

Production under FTZ procedures could exempt SMI from customs duty payments on the foreign micro-denier suede upholstery fabric used in export production. On its domestic sales, SMI would be able to apply the finished upholstery cover set (*i.e.*, furniture part) or finished furniture duty rate (free) for the micro-denier suede upholstery fabric described below. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The proposed scope of authority under FTZ procedures would only involve micro-denier suede upholstery fabrics finished with a hot caustic soda solution process (the applicant indicates such fabric is not produced by U.S. mills), as detailed in the notification (duty rate ranges from 2.7 to 17.2%). All other material inputs used in the production activity would be in domestic status.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is August 11, 2014.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's Web site, which is accessible via www.trade.gov/ftz.
