

PSD air quality permit for the Shady Hills SHGS project. A total of 60 comments from 2 commenters were received (via email and the regulations.com site) during the public comment period, which closed on October 24, 2013.

On January 23, 2014, EPA Region 4 requested public comments on a preliminary determination to issue a PSD air quality permit for the NHPC Okeelanta project. A total of 9 comments from one commenter were received (via email) during the public comment period, which closed on February 24, 2014.

The EPA reviewed each comment received and prepared a Response to Comments document for each of the two projects. After consideration of the expressed view of all interested persons, the pertinent Federal statutes and regulations, the applications and supplemental information submitted by the applicants, and additional material relevant to the applications and contained in the Administrative Records, the EPA made final determinations in accordance with title 40 CFR part 52 to issue final air permits.

Under 40 CFR 124.19(f)(2), notice of any final Agency action regarding a PSD permit must be published in the **Federal Register**. Section 307(b)(1) of the Clean Air Act (CAA) provides for review of final Agency action that is locally or regionally applicable in the United States Court of Appeals for the appropriate circuit. Such a petition for review of final Agency action must be filed within 60 days from the date of notice of such action in the **Federal Register**. For purposes of judicial review under the CAA, final Agency action occurs when a final PSD permit is issued or denied by the EPA and Agency review procedures are exhausted, per 40 CFR 124.19(f)(1).

Any person who filed comments on the draft permits was provided the opportunity to petition the Environmental Appeals Board by the end of February 14, 2014, for the Shady Hills permit, or by the end of April 17, 2014, for the NHPC permit. No petitions were submitted for either of these permits. Therefore, the Shady Hills permit became effective on February 15, 2014. The NHPC permit became effective on April 18, 2014.

Dated: May 2, 2014.

Director, Air, Pesticides and Toxics, Management Division, Region 4.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2009-1017; FRL-9909-40]

Notice of Receipt of Requests To Voluntarily Cancel Certain Pesticide Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), EPA is issuing a notice of receipt of requests by registrants to voluntarily cancel certain pesticide registrations. EPA intends to grant these requests at the close of the comment period for this announcement unless the Agency receives substantive comments within the comment period that would merit its further review of the requests, or unless the registrants withdraw their requests. If these requests are granted, any sale, distribution, or use of products listed in this notice will be permitted after the registrations have been cancelled only if such sale, distribution, or use is consistent with the terms as described in the final order. For those end-use products listed in Table 2 of Unit II, the cancellations will be effective December 31, 2016, as described in Unit II.

DATES: Comments must be received on or before June 19, 2014.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPP-2009-1017, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

- *Mail:* OPP Docket, Environmental Protection Agency Docket Center (EPA/DC), (28221T), 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001.

Submit written withdrawal request by mail to: Pesticide Re-Evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001.

- *Hand Delivery:* To make special arrangements for hand delivery or delivery of boxed information, please follow the instructions at <http://www.epa.gov/dockets/contacts.html>. Additional instructions on commenting or visiting the docket, along with more information about dockets generally, is available at <http://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: John W. Pates, Jr., Pesticide Re-Evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001; telephone number: (703) 308-8195; email address: pates.john@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides.

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](http://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When submitting comments, remember to:

- Identify the document by docket ID number and other identifying information (subject heading, **Federal Register** date and page number).
- Follow directions. The Agency may ask you to respond to specific questions or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.
- Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.
- Describe any assumptions and provide any technical information and/or data that you used.
- If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.
- Provide specific examples to illustrate your concerns and suggest alternatives.

vii. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.

viii. Make sure to submit your comments by the comment period deadline identified.

II. What action is the agency taking?

This notice announces receipt by the Agency of requests from registrants to cancel 63 pesticide products registered under FIFRA section 3 or 24(c). These registrations are listed in sequence by registration number (or company

number and 24(c) number) in Table 1 and Table 2 of this unit.

Unless the Agency determines that there are substantive comments that warrant further review of the requests or the registrants withdraw their requests, EPA intends to issue an order in the **Federal Register** canceling all of the affected registrations.

