The Three Peaks Radio Control Airplane Model Port, mountain bike trailhead, the Lost World Trail, Practice Loop Trail, portions of the Race Course Trail and the equestrian trailhead within the Three Peaks SRMA will be available for public use during the event. The Iron County Recreation and Public Purposes Act Recreation Area will be open to the public as a spectator area for the OHV event.

The temporary closure is necessary to provide for the safety of participants, spectators, permittees and the general public. The closure will also prevent unnecessary environmental degradation and protect natural and cultural resources adjacent to the event site. The BLM will post closure signs at main entry points to the area. This closure order will be posted in the BLM Cedar City Field Office. Maps of the affected area and other documents associated with this closure are available at the BLM Cedar City Field Office at 176 East D.L. Sargent Dr., Cedar City, UT 84721.

Under the authority of Section 303(a) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1733(a)), 43 CFR 8360.0-7, and 43 CFR 8364.1, the BLM will enforce the following within the closure area:

Unless otherwise authorized, within the closure area no person shall:

- Camp or engage in camping in any area outside of the designated spectator areas.
- Enter any portion of the racecourse or any wash located within or adjacent to the race course.
- Discharge any firearm or weapon.
- Park, stop, or stand along the racecourse, in designated pit stop areas, or other areas outside of the designated spectator viewing areas.
- Park any vehicle in violation of posted restrictions, or in such a manner as to obstruct or impede normal or emergency traffic movement or the parking of other vehicles, create a safety hazard, or endanger any person, property or feature. Vehicles so parked are subject to citation, removal and impoundment at owner's expense.

- Take, drive, or operate any vehicle through, around or beyond a restrictive sign, barricade, fence or traffic control barrier or device.

Exceptions to Closure

1. Any Federal, state, or local officer or employees in the scope of their official duties.
2. Members of any organized rescue or firefighting force in performance of an official duty.
3. Vehicles owned by the United States, the state of Utah, and Iron County.
4. Any person authorized in writing by the BLM-Utah Cedar City Field Manager.

Effect of Closure

The entire area encompassed by the legal description above is closed to all unauthorized personnel and will be marked clearly as such on the ground prior to and during the event. Access routes leading to the designated racecourse are closed to vehicles and people and will be marked as such. Unless specifically addressed by regulations set forth in 43 CFR, the laws of the state of Utah shall govern the use and operation of vehicles. The authorized event organizer or their representatives, in conjunction with the BLM, will post warning signs, control access to and clearly mark, the race course, spectator areas, common access roads and road crossings during the closure period. Spectator and support vehicles may be driven on open roads only. Spectators may only observe from designated spectator areas. Support vehicles under permit for operation by event participants must follow the race permit stipulations.

Any person who violates the above rule(s) and/or restriction(s) may be tried before a United States Magistrate and fined no more than \$1,000, imprisoned for no more than 12 months, or both. Such violations may also be subject to the enhanced fines provided for by 18 U.S.C. 3571.

Authority: 43 CFR 8364.1.

Jenna Whitlock,

Associate State Director.

Final Environmental Impact Statement for General Management Plan for Golden Gate National Recreation Area and Muir Woods National Monument, Counties of Marin, San Francisco, and San Mateo, CA

AGENCY: National Park Service.

ACTION: Notice of availability.

SUMMARY: The National Park Service has prepared the Final Environmental Impact Statement (Final EIS) for the proposed General Management Plan (GMP) for Golden Gate National Recreation Area and Muir Woods National Monument. The Final EIS/GMP evaluates four alternatives for managing Golden Gate National Recreation Area and Muir Woods, and upon approval the GMP will serve as a blueprint to guide management of these units of the National Park System over the next 20 years.

DATES: The National Park Service will execute a Record of Decision (ROD) no sooner than 30 days following **Federal Register** publication by the Environmental Protection Agency of its notice of filing and availability of the Final EIS.

ADDRESSES: An electronic version of the Final EIS/GMP will be available for public inspection on the project Web site, and a limited number of CDs and printed copies will be made available at park headquarters. Printed or CD copies may also be requested by contacting Golden Gate National Recreation Area, Fort Mason, Building 201, San Francisco, CA 94123; telephone (415) 561-4930.

Background

Established in 1972 to bring “parks to the people”, until now Golden Gate National Recreation Area (GGNRA) has been operating under the 1980 GMP. During the 30 years since the first GMP was approved, GGNRA has doubled in size and visitation now approaches 16 million annually. The management staff has gained a better understanding of the natural and cultural resources of the park and the many recreational uses that occur within the park areas. Muir Woods was declared a national monument in 1908 and is currently managed as part of GGNRA.

Public scoping was initiated in the spring of 2006. The Notice of Intent to prepare an EIS was published in the **Federal Register** on March 29, 2006.

Five public scoping meetings were held in the area; approximately 300 participants overall provided relevant information which was duly considered in drafting preliminary alternatives. The preliminary alternatives were initially reviewed with the public at meetings held in June, 2008 (over 1,500 substantive comments were collected). Additionally, numerous coordination meetings were conducted with local agencies and partner organizations. An update on the evolving preferred alternative was provided to the public in the summer, 2009. The Draft EIS/GMP was released on September 9, 2011 with comments accepted through December 9, 2011. Three public meetings were hosted. Approximately 540 pieces of correspondence were received. Some plan content was modified based on public comments, but there have been very few substantial changes to the alternatives under consideration.

Proposed Plan and Alternatives

The Final EIS/GMP describes and analyzes four alternatives. The no-action alternative consists of the existing park management and serves as a comparative basis for evaluating the other alternatives.

Alternative 1, “Connecting People with the Parks,” would further the founding idea of “parks to the people” and would engage the community and other visitors in the enjoyment, understanding, and stewardship of the park’s resources and values. Park management would focus on ways to attract and welcome people, connect people with the resources, and promote understanding, enjoyment, preservation, and health. Alternative 1 is the “*agency-preferred*” alternative for managing most park lands in Marin, San Francisco, and San Mateo Counties.

Alternative 2, “Preserving and Enjoying Coastal Ecosystems,” would place an emphasis on preserving, enhancing, and promoting the dynamic and interconnected coastal ecosystems in which marine resources are valued and prominently featured. Recreational and educational opportunities would allow visitors to learn about and enjoy the ocean and bay environments, and gain a better understanding of the region’s international significance and history.

Alternative 3, “Focusing on National Treasures,” would place an emphasis on the park’s nationally important natural and cultural resources. The fundamental resources of each showcased site would be managed at the highest level of preservation to protect the resources in perpetuity and to
