

adverse inference is warranted, we assigned to WSP the highest margin alleged in the Petition, as referenced in *Certain Oil Country Tubular Goods from India, the Republic of Korea, the Republic of the Philippines, Saudi Arabia, Taiwan, Thailand, the Republic of Turkey, Ukraine, and the Socialist Republic of Vietnam: Initiation of Antidumping Duty Investigations*, 78 FR 45505 (July 29, 2013) (*Initiation Notice*) (i.e., 118.32 percent).<sup>5</sup> Because there have been no changes from the *Preliminary Determination*, pursuant to section 776 of the Act, the Department continues to find it appropriate to base WSP's rate on AFA. Further, we continue to find that the margin in the Petition, which we determined during our pre-initiation analysis was based on adequate and accurate information, and which we corroborated in the *Preliminary Determination*, is the appropriate AFA rate for WSP.<sup>6</sup>

#### Final Determination

The Department determines that the following dumping margins exist for the period July 1, 2012, through June 30, 2013:

Manufacturer/exporter	Weighted-average margin (percent)
WSP Pipe Co., Ltd .....	118.32
All Others .....	118.32

#### Continuation of Suspension of Liquidation

Pursuant to section 735(c)(1)(B) of the Act, the Department will instruct U.S. Customs and Border Protection (CBP) to continue to suspend liquidation of all entries of certain oil country tubular goods from Thailand which were entered, or withdrawn from warehouse, for consumption on or after February 25, 2014, the date of publication of the *Preliminary Determination*. We will instruct CBP to require a cash deposit equal to the weighted-average amount by which normal value exceeds U.S. price, as follows: (1) The rate for WSP

will be the rate we determined in this final determination; (2) if the exporter is not a firm identified in this investigation but the producer is, the rate will be the rate established for the producer of the subject merchandise; (3) the rate for all other producers or exporters will be 118.32 percent, as discussed in the "All Others Rate" section, below. These suspension of liquidation instructions will remain in effect until further notice.

#### All Others Rate

Section 735(c)(5)(A) of the Act provides that the estimated "all others" rate shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely under section 776 of the Act. We cannot apply the methodology described in section 735(c)(5)(A) of the Act to calculate the "all others" rate, as the only "individually investigated" margin in this final determination was determined entirely under section 776 of the Act. In cases where no weighted-average dumping margins besides zero, *de minimis*, or those determined entirely under section 776 of the Act have been established for individually investigated entities, in accordance with section 735(c)(5)(B) of the Act, the Department averages the margins calculated by the petitioners in the petition and applies the result to all other entities not individually examined.<sup>7</sup> In this case, however, petitioners provided only one margin in the Petition.<sup>8</sup> Therefore, we continue to assign as the all others rate the only margin in the Petition; that rate is 118.32 percent.

#### U.S. International Trade Commission Notification

In accordance with section 735(d) of the Act, we will notify the U.S. International Trade Commission (ITC) of our final determination. Because our final determination is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will determine within 45 days whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports or sales (or the

If the ITC determines that such injury exists, the Department will issue an antidumping duty order directing CBP to assess, upon further instruction by the Department, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

#### Return or Destruction of Proprietary Information

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This determination is issued and published pursuant to sections 735(d) and 777(i)(1) of the Act.

#### Certain Oil Country Tubular Goods From Taiwan: Final Determination of Sales at Less Than Fair Value

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department determines that imports of certain oil country tubular goods from Taiwan are being, or are likely to be, sold in the United States at less than fair value (LTFV), as provided in section 735 of the Tariff Act of 1930, as amended (the Act). The final weighted-average dumping margins of sales at LTFV are listed in the "Final Determination" section of this notice.