The allethrin series of pyrethroid insecticides include the following: Bioallethrin, esbiol, esbiothrin, and pynamin forte. The technical registrants for the allethrins, Sumitomo Chemical Company Limited and Valent BioSciences Corporation, cancelled all of the allethrins technical products effective September 30, 2015 and cancelled their allethrins end-use

product registrations effective December 31, 2016. Furthermore, Valent and Sumitomo requested that use of their technical products to formulate end-use products not be permitted after December 31, 2015. A final Cancellation Order was published in the **Federal Register** issue of April 24, 2013 (78 FR 74195). Because the allethrins technical products have been cancelled, several

other registrants for allethrins end-use products have requested cancellation with dates consistent with those specified for the Valent and Sumitomo allethrins end-use products. The cancellation of the end-use products listed in Table 2 are requested to be effective December 31, 2016.

III. What is the Agency's authority for taking this action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be cancelled. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**.

Section 6(f)(1)(B) of FIFRA requires that before acting on a request for voluntary cancellation, EPA must provide a 30-day public comment period on the request for voluntary cancellation or use termination. In addition, FIFRA section 6(f)(1)(C) requires that EPA provide a 180-day comment period on a request for voluntary cancellation or termination of any minor agricultural use before granting the request, unless:

1. The registrants request a waiver of the comment period, or
2. The EPA Administrator determines that continued use of the pesticide would pose an unreasonable adverse effect on the environment.

The registrants in Table 1 and Table 2 of Unit II. have requested that EPA waive the 180-day comment period. Accordingly, EPA will provide a 30-day comment period on the proposed requests.

IV. Procedures for Withdrawal of Request

Registrants who choose to withdraw a request for cancellation should submit such withdrawal in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. If the products

have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling.

V. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products that are currently in the United States and that were packaged, labeled, and released for shipment prior to the effective date of the cancellation action.

A. All Products in Table 1 (Except 000264-00806, 008033-00012, 008033-00013, 054382-00003, 067071-00053, 071368-00062, 087290-00014, 087290-00021)

Because the Agency has identified no significant potential risk concerns associated with these pesticide products, upon cancellation of the products identified in Table 1 of Unit II., EPA anticipates allowing registrants to sell and distribute existing stocks of these products for 1 year after publication of the Cancellation Order in the **Federal Register**. Thereafter, registrants will be prohibited from selling or distributing the pesticides identified in Table 1 of Unit II., except for export consistent with FIFRA section 17 or for proper disposal. Persons other than registrants will generally be allowed to sell, distribute, or use existing stocks until such stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the cancelled products.

B. Product 000264-00806

Because the Agency has identified no significant potential risk concerns associated with this pesticide product, upon cancellation of the product identified in Table 1 of Unit II., EPA anticipates allowing registrants to sell and distribute existing stocks of this product for 1 year and 6 months after publication of the Cancellation Order in the **Federal Register**. Thereafter, registrants will be prohibited from selling or distributing the pesticide identified in Table 1 of Unit II., except for export consistent with FIFRA section 17 or for proper disposal. Persons other than registrants will generally be allowed to sell, distribute, or use existing stocks until such stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the cancelled product.

C. Product 071368-00062

Because the Agency has identified no significant potential risk concerns associated with this pesticide product, EPA anticipates allowing registrants to sell and distribute existing stocks of this product until December 31, 2015. Thereafter, registrants, and persons other than registrants, are prohibited from selling or distributing existing stocks of product containing imazamethabenz identified in Table 1 of Unit II., except for export consistent with FIFRA section 17 or for proper disposal. Existing stocks of product containing imazamethabenz already in the hands of users can be used legally

until such stocks are exhausted, provided that the use is consistent with the terms of the previously approved labeling on, or that accompanied, the cancelled product.

D. Products (008033–00012, 008033–00013, 054382–00003, 067071–00053, 087290–00014 and 087290–00021)

Registrants have indicated to the Agency via letter and/or written response that due to the last manufacturing date, distribution date or the absence of marketing in the United States no further existing stocks provisions are necessary for them to sell and distribute their product(s). Persons other than registrants will generally be allowed to sell, distribute, or use existing stocks until such stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the cancelled products.

E. End-Use Products Listed in Table 2

Because the Agency has identified no significant potential risk concerns associated with the pesticide products listed in Table 2 of Unit II., EPA anticipates allowing registrants to sell and distribute these products until December 31, 2016. Thereafter, as of January 1, 2017, registrants will be prohibited from selling or distributing the pesticides identified in Table 2 of Unit II., except for export consistent with FIFRA section 17 or for proper disposal. Persons other than registrants will be allowed to sell, distribute, or use existing stocks until such stocks are exhausted, provided that such sale, distribution or use is consistent with the terms of the previously approved labeling on or that accompanied, the cancelled products.
