The OCC is soliciting comment concerning its information collection titled, “Loans in Areas Having Special Flood Hazards.”

SUPPLEMENTARY INFORMATION: The OCC is proposing to extend OMB approval of the following information collection:

Title: Loans in Areas Having Special Flood Hazards—12 CFR part 22.

OMB Control Number: 1557–0202.

Description: The regulation requires national banks to make disclosures and keep records regarding whether a

property held as security for a loan is located in a special flood hazard area.

This information collection is required by section 303(a)¹ and title V of the Riegle Community Development and Regulatory Improvement Act,² the National Flood Insurance Reform Act of 1994 amendments to the National Flood Insurance Act of 1968,³ the Flood Disaster Protection Act of 1973,⁴ and by OCC regulations implementing those statutes. The information collection requirements are contained in 12 CFR part 22.

Section 22.6 requires a national bank to use the Standard Flood Hazard Determination Form developed by the Federal Emergency Management Agency (FEMA) and to maintain a completed copy of that form for the period of time the bank owns the loan.

Section 22.7 requires a national bank or its loan servicer, if a borrower has not obtained flood insurance, to notify the borrower to obtain adequate flood insurance coverage or the bank or servicer will purchase flood insurance on the borrower's behalf.

Section 22.9 requires a national bank making, extending, increasing, or renewing a loan secured by a building or a mobile home located in a special flood hazard area to advise the borrower and the loan servicer that the property is located in a special flood hazard area; provide a description of the flood insurance purchase requirements; and provide information regarding the availability of insurance under the National Flood Insurance Program and of Federal assistance in the event of a declared Federal flood disaster. In lieu of providing the borrower notice, a national bank may obtain a satisfactory written assurance from a seller or lessor that, within a reasonable time before completion of the sale or lease transaction, the seller or lessor provided such notice to the purchaser or lessee. For the period of time the bank owns the loan, the bank must maintain a record of the borrower's and loan servicer's receipts of these notices and, where appropriate, the written assurance from the seller or the lessor.

Section 22.10 requires a national bank making, increasing, extending, renewing, selling, or transferring a loan secured by a building or a mobile home located in a special flood hazard area to notify FEMA of the identity of the servicer, and of any change in servicers.

These information collection requirements ensure bank compliance

with applicable Federal law, further bank safety and soundness, provide protections for banks and the public, and further public policy interests.

Type of Review: Regular review.

Affected Public: Businesses or other for-profit.

Estimated Number of Respondents: 2,251.

Estimated Responses per Respondent: 2,729.

Estimated Total Annual Responses: 6,142,979.

Estimated Frequency of Response: On occasion.

Estimated Total Annual Burden: 363,012 hours.

An agency may not conduct or sponsor, and a respondent is not required to respond to, an information collection unless the information collection displays a currently valid OMB control number.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval. All comments become a matter of public record. Comments are invited on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the OCC, including whether the information shall have practical utility;
