Patrick D. Broe and Sand Springs Holdings, LLC—Acquisition of Control Exemption—Sand Springs Railway Company

Patrick D. Broe (Broe) and Sand Springs Holdings, LLC (Holdings) (collectively, Applicants), both noncarriers, have filed a verified notice of exemption under 49 CFR 1180.2(d)(2) to acquire control of Sand Springs Railway Company (Sand Springs), a Class III railroad.

Applicants state that Broe directly controls Holdings, OmniTRAX, Inc. (OmniTRAX), a noncarrier company that controls 12 Class III railroads,¹ and BNS Holding, Inc. (BNS), a noncarrier that indirectly controls three Class III

railroads.² Applicants also state that Sheffield Steel Corporation (Sheffield), a noncarrier, currently controls Sand Springs. According to Applicants, Holdings and Sheffield have entered into an agreement³ dated May 23, 2014, by which Holdings will acquire all of the stock of Sand Springs. Once that transaction is consummated, Broe and Holdings will control Sand Springs.

Applicants intend to consummate this transaction on or shortly after June 26, 2014 (the effective date of the exemption, 30 days after the notice of exemption was filed).

Applicants state that: (1) The rail lines operated by OmniTRAX's and BNS's railroads do not connect with the rail lines operated by Sand Springs; (2) this transaction is not part of a series of anticipated transactions that would connect the rail lines operated by Sand Springs with any railroad in the OmniTRAX or BNS corporate family; and (3) the transaction does not involve a Class I rail carrier. Therefore, the transaction is exempt from the prior approval requirements of 49 U.S.C. 11323 pursuant to 49 CFR 1180.2(d)(2).

Under 49 U.S.C. 10502(g), the Board may not use its exemption authority to relieve a rail carrier of its statutory obligation to protect the interests of its employees. Section 11326(c), however, does not provide for labor protection for transactions under 11324 and 11325 that involve only Class III rail carriers. Accordingly, the Board may not impose labor protective conditions here, because all of the carriers involved are Class III carriers.

If the verified notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions to stay must be filed no later than June 19, 2014 (at least 7 days before the exemption becomes effective).

An original and 10 copies of all pleadings, referring to Docket No. FD 35829, must be filed with the Surface Transportation Board, 395 E Street SW., Washington, DC 20423–0001. In addition, a copy must be served on Karl Morell, Ball Janik LLP, 655 Fifteenth

Street NW., Suite 225, Washington, DC 20005.

Board decisions and notices are available on our Web site at WWW.STB.DOT.GOV.

Decided: June 9, 2014.

[Docket No. FD 35831]

Grainbelt Corporation—Trackage Rights Exemption—BNSF Railway Company and Stillwater Central Railroad, LLC

BNSF Railway Company (BNSF) and Stillwater Central Railroad, LLC f/k/a Stillwater Central Railroad, Inc. (SLWC), pursuant to written trackage rights agreements dated April 1, 2014, and May 21, 2014, respectively, have each agreed to amend their trackage rights agreements with Grainbelt Corporation (GNBC),¹ which together will allow GNBC to provide local service to a grain shuttle facility in Eldorado, Okla. (between Altus and Quanah). Specifically, BNSF is amending its trackage rights with GNBC regarding service over the connecting line between the connection with SLWC east of Long (milepost 668.73) and Quanah (milepost 723.30), and SLWC is amending its trackage rights with GNBC regarding service between Snyder Yard (milepost 664.00) and its connection with BNSF east of Long (milepost 668.73).²

¹ GNBC already held overhead trackage rights granted by the predecessor of BNSF between Snyder Yard, Okla. (milepost 664.00) and Quanah, Tex. (milepost 723.30), under which GNBC has the right to interchange at Quanah with BNSF and Union Pacific Railroad Company. BNSF subsequently sold a portion of the subject trackage to SLWC. The original trackage rights were supplemented in 2009 to allow GNBC to operate between Snyder and Altus, Okla., with the right to perform limited local service at Long, Okla. See *Grainbelt Corp.—Trackage Rights Exemption—BNSF Ry. & Stillwater Cent. R.R.*, FD 35332 (STB served Dec. 17, 2009). The trackage rights were further amended in 2013 to allow GNBC to provide local grain service to a shuttle facility at Headrick, Okla. See *Grainbelt Corp.—Trackage Rights Exemption—BNSF Ry. & Stillwater Cent. R.R.*, FD 35719 (STB served Mar. 15, 2013). The original and supplemental trackage rights would not be affected by the amended trackage rights that are the subject of this proceeding.

² Redacted versions of the trackage rights agreements between GNBC/BNSF and GNBC/SLWC

¹ Those 12 railroads are: Chicago Rail Link, LLC; Georgia Woodlands Railroad, LLC; Great Western Railway of Colorado, LLC; Manufacturers' Junction Railway, LLC; Newburgh & South Shore Railroad, LLC; Northern Ohio & Western Railway, LLC; Panhandle Northern Railroad, LLC; Alliance Terminal Railroad, LLC; Fulton County Railway, LLC; Alabama & Tennessee River Railway, LLC; Kettle Falls International Railway, LLC; and Stockton Terminal and Eastern Railroad.

² Those three railroads are: Nebraska, Kansas and Colorado Railway, LLC; Illinois Railway, LLC; and Georgia & Florida Railway, LLC.

³ A redacted version of the agreement between Holdings and Sheffield was filed with the notice of exemption. An unredacted version was filed concurrently under seal, along with a motion for protective order pursuant to 49 CFR 1104.14(b). That motion will be addressed in a separate decision.

The transaction may be consummated on or after June 26, 2014, the effective date of the exemption (30 days after the verified notice was filed).

The purpose of this transaction is to allow GNBC to provide local, single system service between the grain shippers located on GNBC, including GNBC's affiliate, Farmrail Corporation, and the grain shuttle facility located at Eldorado. The parties' agreements provide that the trackage rights will automatically expire on February 1, 2023.³

As a condition to this exemption, any employees affected by the trackage rights will be protected by the conditions imposed in *Norfolk & Western Railway—Trackage Rights—Burlington Northern, Inc.*, 354 I.C.C. 605 (1978), as modified in *Mendocino Coast Railway—Lease & Operate—California Western Railroad*, 360 I.C.C. 653 (1980).

This notice is filed under 49 CFR 1180.2(d)(7). If it contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Stay petitions must be filed by June 19, 2014 (at least seven days before the exemption becomes effective).

An original and 10 copies of all pleadings, referring to Docket No. FD 35831, must be filed with the Surface Transportation Board, 395 E Street SW., Washington, DC 20423-0001. In addition, a copy of each pleading must be served on Eric M. Hocky, Clark Hill, PLC, One Commerce Square, 2005 Market Street, Suite 1000, Philadelphia, PA 19103.

were filed with the notice of exemption. The full versions of the agreements, as required by 49 CFR 1180.6(a)(7)(ii), were concurrently filed under seal along with a motion for protective order. That motion will be addressed in a separate decision.

³ GNBC states that this filing is related to a simultaneously filed petition in *Grainbelt Corporation—Trackage Rights Exemption—BNSF Railway & Stillwater Central Railroad*, Docket No. 35831 (Sub-No. 1), for partial revocation of the exemption to permit the amended trackage rights to expire upon the expiration date of the previous amendment to the trackage rights, February 1, 2023. The Board will address that petition in a subsequent decision.
