

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Docket No. EL14-49-000]

Southwest Power Pool, Inc.; Notice of Petition for Declaratory Order

Take notice that on May 9, 2014, Southwest Power Pool, Inc. (SPP), pursuant to Rule 207 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure, 18 CFR 385.207, filed a petition for declaratory order requesting that the Commission confirm that: (1) Section 7.4 of the SPP Open Access Transmission Tariff does not limit SPP's right to seek contract damages in an appropriate court for the nonpayment default for the entire term of the service contracted under the PTP Service Agreement with AES Shady Point, LLC (AES PTP Agreement); (2) nothing in the Commission's regulations requiring that transmission providers submit notices of termination before terminating service limits SPP's ability to seek damages for breach of contract in an appropriate court; and (3) the Commission's order¹ accepting cancellation of the AES PTP Agreement does not limit SPP's right to seek damages in an appropriate court for AES's nonperformance of the AES PTP Agreement.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Project No. 2187-042]

Public Service Company of Colorado; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969, as amended, and the Federal Energy Regulatory Commission's regulations (18 CFR Part 380), Commission staff has reviewed plans, filed January 22, 2014, to replace Clear Lake Dam and the dam outlet works at the Georgetown Hydroelectric Project, which is located on South Clear Creek, approximately 50 miles west of Denver in Clear Creek County, Colorado.

The project licensee, Public Service Company of Colorado, plans to remove the Georgetown Project's existing Clear Lake Dam and outlet works, and construct a new roller compacted concrete dam and new outlet works in the same location. The work would correct dam safety concerns and

minimize potential failure modes, maintain existing hydropower, water supply and recreation resources, minimize future operation and maintenance costs, and allow the licensee to maintain compliance with the dam safety requirements of Part 12 of the Commission's regulations.

An environmental assessment (EA) has been prepared as part of staff's review of the proposal. In the EA, Commission staff analyzed the probable environmental effects of the planned work and concluded that approval of the work, with appropriate environmental measures, would not constitute a major Federal action significantly affecting the quality of the human environment.

The EA is available for review and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE., Room 2A, Washington, DC 20426. The EA may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number (P-2187) in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at 1-866-208-3372, or for TTY, (202) 502-8659.

Dated: May 14, 2014.

[Docket No. EL01-88-013]

Louisiana Public Service Commission v. Entergy Services, Inc.; Notice of Filing

Take notice that on May 7, 2014, Entergy Services, Inc., as agent on behalf of the Entergy Operating Companies¹ submitted a correction to its April 29, 2014 subsequent compliance filing, correcting the calculation of the bandwidth remedy for the period of June 1, 2005 through December 31, 2005.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214).

¹ The Entergy Operating Companies are Entergy Arkansas, Inc., Entergy Gulf States Louisiana, L.L.C., Entergy Louisiana, LLC, Entergy Mississippi, Inc., Entergy New Orleans, Inc., Entergy Texas, Inc.

Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant and all the parties in this proceeding.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

[Docket No. EL14-48-000]

PJM Interconnection, LLC; Notice of Institution of Section 206 Proceeding and Refund Effective Date

On May 9, 2014, the Commission issued an order in Docket No. EL14-48-000, pursuant to section 206 of the Federal Power Act (FPA), 16 U.S.C. 824e (2012), instituting an investigation into whether the existing tariff provisions administered by PJM Interconnection, L.L.C. are unjust and unreasonable, in that they fail to promote long-term reliability in PJM's capacity market by possibly permitting speculative sell offers to be submitted into capacity market auctions.¹
