Federal Voting Assistance Program (FVAP), an agency of the Department of Defense, is to examine the attitudes, experiences, and behaviors of a number of actors involved in the absentee voting process as it pertains to CONUS and OCONUS military voters and overseas voters covered under the Uniformed and Overseas Civilian Absentee Voting Act (UOCAVA). This research will explore potential deficiencies, risks, and pitfalls which serve as barriers to voting success among these UOCAVA voters. The data obtained through this study will provide an assessment of potential changes to address current barriers to UOCAVA voting.

Affected Public: Non-military UOCAVA voters; Local Election Officials, and Individuals or Households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Ms. Jasmeet Seehra.

Written comments and recommendations on the proposed information collection should be sent to Ms. Jasmeet Seehra at the Office of Management and Budget, Desk Officer for DoD, Room 10236, New Executive Office Building, Washington, DC 20503.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Investing in Innovation Fund (i3), established under section 14007 of the American Recovery and Reinvestment Act of 2009 (ARRA), provides funding to support (1) local educational agencies (LEAs), and (2) nonprofit organizations in partnership with (a) one or more LEAs or (b) a consortium of schools. The i3 program is designed to generate and validate solutions to persistent educational challenges and to support the expansion of effective solutions to serve substantially larger numbers of students. The central design element of the i3 program is its multi-tier structure that links the amount of funding that an applicant may receive to the quality of the evidence supporting the efficacy of the proposed project. Applicants proposing practices supported by limited evidence can receive relatively small grants that support the development and initial evaluation of promising practices and help to identify new solutions to pressing challenges; applicants proposing practices supported by evidence from rigorous evaluations, such as large randomized controlled trials, can receive sizable grants to support expansion across the

country. This structure provides incentives for applicants to build evidence of effectiveness of their proposed projects and to address the barriers to serving more students across schools, districts, and States so that applicants can compete for more sizeable grants.

As importantly, all i3 projects are required to generate additional evidence of effectiveness. All i3 grantees must use part of their budgets to conduct independent evaluations (as defined in this notice) of their projects. This ensures that projects funded under the i3 program contribute significantly to improving the information available to practitioners and policymakers about which practices work, for which types of students, and in what contexts.

The Department awards three types of grants under this program: “Development” grants, “Validation” grants, and “Scale-up” grants. These grants differ in terms of the level of prior evidence of effectiveness required for consideration of funding, the level of scale the funded project should reach, and, consequently, the amount of funding available to support the project.

This notice invites applications for Scale-up grants only. The notice inviting applications for Validation grants is published elsewhere in this issue of the **Federal Register**. The notice inviting applications for Development grants was published in the **Federal Register** on March 14, 2014 (79 FR 14486) and is available at <http://www.gpo.gov/fdsys/pkg/FR-2014-03-14/pdf/2014-05706.pdf>.

Scale-up grants provide funding to support expansion of projects supported by strong evidence of effectiveness (as defined in this notice) to the national level (as defined in this notice). In addition to improving outcomes for an increasing number of high-need students, Scale-up grants will generate information about the students and contexts for which a practice is most effective. We expect that Scale-up grants will increase practitioners’ and policymakers’ understanding of strategies that allow organizations or practices to expand quickly and efficiently while maintaining their effectiveness.

All Scale-up grantees must evaluate the effectiveness of the i3-supported practice that the project implements and expands. This is particularly important in instances in which the proposed project includes changing the i3-supported practice in order to more efficiently reach the proposed level of scale (for example, by developing technology-enabled training tools). The evaluation of a Scale-up grant must
