

Abstract: U.S. Customs and Border Protection (CBP) is responsible for determining whether imported articles that are classified under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 9801.00.10, 9802.00.20, 9802.00.25, 9802.00.40, 9802.00.50, 9802.00.60 and 9817.00.40 are entitled to duty-free or reduced duty treatment. In order to file under these HTSUS provisions, importers, or their agents, must have the declarations that are provided for in 19 CFR 10.1(a), 10.8(a), 10.9(a) and 10.121 in their possession at the time of entry and submit them to CBP upon request. These declarations enable CBP to ascertain whether the requirements of these HTSUS provisions have been satisfied.

Current Actions: CBP proposes to extend the expiration date of this information collection with a no changes to the burden hours or to the information being collected.

Type of Review: Extension (without change)

Affected Public: Businesses

Estimated Number of Respondents: 19,445

Estimated Number of Responses per Respondent: 3

Estimated Number of Total Annual Responses: 58,335

Estimated Time per Response: 1 minute

Estimated Total Annual Burden Hours: 933

Dated: May 5, 2014.

Tracey Denning,

Agency Clearance Officer, U.S. Customs and Border Protection.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-5750-N-19]

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

FOR FURTHER INFORMATION CONTACT: Juanita Perry, Department of Housing and Urban Development, 451 Seventh Street SW., Room 7262, Washington, DC 20410; telephone (202) 402-3970; TTY

number for the hearing- and speech-impaired (202) 708-2565, (these telephone numbers are not toll-free), or call the toll-free Title V information line at 800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with the December 12, 1988 court order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.), HUD publishes a Notice, on a weekly basis, identifying unutilized, underutilized, excess and surplus Federal buildings and real property that HUD has reviewed for suitability for use to assist the homeless. Today's Notice is for the purpose of announcing that no additional properties have been determined suitable or unsuitable this week.

Dated: May 1, 2014.

Mark Johnston,

Deputy Assistant Secretary for Special Needs.

BILLING CODE 4210-67-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[LLWYD01000.L16100000.DU0000]

Notice of Intent To Prepare an Environmental Assessment To Amend the Resource Management Plan for the Pinedale Field Office, Pinedale, Wyoming.

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Intent.

SUMMARY: In compliance with the National Environmental Policy Act (NEPA) of 1969, as amended, and the Federal Land Policy and Management Act (FLPMA) of 1976, as amended, the Bureau of Land Management (BLM) Pinedale Field Office (PFO) intends to prepare a resource management plan (RMP) amendment with an associated environmental assessment (EA) to close approximately 5,120 acres to oil and gas leasing and by this notice is announcing the beginning of the scoping process.

DATES: Comments may be submitted in writing until June 9, 2014. Any scoping meetings will be announced at least 15 days in advance through local news media and the BLM Web site at www.blm.gov/wy/st/en/programs/Planning/rmps/pinedale.html. In order to be included in the analysis, all comments must be received prior to the close of the 30-day scoping period or 15 days after the last public meeting, whichever is later. The BLM will

provide additional opportunities for public participation as appropriate.

ADDRESSES: Written comments on issues and planning criteria may be submitted by any of the following methods:

- Email: BLM_WY_Pinedale_RMP_Amendment@blm.gov
- Fax: (307) 367-5329
- Mail or Delivery: BLM Pinedale Field Office, 1625 West Pine Street, P.O. Box 768, Pinedale, WY 82941

All comments must include a legible full name and address on the envelope, letter, fax, postcard or email. Documents pertinent to this proposal may be examined at the PFO, 1625 West Pine Street, Pinedale, Wyoming.

FOR FURTHER INFORMATION CONTACT:

Lauren McKeever, RMP Amendment Project Manager, at:

- Telephone: (307) 367-5352
- Email: BLM_WY_Pinedale_RMP_Amendment@blm.gov
- Address: P.O. Box 768, 1625 West Pine Street, Pinedale WY 82941

Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The BLM completed the Pinedale RMP in 2008. The purpose of the RMP amendment is to analyze the closure of approximately 5,120 acres to oil and gas leasing in Sublette County, Wyoming. The State of Wyoming has requested that this land be made unavailable for future mineral leasing and development due to its location immediately adjacent to United States Forest Service lands withdrawn from leasing by the Wyoming Range Legacy Act of 2009 and private split-estate lands that the 2008 Pinedale RMP determined not to be available for leasing. In accordance with 43 CFR 1610.5-5, an RMP may be changed through an amendment. An amendment may be initiated by the need to consider monitoring and evaluation findings, new data, new or revised policy, a change in circumstances or a proposed action that may result in a change in the scope of resource uses or a change in the terms, conditions and decisions of the approved plan.

The purpose of the public scoping process is to determine relevant issues that will influence the scope of the environmental analysis, including alternatives, and guide the planning process. The BLM will use an interdisciplinary approach to develop

the RMP amendment in order to consider the variety of resource issues and concerns identified.

