

will allow the current grantees to continue to serve as a resource for the Department's Office for Civil Rights in working with school districts that have achieved unitary status (i.e., school district(s) released from court-ordered desegregation obligations). The grantees will continue to offer technical assistance to school districts, State educational agencies, and others who seek to resolve civil rights conflicts and promote social justice and equity. Further, the current grantees will continue to provide resources and training in the areas of hate crimes, racial prejudice, and bullying.

We will fund the extended project period using FY 2014 funds. In addition, we may also extend the project period for a second year, using FY 2015 funds that Congress appropriates under the current statutory authority.

Under this waiver and extension of the project period—

(1) Current grantees will be authorized to receive EAC continuation awards annually for up to an additional two years.

(2) We will not announce a new EAC competition or make new EAC grant awards in FY 2014 and possibly in FY 2015.

(3) During the extension period, any activities carried out must be consistent with, or be a logical extension of the scope, goals, and objectives of each grantee's approved application from the 2011 EAC competition.

(4) Each grantee that receives a continuation award must also continue to comply with the requirements established in the program regulations and the 2011 EAC NIA.

(5) All requirements applicable to continuation awards for current EAC grantees and the requirements in 34 CFR 75.253 will apply to any continuation awards received by current EAC grantees, i.e., each grantee must demonstrate substantial progress performing its approved grant activities, as evidenced through program narratives, budgets and budget narratives, and performance reports.

Regulatory Flexibility Act Certification

The Secretary certifies that the waiver and extension and the activities required to support additional years of funding will not have a significant economic impact on a substantial number of small entities. The entities that will be affected by this proposed waiver and extension of the project period are the 10 current EAC grantees receiving Federal funds and any other potential applicants.

The Secretary certifies that the waiver and extension will not have a significant

economic impact on these entities because the waiver and extension impose minimal compliance costs to extend projects already in existence, and the activities required to support the additional years of funding will not impose additional regulatory burdens or require unnecessary Federal supervision.

Paperwork Reduction Act of 1995

This proposed waiver and extension does not contain any information collection requirements.

Intergovernmental Review

This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives of the Executive order is to foster an intergovernmental partnership and strengthened federalism. The Executive order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance. This document provides early notification of our specific plans and actions for this program.
