SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–72605; File No. SR–Phlx–2014–44]

Self-Regulatory Organizations; NASDAQ OMX PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Delay the Implementation of a Recent Proposal Relating to Joint Back Office Participants

July 14, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on July 1, 2014, NASDAQ OMX PHLX LLC (“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to [sic] proposal [sic] to delay the implementation of a recent proposal to assess joint back office (“JBO”)³ participants pricing the same as Broker-Dealers⁴ and require JBO participants to utilize a new origin code to identify JBO orders.

The Exchange proposes that the proposal become operative on September 1, 2014.

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaqomxphlx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b–4.

³ A JBO participant is a member, member organization or non-member organization that maintains a JBO arrangement with a clearing broker-dealer (“JBO Broker”) subject to the requirements of Regulation T Section 220.7 of the Federal Reserve System. See also Exchange Rule 703.

⁴ The term “Broker-Dealer” applies to any transaction which is not subject to any of the other transaction fees applicable within a particular category.

concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to delay the implementation of a recent proposal⁵ to introduce a new origin code in the Exchange's Pricing Schedule which will be used to indicate orders for a JBO account to be cleared into the Firm⁶ range at The Options Clearing Corporation (“OCC”) for purposes of pricing only. In addition, the proposal assessed fees and paid rebates to JBO Orders the same as Broker-Dealers, and applied a certain fee cap. The Exchange initially indicated that the proposal would be implemented on July 1, 2014. At this time, in light of feedback from a market participant, the Exchange seeks to be able to implement these changes on September 1, 2014. Some participants may be ready to use the new indicator July 1 and may do so (although it will not be used by the Exchange until September 1), but participants will not be *required* to use the new indicator until September 1, which is also when the new fees will apply.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁷ in general, and furthers the objectives of Section 6(b)(5) of the Act⁸ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, because delaying the implementation of the JBO origin code requirement and attendant fees should permit participants to use the additional time

⁵ See Securities Exchange Act Release No. 72094 (May 5, 2014), 79 FR 26787 (May 9, 2014) (SR–Phlx–2014–28).

⁶ The term “Firm” applies to any transaction that is identified by a member or member organization for clearing in the Firm range at OCC.

⁷ 15 U.S.C. 78f(b).

⁸ 15 U.S.C. 78f(b)(5).

to prepare for compliance with this requirement.

The Exchange believes that market participants will benefit from the additional time to implement the proper technical changes to comply with the requirements associated with marking JBO Orders with a new origin code, which should, in turn, enable JBO participants to continue to participate in the Phlx options market.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange is allowing participants additional time to comply with a new origin code and attendant fees, which will apply to all JBOs (member and non-member) in a similar manner on September 1, 2014.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6)(iii) thereunder.¹⁰

The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because it will allow additional time for market participants to implement technology changes necessary to comply

with the new origin code and attendant fees. For this reason, the Commission waives the operative delay and designates the proposed rule change to be operative upon filing.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
