SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments: The Coast Guard encourages public participation. We request that you submit comments and related materials in response to this notice. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided.

Submitting comments: If you submit a comment, please include the docket number for this notice, USCG–2014–0040, and provide a reason for each suggestion or recommendation. You may submit your comments and related material online at <http://www.regulations.gov>, or by fax, mail, or hand delivery, but please use only one of these means. If you submit a comment online, it will be considered received by the Coast Guard when you successfully transmit the comment. If you fax, hand deliver, or mail your comment, it will be considered as having been received by the Coast Guard when it is received at the Docket Management Facility. We recommend that you include your name and a mailing address, an email address, or a telephone number in the body of your document so that we can contact you if we have questions regarding your submission.

To submit your comment online, go to <http://www.regulations.gov>, type the docket number (USCG–2014–0040) in the “SEARCH” box and click “SEARCH.” Then click on “Submit a Comment” on the line associated with this notice.

If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period.

Viewing comments and documents: To view comments, go to <http://www.regulations.gov>, type the docket number (USCG–2014–0040) in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Privacy Act: Anyone can search the electronic form of comments received

into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review a Privacy Act notice regarding our public dockets in the January 17, 2008, issue of the **Federal Register** (73 FR 3316).

Public meeting: We do not now plan to hold a public meeting. But you may submit a request for one, using one of the methods specified under **ADDRESSES**. Please explain why you believe a public meeting would be beneficial. If, based on requests or comments received, the Coast Guard determines that a public meeting would aid this evaluation and subsequent recommendation, we will hold one at a time and place announced by a later notice in the **Federal Register**.

Discussion: Under 33 CFR 127.007, an owner or operator planning new construction to expand or modify marine terminal operations in an existing facility handling LNG or LHG, where the construction, expansion, or modification would result in an increase in the size and/or frequency of LNG or LHG marine traffic on the waterway associated with a proposed facility or modification to an existing facility, must submit an LOI to the Captain of the Port (COTP) of the zone in which the facility is or will be located. Under 33 CFR 127.009, after receiving an LOI, the COTP issues a Letter of Recommendation (LOR) as to the suitability of the waterway for LNG or LHG marine traffic to the appropriate jurisdictional authorities. The LOR is based on a series of factors outlined in 33 CFR 127.009 that relate to the physical nature of the affected waterway and issues of safety and security associated with LNG or LHG marine traffic on the affected waterway.

The purpose of this notice is to solicit public comments on the proposed construction project to modify existing facilities to add LHG operations as submitted by Phillips 66 in Freeport, Texas. Input from the public may be useful to the COTP with respect to developing the LOR. The Coast Guard requests comments to help assess the suitability of the associated waterway for increased LHG marine traffic as it relates to navigation, safety, and security.

On January 24, 2011, the Coast Guard published Navigation and Vessel Inspection Circular (NVIC) 01–2011, “Guidance Related to Waterfront Liquefied Natural Gas (LNG) Facilities.” NVIC 01–2011 provides guidance for owners and operators seeking approval to construct and operate LNG facilities. While NVIC 01–2011 is specific to LNG, it provides useful process information

and guidance for owners and operators seeking approval to construct and operate or expand LHG facilities as well. The Coast Guard will refer to NVIC 01–2011 for process information and guidance in evaluating the project included in the LOI and WSA submitted by Phillips 66. A copy of NVIC 01–2011 is available for viewing in the public docket for this notice and also on the Coast Guard's Web site at <http://www.uscg.mil/hq/cg5/nvic/2010s.asp>.

This notice is issued under authority of 33 U.S.C. 1223–1225, Department of Homeland Security Delegation Number 0170.1(70), 33 CFR 127.009, and 33 CFR 103.205.

Dated: May 21, 2014.

B.K. Penoyer,

Captain, U.S. Coast Guard, Captain of the Port Houston-Galveston, Texas.

Federal Emergency Management Agency

[Docket ID FEMA–2014–0012; OMB No. 1660–0004]

Agency Information Collection Activities: Submission for OMB Review; Comment Request; Application for Participation in the National Flood Insurance Program (NFIP)

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. The submission will describe the nature of the information collection, the categories of respondents, the estimated burden (i.e., the time, effort and resources used by respondents to respond) and cost, and the actual data collection instruments FEMA will use.

DATES: Comments must be submitted on or before July 7, 2014.

ADDRESSES: Submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the Desk Officer for the Department of Homeland

Security, Federal Emergency Management Agency, and sent via electronic mail to oira.submission@omb.eop.gov or faxed to (202) 395–5806.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection should be made to Director, Records Management Division, 500 C Street SW., Washington, DC 20472–3100, facsimile number (202) 212–4701, or email address FEMA-Information-Collections-Management@dhs.gov.

SUPPLEMENTARY INFORMATION:

Collection of Information

Title: Application for Participation in the National Flood Insurance Program (NFIP).

Type of information collection: Revision of a currently approved information collection.

OMB Number: 1660–0004.

Form Titles and Numbers: FEMA Form 086–0–30, Application for Participation in the National Flood Insurance Program.

Abstract: The National Flood Insurance Program (NFIP) provides flood insurance to the communities that apply for participation and make a commitment to adopt and enforce land use control measures that are established to reduce risk to people and property in flood-prone areas. The application form and supporting documentation will enable FEMA to continue to rapidly process new community applications and to thereby more quickly provide flood insurance protection to the residents in these communities.

This collection has been updated to account for the burden hours associated with the communities' floodplain development permitting process. To qualify for the NFIP, a participating community must adopt certain minimum standards in accordance with FEMA's regulations at 44 CFR 60.3, 60.4, and 60.5. In order to verify whether communities maintain such standards, the NFIP requires participating communities to retain documentation on development taking place in the flood hazard areas within the community. 44 CFR 59.22. Such information will be made available to FEMA upon request. This information assists FEMA in evaluating the effectiveness of a community's floodplain management program and, through that, the community's continuing eligibility to participate in the program. In the past, the NFIP application did not account for burden hours associated with this collection of information.

The Application for Participation in the NFIP and the Community Development Permit Process are separate actions documented under the same collection.

Affected Public: State, local or Tribal Government.

Estimated Number of Respondents: 20,344.

Estimated Total Annual Burden Hours: 221,121 hours.

Estimated Cost: The estimated annual cost to respondents for the hour burden is \$9,382,164.30. There are no annual costs to respondents operations and maintenance costs for technical services. There is no annual start-up or capital costs. The cost to the Federal Government is \$74,788.

Dated: May 28, 2014.

Director, Records Management Division, Mission Support Bureau, Federal Emergency Management Agency, Department of Homeland Security.
