

III. Comments

We invite comments concerning this information collection on:

- Whether or not the collection of information is necessary, including whether or not the information will have practical utility;
- The accuracy of our estimate of the burden for this collection of information;
- Ways to enhance the quality, utility, and clarity of the information to be collected; and
- Ways to minimize the burden of the collection of information on respondents.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this IC. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Oil and Gas Industry Conservation Plan for the American Burying Beetle in Oklahoma; Finding of No Significant Impact for Environmental Assessment; Receipt of an Incidental Take Permit Application for Participation From Canyon Creek Energy Operating

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for public comment.

SUMMARY: We, the U.S. Fish and Wildlife Service, make available the final Environmental Assessment (EA), Finding of No Significant Impact (FONSI), Response to Comments, and the final *Oil and Gas Industry Conservation Plan Associated With Issuance of Endangered Species Act*

Section 10(a)(1)(B) Permits for the American Burying Beetle in Oklahoma (ICP). We also invite the public to comment on an application from Canyon Creek Energy Operating, for incidental take of the federally listed American burying beetle resulting from activities associated with the construction, operation, maintenance, repair, and decommissioning of oil and gas pipelines and related well field activities in Oklahoma, under the ICP. The final ICP, final EA, FONSI, and Response to Comments are available for review; however, we are not accepting comments on these final, approved documents. We are only accepting comments on the applicant's incidental take application.

DATES: To ensure consideration, written comments on the application from Canyon Creek Energy Operating, for incidental take of the federally listed American burying beetle must be received on or before August 25, 2014.

ADDRESSES: You may obtain copies of all documents and submit comments on the applicant's application by one of the following methods. Please refer to the permit number (TE-38404B) when requesting documents or submitting comments.

SUPPLEMENTARY INFORMATION:

Final Environmental Assessment, Finding of No Significant Impact, Response to Comments, and Oil and Gas Industry Conservation Plan

We, the U.S. Fish and Wildlife Service, make available the final Environmental Assessment (EA), Finding of No Significant Impact (FONSI), Response to Comments, and the final *Oil and Gas Industry Conservation Plan Associated With Issuance of Endangered Species Act Section 10(a)(1)(B) Permits for the American Burying Beetle in Oklahoma* (ICP). Drafts of the EA and ICP were made available for comment on April 16, 2014 (79 FR 21480), and were approved on May 21, 2014.

Under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), this notice advises the public that we, the Service, have analyzed the

impacts to the human environment related to the issuance of incidental take permits (ITPs) under ESA section 10(a)(1)(B) to oil and gas companies (applicants) who agree to the conditions in the ICP. The ICP is a habitat conservation plan (HCP) that will address take of the ABB that is incidental to covered activities associated with oil and gas development, including geophysical exploration (seismic) and the construction, operation, maintenance, repair, and decommissioning of oil and gas pipelines and well field infrastructure. The ICP includes measures necessary to minimize and mitigate impacts to the covered species and their habitats to the maximum extent practicable. Any ITPs issued under the ICP will be in effect from the date of issuance for a period of up to 24 months for construction, and up to 20 years of operation, maintenance, repairs, and decommissioning, pursuant to the ICP. The ICP Planning Area covers 45 Oklahoma counties: Adair, Atoka, Bryan, Carter, Cherokee, Choctaw, Cleveland, Coal, Craig, Creek, Delaware, Garvin, Haskell, Hughes, Johnson, Kay, Latimer, Le Flore, Lincoln, Love, Marshall, Mayes, McClain, McCurtain, McIntosh, Murray, Muskogee, Noble, Nowata, Okfuskee, Okmulgee, Osage, Ottawa, Pawnee, Payne, Pittsburg, Pontotoc, Pottawatomie, Pushmataha, Rogers, Seminole, Sequoyah, Tulsa, Wagoner, and Washington.

Activities associated with the construction, operation, maintenance, repair, and decommissioning of oil and gas pipelines and related well field activities as described in the ICP were developed through a collaborative effort between the Service, oil and gas companies in Oklahoma, and other stakeholders. To meet the requirements of a section 10(a)(1)(B) ITP, the applicant agrees to the conditions in the ICP, which describes the conservation measures to minimize and mitigate for incidental take of the covered species to the maximum extent practicable.

Application Available for Review and Comment

We, the U.S. Fish and Wildlife Service, invite local, State, Tribal, and Federal agencies, and the public to comment on the application from Canyon Creek Energy Operating, for incidental take under the ICP of the federally listed American burying beetle (*Nicrophorus americanus*; ABB) resulting from activities associated with geophysical exploration (seismic), development, extraction, or transport of crude oil, natural gas, and/or other petroleum products, and construction,

maintenance, operation, repair, and decommissioning of oil and gas pipelines and well field infrastructure within 45 counties in Oklahoma. Please refer to permit number TE-38404B when requesting application documents and when submitting comments.

Documents and other information the applicants have submitted with this application are available for review, subject to the requirements of the Privacy Act (5 U.S.C. 552a) and Freedom of Information Act (5 U.S.C. 552).

Permit TE-38404B

Applicant: Canyon Creek Energy Operating, Tulsa, OK. Applicant requests a new permit for oil and gas upstream and midstream production, including geophysical exploration (seismic) and construction, maintenance, operation, repair, and decommissioning of oil and gas well field infrastructure, as well as construction, maintenance, operation, repair, decommissioning, and reclamation of oil and gas gathering, transmission, and distribution pipeline infrastructure within Oklahoma.

Public Availability of Comments

Written comments we receive become part of the public record associated with this action. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can request in your comment that we withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. We will not consider anonymous comments. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety.

Authority

We provide this notice under section 10(c) of the Act (16 U.S.C. 1531 *et seq.*) and its implementing regulations (50 CFR 17.22) and NEPA (42 U.S.C. 4321 *et seq.*) and its implementing regulations (40 CFR 1506.6).

Dated: July 9, 2014.

Agency Information Collection Activities: Request for Comments

AGENCY: U.S. Geological Survey (USGS), Interior.

ACTION: Notice of an extension and revision of a currently approved information collection (1028-0068).

SUMMARY: We (the U.S. Geological Survey) will ask the Office of Management and Budget (OMB) to approve the information collection (IC) described below. This collection consists of 15 forms. As part of the requested extension, we will make several revisions to the number and nature of the associated collection instruments. These revisions include: (1) Deleting USGS Form 9-4092-A and USGS Form 9-4106-M; (2) changing USGS Form 9-4047-A from monthly and annual to an annual-only reporting form; (3) modifying USGS Form 9-4044-A and USGS Form 9-4045-M; and (4) modifying the title of USGS Form 9-4076-A. As required by the Paperwork Reduction Act (PRA) of 1995, and as part of our continuing efforts to reduce paperwork and respondent burden, we invite the general public and other Federal agencies to take this opportunity to comment on this IC. This collection is scheduled to expire on July 31, 2014.

DATES: To ensure that your comments are considered, OMB must receive them on or before August 25, 2014.

ADDRESSES: Please submit your written comments on this information collection directly to the Office of Management and Budget, Office of Information and Regulatory Affairs, Attention: Desk Officer for the Department of the Interior, at OIRA_SUBMISSION@omb.eop.gov (email); or (202) 395-5806 (fax). Please also forward a copy of your comments to the Information Collection Clearance Officer, U.S. Geological Survey, 807 National Center, 12201 Sunrise Valley Drive, Reston, VA 20192 (mail); 703-648-7195 (fax); or gs-info_collections@usgs.gov (email).