Preliminary issues have been identified by BLM personnel, federal, state and local agencies and other stakeholders and include:

- Compliance with NEPA, FLPMA, and other applicable laws, executive orders, regulations and policy;
- Recognition of valid existing rights;
- All lands that may affect or be affected by BLM management decisions. Planning decisions in the RMP amendment will apply only to BLM-administered lands and federal mineral estate; and

- A collaborative and multi-jurisdictional approach, when possible, to jointly determine the desired future condition and management direction for the public lands. To the extent possible and within legal and regulatory parameters, the BLM management and planning decisions will complement the planning and management decisions of other agencies, state and local governments, and jurisdictions intermingled with, and adjacent to, the planning area.

The BLM will evaluate identified issues to be addressed in the plan, and will place them into one of three categories:

1. Issues to be resolved in the plan amendment;
2. Issues to be resolved through policy or administrative action; or
3. Issues beyond the scope of this plan amendment.

The BLM will provide an explanation in the draft RMP amendment/EA as to why an issue was placed in category two or three. The public is encouraged to help identify any management questions and concerns that should be addressed in the plan. The BLM will work collaboratively with interested parties to identify the management decisions that are best suited to local, regional, and national needs and concerns.

Comments may be submitted in writing to the BLM at any public scoping meeting or through one of the methods listed in the **ADDRESSES** section above. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 40 CFR 1501.7 and 43 CFR 1610.2.

Larry Claypool,

Acting State Director.

[LLWYD04000–2013–LL13110000–EJ0000]

Notice of Intent To Prepare an Environmental Impact Statement for the Bird Canyon Natural Gas Infill Project, Lincoln and Sublette Counties, WY

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Intent.

SUMMARY: In compliance with the National Environmental Policy Act (NEPA) of 1969, as amended, and the Federal Land Policy and Management Act of 1976, as amended, the Bureau of Land Management (BLM) Rock Springs Field Office (RSFO) intends to prepare an environmental impact statement (EIS) for the Bird Canyon Natural Gas Infill Project and by this notice announces the opening of the scoping period. The plan of development for this project proposes that 348 natural gas wells be drilled on public lands in the 17,612 acre Bird Canyon project area.

DATES: Comments must be received by June 9, 2014. The BLM will hold two public meetings as part of the public comment period; these will be announced through the local news media and the BLM Web site at www.blm.gov/wy/st/en/info/NEPA/documents/rsfo/birdcanyon.html at least 15 days in advance. In order to be included in the analysis, all comments must be received prior to the close of the 30-day scoping period or 15 days after the last public meeting, whichever is later. The BLM will provide additional opportunities for public participation as appropriate.

ADDRESSES: Written comments on issues and planning criteria may be submitted through any of the following methods:

- **Mail or Delivery:** BLM Rock Springs Field Office, Attn: Spencer Allred, 280 Highway 191 N., Rock Springs, WY 82901.

- **EMail:** blm_wy_bird_canyon_eis@blm.gov with “Public Comment” in the subject line.

- **Fax:** 307–352–0329.

All comments must include a legible full name and address on the envelope, letter, fax, postcard or email.

Documents pertinent to this proposal may be examined at the RSFO, 280 Highway 191 N., Rock Springs, Wyoming.

FOR FURTHER INFORMATION CONTACT:

Spencer Allred, Natural Resource Specialist, at 307–352–0325. Persons who use a telecommunications device for the deaf may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: Koch Exploration Company, LLC, and Memorial Resource Development, LLC, propose to drill 348 new natural gas wells within 17,612 acres of public land in the existing Bird Canyon Field, in Lincoln and Sublette counties, Wyoming. Drilling activities would occur over the next 10 to 20 years. The life of the project, including final reclamation, is projected to be approximately 55 years. The wells would be directionally drilled on expansions of existing well pads or on newly constructed multiple-well pads. Average well-pad spacing would be four pads per 640 acres. It is estimated that well pads would initially occupy 3.8 acres, which would then be reclaimed back to 1.1 acres after production facilities are installed. Total estimated initial disturbance for this project, including access roads, well pads and pipelines, is 392 acres. Following interim reclamation, including reclamation of 64 existing pads, total estimated long-term surface disturbance is 20 acres.

The proposed project is in an area designated as marginal nonattainment for ozone within the Upper Green River Basin by the Environmental Protection Agency (EPA) in July 2012.

Oil and gas development has occurred in the Bird Canyon Field since the 1960s. During that time, 90 wells have been drilled within the project area. Eighteen of those wells have been plugged or shut-in, leaving 72 wells in the field that are actively producing at this time.

An EIS will be prepared to analyze the impacts of the proposed project which the RSFO has preliminarily identified as socioeconomic, watershed qualities, historical and cultural resources, wildlife habitat, air quality, water quality and livestock forage. Identification of opportunities to apply mitigation hierarchy strategies for on-site, regional, and compensatory
