

uses appendices to define the acceptable standards for knowledge, skill, and risk management in the aeronautical proficiency tasks unique to a particular instructor certificate or rating.

The ACS WG also wishes to emphasize that the authorized instructor ACS is not intended to be a stand-alone document. Rather, it is intended to be used in conjunction with the pilot certificate level or rating ACS for which the instructor-applicant seeks authorization to provide instruction. Therefore, in addition to mastery of the knowledge and skills defined in the authorized instructor ACS, the instructor-applicant must demonstrate instructional competence for Tasks in the ACS for the appropriate certificate level or rating, to include analyzing and correcting common learner errors.

Issued in Washington, DC, under the authority set forth in 49 U.S.C. 106(f) on June 19, 2014.

Brenda D. Courtney,

Acting, Designated Federal Officer, Aviation Rulemaking Advisory Committee.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Summary Notice No. PE-2014-36]

Petition for Exemption; Summary of Petition Received

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of petition for exemption received.

SUMMARY: This notice contains a summary of a petition seeking relief from specified requirements of 14 CFR. The purpose of this notice is to improve the public's awareness of, and participation in, this aspect of FAA's regulatory activities. Neither publication of this notice nor the inclusion or omission of information in the summary is intended to affect the legal status of the petition or its final disposition.

DATES: Comments on this petition must identify the petition docket number and must be received on or before July 15, 2014.

ADDRESSES: You may send comments identified by Docket Number FAA-2014-0361 using any of the following methods:

- *Government-wide rulemaking Web site:* Go to <http://www.regulations.gov> and follow the instructions for sending your comments electronically.
- *Mail:* Send comments to the Docket Management Facility; U.S. Department

of Transportation, 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12-140, Washington, DC 20590.

- *Fax:* Fax comments to the Docket Management Facility at 202-493-2251.

- *Hand Delivery:* Bring comments to the Docket Management Facility in Room W12-140 of the West Building Ground Floor at 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Privacy: We will post all comments we receive, without change, to <http://www.regulations.gov>, including any personal information you provide. Using the search function of our docket Web site, anyone can find and read the comments received into any of our dockets, including the name of the individual sending the comment (or signing the comment for an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477-78).

Docket: To read background documents or comments received, go to <http://www.regulations.gov> at any time or to the Docket Management Facility in Room W12-140 of the West Building Ground Floor at 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Nia Daniels, (202) 267-9677, 800 Independence Ave. SW., Washington, DC 20591.

This notice is published pursuant to 14 CFR 11.85.

Brenda D. Courtney,

Acting Director, Office of Rulemaking.

Petition for Exemption

Docket No.: FAA-2014-0361.

Petitioner: Gulf and Caribbean Cargo, Inc.

Section of 14 CFR Affected: 121.436.

Description of Relief Sought: Gulf and Caribbean Cargo, Inc. seeks an exemption from 14 CFR 121.436 for its pilots in cargo operations to allow the pilot in command of the turbojet airplanes in Part 135 operations to count that pilot in command time toward the experience requirements of 14 CFR 121.436 regardless of whether the airplane was configured to carry passengers or cargo.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

Notice of Application for Approval of Railroad Safety Program Plans and Product Safety Plans

In accordance with part 236 of Title 49 Code of Federal Regulations and 49 U.S.C. 20502(a), this document provides the public notice that by documents dated March 31, 2014, the railroads listed below have petitioned the Federal Railroad Administration (FRA) for approval of their Railroad Safety Program Plans (RSPP) and Product Safety Plans (PSP) for the Railsoft TrackAccess system. FRA assigned the petitions the following docket numbers:

- *Kettle Falls International Railway:* FRA-2014-0049.

- *Georgia & Florida Railway:* FRA-2014-0050.

- *Nebraska, Kansas & Colorado Railway:* FRA-2014-0052.

- *Panhandle Northern Railroad:* FRA-2014-0053.

- *Illinois Railway:* FRA-2014-0051

TrackAccess is a processor-based dispatch system developed for operation in autonomous mode (without dispatcher intervention) for low-density rail lines. The system provides a processor-based methodology of requesting and issuing track authority to either qualified train crewmembers or roadway workers. It does so while increasing railroad productivity and significantly improving the safety of train operations, roadway workers, and other railway equipment.

FRA is providing public notice that the railroads' RSPPs and related documents have been placed in the dockets listed above and are available for public inspection. FRA is not accepting public comment on the RSPP documents; notice regarding these documents is provided for information only.

FRA is accepting comments on the PSPs for each railroad, which are posted in the dockets listed above for public inspection. The railroads assert that their RSPPs and PSPs contain the same information and analysis as the Alabama & Tennessee River Railway's (ATN) RSPP Revision 1, dated February 16, 2009, and the ATN PSP Revision 1, dated March 15, 2012. The ATN RSPP Revision 1 and the ATN PSP Revision 1 were previously approved by FRA on January 28, 2014 (Docket FRA-2013-0088).

