DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[FWS-R4-ES-2014-N107; 40120-1112-0000-F2]

Incidental Take Permit and Environmental Assessment for Condominium Construction, Perdido Key, Escambia County, Florida

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: Under the Endangered Species Act (Act), we, the U.S. Fish and Wildlife Service, announce the receipt and availability of a proposed habitat conservation plan (HCP) and environmental assessment (EA) for take of the Perdido Key beach mouse incidental to construction of a multi-unit condominium in Escambia County, Florida. We invite public comments on these documents.

DATES: We must receive any written comments at our Regional Office (see **ADDRESSES**) on or before October 3, 2014.

ADDRESSES: Documents are available for public inspection by appointment during normal business hours at the Fish and Wildlife Service's Regional Office, 1875 Century Boulevard, Suite 200, Atlanta, GA 30345; or the Panama City Field Office, Fish and Wildlife Service, 1601 Balboa Avenue, Panama City, FL 32405.

FOR FURTHER INFORMATION CONTACT: Mr. David Dell, Regional HCP Coordinator (see **ADDRESSES**), telephone: 404-679-7313; or Ms. Kristi Yanchis, Field Office Project Manager, at the Panama City Field Office (see **ADDRESSES**), telephone: 850-769-0552.

SUPPLEMENTARY INFORMATION: We announce the availability of the proposed HCP, accompanying incidental take permit (ITP) application, and an environmental assessment (EA), which analyze the take of the endangered Perdido Key beach mouse (*Peromyscus polionotus trissyllepsis*) incidental to construction and occupation of a condominium development. The Applicant, Millennium Group LLC, requests a 25-year ITP under section 10(a)(1)(B) of the Act (16 U.S.C. 1531 *et seq.*), as

amended. The Applicant's HCP describes the mitigation and minimization measures proposed to address the impacts to the species.

We specifically request scientific or technical information, views, and opinions from the public via this notice on our proposed Federal action, including identification of any other aspects of the human environment not already identified in the EA pursuant to National Environmental Policy Act (NEPA) regulations in the Code of Federal Regulations (CFR) at 40 CFR 1506.6. Further, we specifically solicit information regarding the adequacy of the HCP per 50 CFR parts 13 and 17.

The EA assesses the likely environmental impacts associated with the implementation of the activities, including the environmental consequences of the no-action alternative and the proposed action. The proposed action alternative is issuance of the ITP and implementation of the HCP as submitted by the Applicant. The HCP covers land clearing, construction, and occupation of a 15-unit condominium, which would permanently alter 0.428 acre of the 1.21 acres owned by the Applicant. Avoidance, minimization, and mitigation measures include retention of natural habitat on 0.782 acre of the property, enhancement of natural habitat with native vegetation plantings, protection of portions of the natural habitat via a conservation easement, operational covenants to minimize impacts, and endowment of off-site habitat acquisition and management via the existing Perdido Key Conservation Fund.

Public Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

If you wish to comment, you may submit comments by any one of several methods. Please reference TE143687-0 in such comments. You may mail comments to the Fish and Wildlife Service's Regional Office (see **ADDRESSES**). You may also comment via the Internet to david_dell@fws.gov. Please include your name and return address in your Internet message. If you do not receive a confirmation from us that we have received your Internet

message, contact us directly at either telephone number listed under **FOR FURTHER INFORMATION CONTACT**.

Finally, you may hand-deliver comments to either of our offices listed under **ADDRESSES**.

Covered Area

Perdido Key, a barrier island 16.9 miles long, constitutes the entire historic range of the Perdido Key beach mouse. The area encompassed by the HCP and ITP application is a 1.21-acre Gulf front lot in Escambia County, within the central portions of Perdido Key.

Next Steps

We will evaluate the ITP application, including the HCP and any comments we receive, to determine whether the application meets the requirements of section 10(a)(1)(B) of the Act. We will also evaluate whether issuance of a section 10(a)(1)(B) ITP complies with section 7 of the Act by conducting an intra-Service section 7 consultation. We will use the results of this consultation, in combination with the above findings, in our final analysis to determine whether or not to issue the ITP. If we determine that the requirements are met, we will issue the ITP for the incidental take of Perdido Key beach mouse.

Authority

We provide this notice under section 10 of the Act (16 U.S.C. 1531 *et seq.*) and NEPA regulations (40 CFR 1506.6).

Dated: June 24, 2014.

Jeffrey M. Fleming,

Acting Regional Director.

BILLING CODE 4310-55-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[LLAK930000.L13100000.FF0000.241A]

Renewal of Approved Information Collection

AGENCY: Bureau of Land Management, Interior.

ACTION: 60-Day notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act, the Bureau of Land Management (BLM) invites public comments on, and plans to request approval to continue, the collection of information from applicants for oil shale leases, oil shale lessees, and oil shale operators. The Office of Management and Budget (OMB) has assigned control

number 1004–0201 to this information collection.

DATES: Please submit comments on the proposed information collection by October 3, 2014.

