

changes to the Exchange's operations or its rules.

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

No written comments were solicited or received with respect to the proposed rule change.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>8</sup> and Rule 19b-4(f)(6) thereunder.<sup>9</sup>

A proposed rule change filed under Rule 19b-4(f)(6)<sup>10</sup> normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),<sup>11</sup> the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, as it will allow the Exchange to continue to list mini options on the Google Class A shares following the issuance of a new class of Google shares (Class C) on April 2, 2014. For this reason, the Commission designates the proposed rule change to be operative upon filing.<sup>12</sup>

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may

temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

**[Release No. 34-72039; File No. SR-BATS-2014-016]**

**Self-Regulatory Organizations; BATS Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Clarify the Treatment of Intermarket Sweep Orders Entered Prior to the Completion of the Options Opening Process of BATS Exchange, Inc.**

April 29, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on April 17, 2014, BATS Exchange, Inc. The Exchange has designated this proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A) of the Act<sup>3</sup> and Rule 19b-4(f)(6)(iii) thereunder,<sup>4</sup> which renders it effective upon filing with the Commission. ## II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

#### 1. Purpose

The purpose of the proposed rule change is to make a clarifying amendment to Rule 21.7(a) in order to make the behavior of ISOs in the Opening Process more clear. Specifically, the Exchange is proposing to make clear that an order that is marked as ISO that is entered prior to completion of the Opening Process will be converted into a non-ISO.

As defined in Rule 600(b)(30) of Regulation NMS,<sup>7</sup> where a firm marks an order as an ISO, the firm is representing that it has simultaneously routed one or more additional limit orders to execute against the full displayed size of any protected bid, in the case of a limit order to sell, or the full displayed size of any protected offer, in the case of a limit order to buy, for the security, which indicates that at the time that the order is received, the Exchange may rely on the representation and execute the order at the limit price of the ISO. Because all orders received prior to the completion of the Opening Process are not immediately executable, but rather queued for later participation in the Opening Process, such a representation has no meaning in the context of the Opening Process and, thus, the Exchange converts ISOs entered for

queuing prior to the completion of the Opening Process into non-ISOs.

#### 2. Statutory Basis

The rule change proposed in this submission is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.<sup>8</sup> Specifically, the proposed change is consistent with Section 6(b)(5) of the Act,<sup>9</sup> because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to, and perfect the mechanism of, a free and open market and a national market system. The Exchange believes that the proposal is appropriate and reasonable because it clarifies the behavior of ISOs in the Opening Process. While the Exchange believes that the current behavior of ISOs in the Opening Process is fairly implied under current Rule 21.7(a), the Exchange believes that Rule 21.7(a) could be more clear, to the benefit of all Exchange participants.

### B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the act. The Exchange does not believe that the proposed change burdens competition, but instead, enhances competition, as it is intended to increase the transparency and clarity of the Exchange's Opening Process, which will encourage increased participation in the Opening Process.

### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

- (i) Significantly affect the protection of investors or the public interest;
- (ii) impose any significant burden on competition; and
- (iii) become operative for 30 days from the date on which it was filed, or

such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>10</sup> and Rule 19b-4(f)(6)<sup>11</sup> thereunder.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

## IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

### Electronic Comments