**DATES:** *Effective Date:* July 18, 2014.

#### SUPPLEMENTARY INFORMATION:

##### Background

On February 25, 2014, the Department of Commerce (the Department) published its preliminary determination of sales at less than fair value (LTFV) in the antidumping duty investigation of certain oil country tubular goods from Taiwan.<sup>1</sup> In the *Preliminary Determination*, we postponed the final determination until no later than 135 days after the publication of the *Preliminary Determination* in accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii) and invited parties to comment on our *Preliminary Determination*. We received case and rebuttal briefs from Maverick Tube Corporation (one of the petitioners),<sup>2</sup> CHS, and Tension in May 2014. On May 21, 2014, we conducted a hearing in this investigation.

##### Period of Investigation

The period of investigation is July 1, 2012, through June 30, 2013.

##### Scope of the Investigation

The merchandise covered by the investigation is certain oil country tubular goods (OCTG), which are hollow steel products of circular cross-section, including oil well casing and tubing, of iron (other than cast iron) or steel (both carbon and alloy), whether seamless or welded, regardless of end finish (e.g., whether or not plain end, threaded, or threaded and coupled) whether or not conforming to American Petroleum Institute (API) or non-API specifications, whether finished (including limited service OCTG products) or unfinished (including green tubes and limited service OCTG products), whether or not thread protectors are attached. The scope of the investigation also covers OCTG coupling stock.

Excluded from the scope of the investigation are: Casing or tubing

##### Changes Since the Preliminary Determination

Based on our analysis of the comments received, pre-verification corrections, and our findings at verifications, we made certain changes to the margin calculations for Chung Hung Steel Corp. (CHS) and Tension Steel Industries Co., Ltd. (Tension).<sup>4</sup>

##### Verification

As provided in section 782(i) of the Act, we conducted sales and cost verifications of the questionnaire responses submitted by CHS and Tension. We used standard verification procedures, including examination of relevant accounting and production records, as well as original source documents provided by both companies.<sup>5</sup>

## Final Determination

The Department determines that the following weighted-average dumping margins exist for the period July 1, 2012, through June 30, 2013:

Manufacturer/exporter	Weighted-average margin (percent)
Chung Hung Steel Corp. ....	0.00
Tension Steel Industries Co., Ltd. ....	2.52
All Others .....	2.52

## Suspension of Liquidation

Pursuant to section 735(c)(1)(C) of the Act, the Department will instruct U.S. Customs and Border Protection (CBP) to suspend liquidation of all entries of certain oil country tubular goods from Taiwan—with the exception of subject merchandise produced and exported by Chung Hung Steel Corp., for which we found no weighted average dumping margin—which were entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**. With the exception of subject merchandise produced and exported by Chung Hung Steel Corp., we will instruct CBP to require a cash deposit equal to the weighted-average amount by which normal value exceeds U.S. price, as follows: (1) The rate for Tension Steel Industries Co., Ltd., will be the rate we determined in this final determination; (2) if the exporter is not a firm identified in this investigation but the producer is, the rate will be the rate established for the producer of the subject merchandise; (3) the rate for all other producers or exporters will be 2.52 percent, as discussed in the “All Others Rate” section, below. These suspension of liquidation instructions will remain in effect until further notice.

## All Others Rate

Section 735(c)(5)(A) of the Act provides that the estimated “all others” rate shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely under section 776 of the Act. margin for Chung Hung Steel Corp. was zero, we assigned as the all others rate the margin calculated for Tension Steel Industries Co., Ltd., the only margin we calculated that was neither *de minimis* nor determined under section 776 of the Act; that rate is 2.52 percent.

## U.S. International Trade Commission Notification

In accordance with section 735(d) of the Act, we notified the U.S. International Trade Commission (ITC) of our final determination. As our final determination is affirmative and our amended preliminary determination was negative, in accordance with section 735(b)(3) of the Act, the ITC will determine within 75 days whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports or sales (or the likelihood of sales) for importation of the subject merchandise. If the ITC determines that such injury exists, the Department will issue an antidumping duty order directing CBP to assess, upon further instruction by the Department, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This determination is issued and published pursuant to sections 735(d) and 777(i)(1) of the Act and 19 CFR 351.210(b).