ADDRESSES: Comments may be submitted by mail, fax, or electronic mail. Mail: U.S. Department of the Interior, Bureau of Land Management, 1849 C Street NW., Room 2134LM, Attention: Jean Sonneman, Washington, DC 20240. Fax: To Jean Sonneman at 202–245–0050. Electronic mail: Jean_Sonneman@blm.gov. Please indicate “Attn: 1004–0201” regardless of the form of your comments.

FOR FURTHER INFORMATION CONTACT: Mary Linda Ponticelli at 202–912–7115. Persons who use a telecommunication device for the deaf may call the Federal Information Relay Service at 1–800–877–8339 to leave a message for Ms. Ponticelli.

SUPPLEMENTARY INFORMATION: OMB regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act, 44 U.S.C. 3501–3521, require that interested members of the public and affected agencies be given an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8 (d) and 1320.12(a)).

This notice identifies an information collection that the BLM plans to submit to the OMB for approval. The Paperwork Reduction Act provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until the OMB approves a collection of information, you are not obligated to respond.

The BLM will request a 3-year term of approval for this information collection activity. Comments are invited on: (1) The need for the collection of information for the performance of the functions of the agency; (2) The accuracy of the agency’s burden estimates; (3) Ways to enhance the quality, utility and clarity of the information collection; and (4) Ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information. A summary of the public comments will accompany our submission of the information collection requests to the OMB.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may

be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

The following information is provided for the information collection:

Title: Oil Shale Management (43 CFR Parts 3900, 3910, 3920, and 3930).

OMB Control Number: 1004–0201.

Summary: This control number applies to the exploration, development, and utilization of oil shale resources on BLM-managed public lands. Currently, the only oil shale leases issued by the BLM are for research, development, and demonstration (RD&D) leases. However, the BLM has issued a regulatory framework for both RD&D leases and commercial leases.

Frequency of Collection: On occasion.

Forms: None.

Description of Respondents: Applicants for oil shale leases, oil shale lessees, and oil shale operators.

Estimated Annual Responses: 24.

Estimated Annual Burden Hours: 1,795.

Estimated Annual Non-Hour Costs: \$526,622.

The estimated burdens are itemized in the following table:

A. Type of response	B. Number of responses	C. Hours per response	D. Total time (column B × column C)
Application for Waiver, Suspension, or Reduction of Rental or Payment In Lieu of Production; Application for Reduction in Royalty; or Application for Waiver of Royalty. 43 CFR 3903.54(b)	1	1	1
Bonding Requirements. 43 CFR Subpart 3904	1	1	1
Application for an Exploration License. 43 CFR 3910.31(a) through (e)	1	24	24
Notice Seeking Participation in an Exploration License. 43 CFR 3910.31(f)	1	1	1
Data Obtained Under an Exploration License. 43 CFR 3910.44	1	8	8
Response to Call for Expression of Leasing Interest. 43 CFR 3921.30	1	4	4
Application for a Lease—Individuals. 43 CFR 3902.23, 3922.20, and 3922.30	1	308	308
Application for a Lease—Associations. 43 CFR 3902.24, 3922.20, and 3922.30	1	308	308
Application for a Lease—Corporations. 43 CFR 3902.25, 3922.20, and 3922.30	1	308	308
Sealed Bid. 43 CFR 3924.10	1	8	8
Application to Convert Research, Development, and Demonstration Lease to Commercial Lease. 43 CFR 3926.10(c)	1	308	308
Drill and Geophysical Logs. 43 CFR 3930.11(b)	1	19	19
New Geologic Information. 43 CFR 3930.20(b)	1	19	19
Plan of Development. 43 CFR 3931.11	1	308	308
Application for Suspension of Lease Operations and Production. 43 CFR 3931.30	1	24	24
Exploration Plan. 43 CFR 3931.41	1	24	24
Modification of Approved Exploration Plan or Plan of Development. 43 CFR 3931.50	1	24	24
Production Maps and Production Reports. 43 CFR 3931.70	1	16	16
Records of Core or Test Hole Samples and Cuttings. 43 CFR 3931.80	1	16	16
Application for Modification of Lease Size. 43 CFR 3932.10, 3930.20, and 3932.30	1	12	12
Request for Approval of Assignment of Record Title or Sublease or Notice of Overriding Royalty Interest Assignment. 43 CFR Subpart 3933	2	10	20
Relinquishment of Lease or Exploration License. 43 CFR 3934.10	1	18	18
Production and Sale Records. 43 CFR 3935.10	1	16	16
Totals	24	1,795

Jean Sonneman,

Information Collection Clearance Officer,
Bureau of Land Management.

Notice of Intent To Amend the California Desert Conservation Area Plan for the Coolwater to Lugo Transmission Line Project and Prepare a Joint Environmental Impact Statement and Environmental Impact Report, San Bernardino County, CA

AGENCY: Bureau of Land Management,
Interior.

ACTION: Notice of Intent.

