

## Other Clarifications

The Guide will be revised to clarify the descriptions of CNS Short Covers and Long Allocations and their effect on Participant collateral and the Collateral Monitor.

## III. Discussion and Commission Finding

Section 19(b)(2)(C) of the Act<sup>13</sup> directs the Commission to approve a proposed rule change of a self-regulatory organization if it finds that such proposed rule change is consistent with the requirements of the Act and rules and regulations thereunder applicable to such organization. Section 17A(b)(3)(F) of the Act requires that the rules of a clearing agency be designed to, among other things, “promote the prompt and accurate clearance and settlement of securities transactions and . . . to assure the safeguarding of securities and funds which are in the custody or control of the clearing agency or for which it is responsible.”<sup>14</sup> Further, Commission Rule 17Ad-22(d)(12) requires that registered clearing agencies “establish, implement, maintain and enforce written policies and procedures reasonable designed to, as applicable . . . [e]nsure that final settlement occurs no later than the end of the settlement day; and require that intraday or real-time finality be provided where necessary to reduce risks.”<sup>15</sup>

The Commission finds that the Proposed Rule Change is consistent with those requirements because the changes, which will conform to the changes proposed by NSCC in establishing a new ACATS processing system,<sup>16</sup> will enable DTC to complete ACATS transfers free of payment, thus streamlining DTC’s related processes, as described above. Therefore, the Proposed Rule Change will promote the prompt and accurate clearance and settlement of ACATS transfers, while supporting finality of such transfers at DTC on settlement day.

## IV. Conclusion

On the basis of the foregoing, the Commission finds that the proposal is consistent with the requirements of the Act and in particular with the requirements of Section 17A of the

of the Participant. It should be noted that the Participant may re-designate the securities as NA or deliver them versus payment in which case these securities will be counted in the Participant’s Collateral Monitor.

Some state laws recognize marriages without a ceremony (i.e., common-law marriages). In such cases, SSA provides the same spouse or widow(er) benefits to the common-law spouses as it does to ceremonially married spouses.
