**SUPPLEMENTARY INFORMATION:** The Consolidated Appropriations Act of 2014 (Act) includes funding to implement the Indian Self-Determination and Education Assistance Act of 1975, as amended, and authorizes discretionary allocations for contract support costs (CSC) for the Bureau of Indian Affairs (BIA). The Act

did not limit the amount available in the fiscal year (FY), as in prior years, for the payment of CSC, nor did it include the proposal put forth in the Administration's FY 2014 budget request that would place a cap on the CSC amounts available for each tribal contract or compact. Instead, as set forth in the Joint Explanatory Statement accompanying the Act, Congress "remanded back to the agencies to resolve" the determination of CSC amounts to be paid from within the FY 2014 appropriation.

Congress directed the BIA to consult with the tribes and work with the House and Senate committees of jurisdiction, the Office of Management and Budget, and the Committees on Appropriations to formulate long-term accounting, budget, and legislative strategies to work on solutions going forward. Congress

indicated that the solution should consider a standardized approach that streamlines the contract negotiation process, provides consistent and clear cost categories, and ensures efficient and timely cost documentation for the agencies and tribes. These sessions, to be held in geographically convenient locations to encourage tribal participation, will allow for broad input regarding these activities. Federally recognized tribes are invited to attend one or more of the consultation sessions regarding contract support costs.

The BIA plans to continue consultation throughout the following months as the agency addresses implementation of its work plan, which was submitted to Congress by May 17, 2014. The following chart details the schedule of the five consultation sessions.

##### II. Background

The 160-acre Cove Recreation Site is a 29-unit campground and day-use site located along C.J. Strike Reservoir, about 35 miles southwest of Mountain Home in southwestern Idaho. The site provides opportunities to fish, hike, view wildlife, boat (motorized and non-motorized), waterski, swim, camp, and picnic.

There are no proposed changes to Cove Recreation Site user fees, which were established in 2007 under the Recreation Fee Demonstration Program. The proposed supplementary rules would help the BLM achieve management objectives for the Snake River Birds of Prey NCA, which include restoring and rehabilitating non-shrub areas, and improving raptor and raptor prey habitat, while imposing only moderate restrictions on recreation. They would also provide the BLM with the enforcement tools needed to enhance public health and safety and help prevent damage to natural and cultural resources.

##### III. Discussion of the Proposed Supplementary Rules

The BLM published proposed supplementary rules for the Cove Recreation Site in the **Federal Register** on August 10, 2005 (70 FR 46538), but these were never finalized. The proposed rules in this notice include the earlier rules, which were not finalized, and four additional proposed site management rules. The earlier proposed