SUMMARY: In compliance with the National Environmental Policy Act of 1969, as amended (NEPA), and the Federal Land Policy and Management Act of 1976, as amended (FLPMA), the Bureau of Land Management (BLM) Barstow Field Office intends to prepare an amendment to the California Desert Conservation Area (CDCA) Plan (1980, as amended) with a joint Environmental Impact Statement (EIS) and Environmental Impact Report (EIR) in cooperation with the California Public Utilities Commission in order to analyze Southern California Edison's proposal for the Coolwater to Lugo Transmission Line Project in San Bernardino County. This notice announces the beginning of the scoping process to solicit public comments and identify issues.

DATES: Comments on issues may be submitted in writing until September 3, 2014. The date(s) and location(s) of any scoping meetings will be announced at least 15 days in advance through local news media, newspapers and the BLM Web site at: <http://www.blm.gov/ca/st/en/fo/cdd.html>. In order to be included in the analysis, all comments must be received prior to the close of the 30-day scoping period or 15 days after the last public meeting, whichever is later. We will provide additional opportunities for public participation as appropriate.

ADDRESSES: You may submit comments on issues and planning criteria related to the Coolwater to Lugo Transmission Line Project by any of the following methods:

- Web site: http://www.blm.gov/ca/st/en/fo/barstow/renewableenergy/coolwater_lugo.html
- Email: jchilders@blm.gov
- Fax: 951-697-5299

- Mail: ATTN: Jeffery Childers, Project Manager, BLM California Desert District Office, 22835 Calle San Juan de Los Lagos, Moreno Valley, CA 92553-9046

Documents pertinent to this proposal may be examined at the BLM California Desert District Office and the Barstow Field Office.

FOR FURTHER INFORMATION CONTACT:

Jeffery Childers, telephone: 951-697-5308; address: BLM California Desert District Office, 22835 Calle San Juan de Los Lagos, Moreno Valley, CA 92553-9046; email: jchilders@blm.gov. Contact Mr. Childers to have your name added to our mailing list. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact Mr. Childers during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question for Mr. Childers. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: Southern California Edison Company (SCE) is proposing a new high-voltage (220/500-kV) transmission line extending 64 miles from SCE's existing Coolwater Generation Station Switchyard located in Daggett, California, to SCE's existing Lugo Substation in Hesperia, California. The proposed Coolwater to Lugo Transmission Line Project (CLTP) would traverse 16 miles of public lands managed by the BLM, with the remainder on private or other lands within San Bernardino County. Approximately 47 miles of the transmission line would parallel or be within existing overhead utility rights-of-way (ROWs) and designated transmission corridors with the remaining 17 miles requiring a plan amendment to the CDCA plan to designate a new transmission line corridor. The proposed project also includes new substation facilities to support transmission line termination and new telecommunication facilities for a Special Protection System to maintain transmission system reliability. The new 500/220/115/12-kV Desert View Substation, which will initially be constructed as a switching station, is southeast of Apple Valley, California. The new telecommunications lines would extend from the Gale Substation to Pisgah Substation and from the new Desert View Substation to the Apple Valley Substation, traversing 6 miles of BLM-managed lands. The majority of the telecommunications fiber optic cable would be installed on existing poles. The project would include installation

of 373 new single and double-circuit 220-kV and 500-kV transmission structures, and removal of 168 structures associated with the existing Lugo-Pisgah 220-kV transmission lines No. 1 and No. 2; construction of 25 miles of new roads; upgrades to 17 miles of roads; temporary use and construction areas; and 215 setup areas for conductor pulling and splicing. This project is needed to ensure that power from the nearly completed 275-MW Mojave Solar Project is delivered to population centers in Southern California. Additionally, the line is designed with additional capacity to facilitate the interconnection of future renewable energy projects that are expected to be developed in the region.

This document provides notice that the BLM Barstow Field Office, Barstow, California, intends to prepare a Draft CDCA plan amendment with an associated joint EIS/EIR with the California Public Utilities Commission for the CLTP; announces the beginning of the scoping process; and seeks public input on environmental issues and planning criteria. The purpose of the public scoping process is to determine relevant issues that will influence the scope of the environmental analysis, including alternatives, and guide the planning process. Preliminary issues for the plan amendment area have been identified by BLM personnel, Federal, State, and local agencies, and other stakeholders. The issues include: Air quality and greenhouse gas emissions, biological resources including special status species, cultural resources, geology and soils, hazards and hazardous materials, hydrology and water quality, land use, noise, recreation, traffic, visual resources, cumulative effects, and areas with high potential for renewable energy development. Impacts will be reviewed and the BLM will identify opportunities to apply mitigation strategies for on-site, regional, and compensatory mitigation. Mitigation may include regional compensatory measures for raven management and big horn sheep habitat, and desert tortoise habitat acquisition.

You may submit comments on issues and planning criteria in writing to the BLM at any public scoping meeting, or you may submit them to the BLM using one of the methods listed in the **ADDRESSES** section above. To be most helpful, you should submit comments by the close of the 30-day scoping period or within 30 days after the last public meeting, whichever is later.

A preliminary list of the potential planning criteria that will be used to help guide and define the scope of the plan amendment includes:
