SUPPLEMENTARY INFORMATION:

I. Background

GSA is proposing to amend the GSAR to delete GSAR Clause 552.237–70, Qualifications of Offerors, and provide other conforming changes.

This rule is a result of a retrospective analysis conducted under Executive Order (E.O.) 13563, Improving Regulations and Regulatory Review. E.O. 13563 required agencies to review existing regulations and identify rules that are obsolete, unnecessary, unjustified, excessively burdensome or counterproductive and identify those rules that warrant repeal, amendment, or revision. GSA identified GSAR clause

552.237–70, Qualifications of Offerors as one of four information collections in GSA’s Final Plan for Retrospective Analysis approved by the Office of Management and Budget (OMB) on August 18, 2011. GSA’s Final Plan for Retrospective Analysis was published in the **Federal Register** at 76 FR 32088 on June 3, 2011, (<http://www.gpo.gov/fdsys/pkg/FR-2011-06-03/pdf/2011-13495.pdf>), welcoming public comments. The GSA’s Final Plan was also posted on www.gsa.gov/open. No comments were received.

II. Discussion and Analysis

GSAM clause 552.237–70 was utilized to support GSA’s Public Buildings Service as outlined in GSAM 537.110. The provision requires all offerors considered for award for building services expected to exceed the simplified acquisition threshold and not initiated with Ability One under the Jarvis-Wagner-O-Day Act to furnish:

- Narrative statement listing comparable contracts performed.
- A general history of operating organization and complete experience.
- A statement of financial resources.
- Information on ability to maintain a staff of regular employees adequate to ensure continuous performance of the work.
- Demonstration that equipment and/or plant capacity for the work contemplated is sufficient, adequate and suitable.
- Information on competency in performing comparable building service contracts, acceptable financial resources, personnel staffing, plant, equipment and supply sources.

As a result of the Retrospective Analysis, GSA determined that the GSAR provision, 552.237–70, Qualifications of Offerors, is obsolete and no longer necessary. The collection of information associated with this provision is captured in a variety of methods such as: compliance with FAR part 9 including pre-award information, receipt of Dun and Bradstreet reports and receipt of contractor’s proposal information submitted in response to the Government technical evaluation criteria.

The specific changes contained in this rule are as follows:

- Information Collection 3090–0197, Qualifications of Offerors is deleted in its entirety.
- Under Subpart 501.106—Delete GSAR reference to Information Collection 3090–0197 and GSAR provision 552.237–70.
- Under GSAR 537.110, Solicitation Provisions and Contract Clauses—Delete GSAR 537.110(a)(1).

- Under GSAR 552.2, Text of Provisions and Clauses—GSAR 552.212–71, Contract Terms and Conditions Applicable to GSA Acquisition of Commercial Items, delete paragraph (a), and designate the clause introductory text as paragraph (a) and revise.

- Under GSAR 552.2, Text of Provisions and Clauses—Delete provision 552.237–70 in its entirety.

III. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

IV. Regulatory Flexibility Act

GSA does not expect this rule to have a significant economic impact on a substantial number of small business entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, as the Information Collection 3090–0197 is no longer needed and is removed from the GSAR. However, the agency did proceed with an Initial Regulatory Flexibility Analysis (IRFA) since this is issued as a proposed rule. This proposed rule reduces the burden on small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, as the Information Collection 3090–0197, citing GSAR clause 552.237–70, Qualifications of Offerors, is no longer needed and is removed from the GSAR. The IRFA has been prepared consistent with the criteria of 5 U.S.C. 604. The analysis is summarized as follows:

The removal of the solicitation clause is pursuant to authority of the Paperwork Reduction Act, Public Law 96–511, 94 Stat. 2812, codified in part at 44 U.S.C. 3501–21 and Executive Order 13563.

As a result of the Retrospective Analysis, GSA determined that the GSAR provision was no longer necessary and the provision was considered obsolete. Continued use of the provision was unnecessary as GSA

currently collects this information called for under GSAR 552.237–70 by a variety of methods that include pre-award information, Dun and Bradstreet reports and contractor's proposal information submitted in response to the Government's technical evaluation criteria. Cancellation of the information collection and removal of the GSAR provision was reported to OMB by the Regulatory Secretariat with OMB approval provided on October 24, 2011.

A determination was made under the authority of the Administrator of General Services Administration (GSA) that the action is necessary. GSA issued Acquisition Letter, MV–13–01 on January 13, 2013 that removed the contents of this rule from all contracts for building services expected to exceed the simplified acquisition threshold and not initiated with Ability One under the Javis-Wagner-O'Day Act.

The Regulatory Secretariat has submitted a copy of the Initial Regulatory Flexibility Analysis (IRFA) to the Chief Counsel for Advocacy of the Small Business Administration. A copy of the IRFA may be obtained from the Regulatory Secretariat. GSA invites comments from small business concerns and other interested parties on the expected impact of this rule on small entities.

GSA will also consider comments from small entities concerning the existing regulations in subparts affected by this rule in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 601, *et seq.* (GSAR Case 2013–G501), in correspondence.

IV. Paperwork Reduction Act

The Paperwork Reduction Act (44 U.S.C. Chapter 35) does not apply. OMB approved the withdrawal and discontinuation of the Information Collection 3090–0197 identifying GSAR Provision 552.237–70 on October 24, 2011. Based on the withdrawal of the information collection, the agency reflected a public burden estimate of 6,794 hours with a base labor rate of \$40.79 per hour for a total cost of \$277,127 in savings. Therefore, this proposed rule does not contain any information collection requirements that require additional approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Interim Safety Certification Training Program Provisions

AGENCY: Federal Transit Administration (FTA), DOT.

ACTION: Notice of proposed interim safety certification training provisions; request for comments.

SUMMARY: This document seeks public comment on FTA's proposed requirements for the interim safety certification training provisions for Federal and State safety oversight personnel and their contractor support who conduct safety audits and examinations of public transportation systems not otherwise regulated by another Federal agency. Additionally, FTA proposes that designated safety oversight personnel of public transportation systems that receive Federal transit funding may voluntarily participate in the interim safety certification training program.

DATES: Comments must be received on or before June 30, 2014. Any comments received after the deadline will be considered to the extent practicable.

ADDRESSES: Please submit your comments by only one of the following methods, and please identify your submission by docket number FTA–2014–0012:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov> and follow the online instructions for submitting comments.

- *U.S. Mail:* Send comments to Docket Management Facility, U.S. Department of Transportation, 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12–140, Washington, DC 20590–0001.

- *Fax:* Send comments to Docket Operations at (202) 493–2251.

- *Hand Delivery or Courier:* Bring comments to Docket Operations in Room W12–140 on the ground floor of the West Building, U.S. Department of Transportation headquarters, 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m. Eastern time, Monday through Friday except Federal holidays.

Instructions: You must include the agency name (Federal Transit Administration) and docket number (FTA–2014–0012) for this document at the beginning of your comments. Submit two copies of your comments if you submit them by mail. For confirmation that FTA received your comments, include a self-addressed, stamped postcard. Please be aware that all comments received will be posted without change to www.regulations.gov, including any personal information provided, and will be available to internet users. I. Overview

On July 6, 2012, President Obama signed into law the Moving Ahead for

Progress in the 21st Century Act, Public Law 112–141, (“MAP–21”), which sets a new framework for Federal public transportation safety programs. MAP–21 provides FTA with authority to set new rules and standards for how FTA, State Safety Oversight Agencies (SSOAs), transit agencies, and other transit stakeholders will work together to ensure the safety of transit riders, employees, and the public.

As part of this safety authority, MAP–21 requires FTA to establish a safety certification training program for Federal, State, and other designated personnel directly responsible for safety oversight of public transportation systems. 49 U.S.C. 5329(c). As required by subsection (c)(1), FTA will establish a permanent training program through the rulemaking process. To that end, FTA issued an Advance Notice of Proposed Rulemaking (ANPRM) on all aspects of FTA's safety authority, including the training program, which was published in the **Federal Register** on October 3, 2013.¹ FTA is currently reviewing the comments received to the ANPRM and will move forward as expeditiously as possible on notices of proposed rulemakings on all aspects of the ANPRM, including the training provisions.

However, prior to the finalization of a permanent program, pursuant to 49 U.S.C. 5329(c)(2), Congress required FTA to establish “interim provisions” for the certification and training of safety oversight personnel. The interim provisions will be in effect until the effective date of the final rule established under subsection (c)(1).

This notice proposes the interim provisions required by 49 U.S.C. 5329(c)(2). Once the interim provisions take effect, compliance with the interim provisions will be incorporated as a grant condition for State Safety Oversight Agency (SSOA) 5329(e) grant recipients and will be a recommended voluntary activity for FTA rail fixed guideway recipients of section 5307 and 5311 funding. In addition, recognizing that safety enhancement and promotion is of universal interest within the transit industry; FTA encourages bus grant recipients to voluntarily participate in appropriate components of the interim provisions.

FTA is seeking public comment on its proposal for the interim safety
