

751(a)(2) of the Tariff Act of 1930, as amended (the Act): (1) The cash deposit rate for Villares will be the rate established in the final results of this administrative review; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; (4) the cash deposit rate for all other manufacturers or exporters will continue to be 19.43 percent, the all-others rate established in the *Notice of Final Determination of Sales at Less Than Fair Value: Stainless Steel Bar From Brazil*, 59 FR 66914 (December 28, 1994). These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

These final results of review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(5).

Dated: August 6, 2014.

Iprodione, Pendimethalin, and Permethrin; Order To Amend Pesticide Registrations To Terminate Uses

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA hereby orders, pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), that the registrations of pesticide products containing iprodione, pendimethalin, and permethrin be amended to terminate certain uses. This order follows a May 9, 2014 **Federal Register** Notice of Receipt that announced and sought comment on requests from the registrants to voluntarily amend their registrations to terminate certain uses of these product registrations. These are not the last products containing these pesticide active ingredients that are registered for use in the United States. The Agency did not receive any comments concerning the registrants' requests; nor did the registrants subsequently withdraw their requests. Accordingly, EPA hereby issues this order granting the requests. Any distribution, sale, or use of the products subject to this order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

DATES: The amendments are effective August 13, 2014.

FOR FURTHER INFORMATION CONTACT: John W. Pates, Jr., Pesticide Re-Evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460–0001; telephone number: (703) 308–8195; email address: pates.john@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

B. How can I get copies of this document and other related information?

The docket for this action, identified by docket identification (ID) number EPA–HQ–OPP–2009–1017, is available at <http://www.regulations.gov> or at the Office of Pesticide Programs Regulatory Public Docket (OPP Docket) in the EPA Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW., Washington, DC 20460–0001. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566–1744, and the telephone number for the OPP Docket is (703) 305–5805. Please review the visitor instructions and additional information about the docket available at <http://www.epa.gov/dockets>.

II. What is the agency's authority for taking this action?

Section 6(f)(1) of FIFRA, 7 U.S.C. 136d(f)(1), provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register** and provide an opportunity for public comment. Thereafter, following the public comment period, EPA may approve such a request.

III. What action is the agency taking?

This order amends the registrations of certain products registered under FIFRA section 3, 7 U.S.C. 136a, in order to terminate certain uses. The amendments were specifically requested by the registrants. The amended registrations are listed in sequence by registration number in Table 1 of this unit, which also identifies the product names and terminated uses. These products are not the last products containing these

pesticide active ingredients that are registered for use in the United States.

IV. Summary of Public Comments Received and Agency Response to Comments

In the **Federal Register** of May 9, 2014 (79 FR 26754) (FRL–9909–95), EPA announced and sought public comment on requests from the registrants to voluntarily amend their registrations to terminate uses of the products as listed in Table 1 of Unit III. In the May 9, 2014 notice, EPA indicated that it would issue an order implementing the requested amendments to terminate uses, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests, or unless the registrants withdrew their requests. The Agency did not receive any comments concerning that notice; nor did the registrants subsequently withdraw their requests.

V. EPA's Order

Pursuant to FIFRA section 6(f), EPA hereby approves the requested amendments to terminate uses of iprodione, pendimethalin, and permethrin registrations as identified in Table 1 of Unit III. Accordingly, the Agency hereby orders that the product registrations identified in Table 1 of Unit III., are amended to terminate the uses as identified in Table 1 of Unit III. The effective date of the amendments that are subject to this order is August 13, 2014. Any distribution, sale, or use of existing stocks of the products identified in Table 1 of Unit III., in a manner inconsistent with any of the provisions for disposition of existing stocks set forth in Unit VI. will be a violation of FIFRA.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the action. The existing stocks provision for the products subject to this order is as follows.

Now that EPA has approved product labels reflecting the requested amendments to terminate uses, registrants are permitted to sell or distribute products listed in Table 1 of Unit III., under the previously approved labeling until February 15, 2016, a period of 18 months after publication of this order in the **Federal Register**, unless other restrictions have been imposed. Thereafter, registrants will be prohibited from selling or distributing the products whose labels include the terminated uses identified in Table 1 of Unit III., except for export consistent with FIFRA section 17 or for proper disposal.

Persons other than the registrant may sell, distribute, or use existing stocks of products whose labels include the terminated uses until supplies are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the products with terminated uses.
