[Docket No. USCG–2014–0081]

RIN 1625–AA00

Safety Zones; Annual Events in the Captain of the Port Zone Buffalo

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is revising its safety zone regulations for annually recurring firework displays and marine events within the Captain of the Port Zone Buffalo. The safety zones revised or established by this final rule are necessary to protect the surrounding public, spectators, participants, and vessels from the hazards associated with fireworks displays, hydroplane boat races, and other events of a similar nature posing a potential hazard to the safety of life and property on the navigable waters. This final rule is intended to restrict vessels from designated areas on navigable waterways during these events.

DATES: This rule is effective July 28, 2014.

ADDRESSES: Documents mentioned in this preamble are part of docket [USCG–2014–0081]. NPRM Notice of Proposed Rulemaking
§ Section

A. Regulatory History and Information

The regulations found in 33 CFR 165.939 serve to protect the boating public from hazards associated with firework displays that take place on a navigable waterway within the Captain of the Port (COTP) Zone Buffalo. For boundaries of this COTP zone, see 33 CFR 3.45–10.

In 2013, the Captain of the Port Buffalo revised the regulations found in 33 CFR 165.939 through a final rule published April 23, 2013 (78 FR 23850). Those revisions clarified the locations of many outdated safety zones and established seven additional safety zones within the Captain of the Port Zone Buffalo area of responsibility. On May 1, 2014, we published an NPRM entitled *Safety Zones; Annual Fireworks Events in the Captain of the Port Buffalo Zone in the Federal Register* (79 FR 24656) that proposed to revise § 165.939 to provide greater regulatory flexibility for enforcement notification and to add six safety zones. We received no comments on the proposed rule.

B. Basis and Purpose

Section 165.939 currently lists 29 permanent safety zones within the Captain of the Port Zone Buffalo. Each of these 29 safety zones corresponds to an annually recurring fireworks display.

After the recent 2013 summer season it was noted the effective times and dates published for these events were not always rigidly adhered to by fireworks sponsors and event organizers and thus a subsequent regulatory update enacting greater regulatory flexibility for enforcement notification was desired in order to maximize Coast Guard efficiency and public safety. Also, the COTP Buffalo has decided to enforce safety zones for one additional firework display and five additional marine events.

With the above findings in mind, the Coast Guard is revising 33 CFR 165.939 to provide more flexibility in the enforcement periods and to include several non-fireworks events.

The Captain of the Port Buffalo has determined that these events present significant hazards to public spectators and participants. Such hazards include premature detonations, dangerous detonations, dangerous projectiles, falling or burning debris, vessels of unique design operating at great speed, and large numbers of competitive swimmers.

C. Discussion of Comments, Changes and the Final Rule

As noted above, we received no comments on the NPRM (79 FR 24656). We have not made any changes from the proposed rule.

For all of the above reasons, the Captain of the Port Sector Buffalo is revising 33 CFR 165.939. This revision will change the verbiage on the enforcement period for all 29 safety zones currently listed and establish six additional safety zones in § 165.939. These new safety zones are being added as paragraphs (30) Thunder on the Niagara Hydroplane boat races, North Tonawanda, NY; (31) Antique Boat Show Hydroplane boat races, Grand Island, NY; (32) D-Day Conneaut Air show, Conneaut, OH; (33) Bay Swim, Erie, PA; (34) Rover Fest fireworks display, Cleveland, OH; and (35) Cleveland National Air show, Cleveland, OH. Although this rule will remain in effect throughout the year, the safety zones within it will be enforced only before and during each corresponding event.

The enforcement dates and times for each of the safety zones listed in § 165.939 are subject to change, but the duration of enforcement would remain the same or nearly the same as the total number of hours identified for that zone in § 165.939. For any given year, in the event of a change in the enforcement period, the Captain of the Port Sector Buffalo will provide notice to the public by publishing a Notice of Enforcement in the *Federal Register*, as well as, issuing a Broadcast Notice to Mariners.

Entry into, transiting, or anchoring within the safety zones identified in § 165.939 will be prohibited unless authorized by the Captain of the Port Buffalo or his on-scene representative. The Captain of the Port or his on-scene representative may be contacted via VHF Channel 16.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes or executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866

or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

2. Impact on Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered the impact of this rule on small entities. The Coast Guard received no comments from the Small Business Administration on this rule. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule would affect the following entities, some of which might be small entities: The owners and operators of vessels intending to transit or anchor in any one of the safety zones while these zones are being enforced. These safety zones will not have a significant economic impact on a substantial number of small entities for the following reasons: Each safety zone in this rule will be in enforced for no more than 10 hours in any 24-hour period with the majority of zones only being in enforced for a few hours in any 24 hour period. Each of the safety zones will be enforced only once per year and will be in areas with low commercial vessel traffic. Furthermore, these safety zones have been designed to allow traffic to pass safely around each zone. In the event that a safety zone affects shipping, commercial vessels may request permission from the Captain of the Port Buffalo or his or her designated representative to transit the safety zone.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above. The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This rule would not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children From Environmental Health Risks

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk

to health or risk to safety that might disproportionately affect children.

11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This rule is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule is categorically excluded, under figure 2–1, paragraph (34)(g), of the Commandant Instruction because it involves the establishment of a safety zone.

An environmental analysis checklist and a categorical exclusion determination are available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

[Docket Number USCG-2014-0188]

RIN 1625-AA00

Safety Zone; Celebrate the Amboys Fireworks; Raritan Bay, Perth Amboy, NJ

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone on the navigable waters of Raritan Bay in the vicinity of Perth Amboy, New Jersey for a fireworks display. This temporary safety zone is necessary to protect spectators and vessels from the hazards associated with fireworks displays. This rule is intended to restrict all vessels from a portion of Raritan Bay before, during, and immediately after the fireworks event.