The PSPs provide descriptions of the TrackAccess system. The railroads state that in the case of ATN, FRA found that the PSP demonstrates that TrackAccess

was designed in a highly safe manner and was sufficiently tested to verify that fact. FRA approved the use of TrackAccess in autonomous mode for ATN. The railroads assert that since their RSPPs and PSPs contain the same programmatic and technical information as the FRA-approved ATN RSPP Revision 1 and PSP Revision 1, including autonomous TrackAccess operations, these railroads should also be allowed to use TrackAccess in an autonomous mode.

Copies of the petitions, as well as any written communications concerning the petitions, are available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Avenue, SE., W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

- **Web site:** <http://www.regulations.gov>. Follow the online instructions for submitting comments.
- **Fax:** 202-493-2251.
- **Mail:** Docket Operations Facility, U.S. Department of Transportation, 1200 New Jersey Avenue SE., W12-140, Washington, DC 20590.
- **Hand Delivery:** 1200 New Jersey Avenue SE., Room W12-140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Communications received by August 11, 2014 will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable.

Anyone is able to search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). See <http://www.regulations.gov/#!privacyNotice> for the privacy notice of regulations.gov

or interested parties may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477).

Issued in Washington, DC, on June 20, 2014.

Ron Hynes,

Director, Office of Safety Assurance and Compliance.

BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

Environmental Impact Statement for Dallas—Houston High Speed Passenger Rail Corridor

AGENCY: Federal Railroad Administration (FRA), Department of Transportation (DOT).

ACTION: Notice of Intent to prepare an Environmental Impact Statement (EIS).

SUMMARY: FRA is issuing this notice to advise the public that FRA and the Texas Department of Transportation (TxDOT) intend to prepare an EIS pursuant to the National Environmental Policy Act of 1969 (NEPA) for the impacts of constructing and operating a dedicated high-speed rail (HSR) system (Proposed Action) proposed by the private company, Texas Central High-Speed Railway (TCR), for the Central Texas High-Speed Rail Corridor. The EIS will evaluate route alternatives for passenger rail for the corridor between Dallas and Houston, which currently has no passenger rail service. FRA will evaluate alternatives for construction and operation of the Proposed Action consisting of a sealed HSR corridor.

DATES: FRA invites the public, governmental agencies, and all other interested parties to comment on the scope of the EIS. All such comments should be provided in writing, within ninety (90) days of the publication of this notice, at the address listed below. Comments may also be provided orally or in writing at the scoping meetings. Scoping meeting dates, times and locations, in addition to related information about the EIS for the Central Texas High-Speed Rail Corridor can be found online at <http://www.fra.dot.gov/Page/P0700>.

ADDRESSES: Written comments on the scope of the EIS may be mailed or emailed within ninety (90) days of the publication of this notice to Michael Johnsen, Lead Environmental Protection Specialist, Office of Railroad Policy and Development, Federal Railroad Administration, 1200 New Jersey

Avenue SE., MS-20, Washington, DC 20590, or michael.johnsen@dot.gov.

FOR FURTHER INFORMATION CONTACT:

Michael Johnsen, Lead Environmental Protection Specialist at 1200 New Jersey Avenue SE., MS-20, Washington, DC 20590, telephone (202) 493-1310, email: Michael.johnsen@dot.gov, or Melissa Neeley, Director of Project Delivery Management, Environmental Affairs Division of the Texas Department of Transportation, 118 E. Riverside Drive, Austin, TX 78704. Telephone (512) 416-3014, email: Melissa.Neeley@txdot.gov.

SUPPLEMENTARY INFORMATION: The EIS will be prepared in accordance with the National Environmental Policy Act of 1969 (NEPA), the Council on Environmental Quality (CEQ) regulations implementing NEPA and the FRA's Procedures for Considering Environmental Impacts as set forth in 64 FR 28545, dated May 26, 1999 (Environmental Procedures). The EIS will also address Section 106 of the National Historic Preservation Act, Section 4(f) of the U.S. Department of Transportation Act of 1966 (49 U.S.C. 303), Executive Order 12898 and USDOT Order 5610.2(a) on Environmental Justice and other applicable Federal and state laws and regulations. The EIS will address environmental impact issues of concern and will include:

- Describing the purpose and need for the Proposed Action.
- Describing the environment likely to be affected by the Proposed Action.
- Identifying the reasonable alternatives that satisfy the purpose and need for the Proposed Action.
- Describing the no-build or no-action alternative to serve as a baseline for comparison.
- Describing the potential environmental impacts associated with the reasonable alternatives and mitigation to address significant impacts.

FRA, in cooperation with TxDOT will prepare the EIS for the Central Texas High-Speed Rail Corridor. The Proposed Action would connect Dallas and Houston with a dedicated HSR system and establish connectivity with other transportation services in Houston and Dallas. As part of the EIS, the impacts of various alternative HSR route alignments will be analyzed including shared corridors with other existing linear infrastructure corridors such as railroads, roads, and electric utility lines. The HSR system would be dedicated and would not share track or infrastructure with existing trains and rail lines. In addition, the EIS will analyze the potential impacts of
