

4(f)(6) thereunder.<sup>15</sup> Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it is filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder.<sup>16</sup>

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act<sup>17</sup> normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)<sup>18</sup> permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing, noting that a waiver of the operative delay will allow the Exchange to continue to strive towards a complete technology integration of the BGM Affiliated Exchanges, with gradual roll-outs of new functionality to ensure stability of the System. The Exchange also believes that the benefit to Exchange Users expected from the proposed rule change—greater flexibility in their efforts to fill orders and minimize trading costs—should not be delayed. Further, the Exchange states that introduction of the optional variations of the SWP routing strategy will not require any systems changes by Exchange Users that would necessitate a delay, as selection of the SWPA and SWPB variations is entirely optional and Users will not be affected by the change unless they select to use the newly offered variations. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the operative delay and designates the proposed rule change operative upon filing.<sup>19</sup>

At any time within 60 days of the filing of the proposed rule change, the

Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

#### IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

##### *Electronic Comments*

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to [rule-comments@sec.gov](mailto:rule-comments@sec.gov). Please include File Number SR-BATS-2014-033 on the subject line.

##### *Paper Comments*

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090. All submissions should refer to File Number SR-BATS-2014-033. ## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-72879; File No. SR-BATS-2014-034]

### Self-Regulatory Organizations; BATS Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Changes to Rules 11.9(f) and 21.1(g) of BATS Exchange, Inc.

August 20, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on August 11, 2014, BATS Exchange, Inc. (the "Exchange" or "BATS") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange filed a proposal to amend Rule 11.9(f) to adopt a new Match Trade Prevention Modifier ("MTP") called Cancel Smallest with respect to the Exchange's cash equities trading platform ("BATS Equities"). Consistent with its practice of offering similar functionality for the Exchange's equity options trading platform ("BATS Options") as it does for BATS Equities, the Exchange also proposes to amend Rule 21.1(g) to add similar functionality to BATS Options. The Exchange has designated this proposal as non-controversial and provided the Commission with the notice required by Rule 19b-4(f)(6)(iii) under the Act.<sup>3</sup> The Exchange requests that the Commission waive the 30-day pre-operative waiting period contained in Rule 19b-4(f)(6)(iii)

<sup>15</sup> 17 CFR 240.19b-4(f)(6).

<sup>16</sup> 17 CFR 240.19b-4(f)(6). As required under Rule 19b-4(f)(6)(iii), the Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and the text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change.

<sup>17</sup> 17 CFR 240.19b-4(f)(6).

<sup>18</sup> 17 CFR 240.19b-4(f)(6)(iii).

<sup>19</sup> For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

<sup>20</sup> 17 CFR 200.30-3(a)(12).

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b-4.

<sup>3</sup> 17 CFR 240.19b-4(f)(6)(iii).

under the Act.<sup>4</sup> If such waiver is granted by the Commission, the Exchange shall implement this rule proposal on or about August 22, 2014.

The text of the proposed rule change is available at the Exchange's Web site at <http://www.batstrading.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

## II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

#### 1. Purpose

Earlier this year, the Exchange and its affiliate BATS Y-Exchange, Inc. ("BYX") received approval to affect a merger (the "Merger") of the Exchange's parent company, BATS Global Markets, Inc., with Direct Edge Holdings LLC, the indirect parent of EDGX Exchange, Inc. ("EDGX") and EDGA Exchange, Inc. ("EDGA", and together with BZX, BYX and EDGX, the "BGM Affiliated Exchanges").<sup>5</sup> In the context of the Merger, the BGM Affiliated Exchanges are working to align certain system functionality, retaining only intended differences between the BGM Affiliated Exchanges. Thus, the proposal set forth below is intended to add certain system functionality currently offered by EDGA and EDGX in order to provide a consistent technology offering for users of the BGM Affiliated Exchanges. Finally, as noted above, BATS Equities and BATS Options offer much of the same functionality, and thus, in adding functionality to BATS Equities, the Exchange also wishes to do the same for BATS Options.

Like EDGA and EDGX,<sup>6</sup> the Exchange currently offers various MTP modifiers under BATS Equities Rule 11.9(f) and

BATS Options Rule 21.1(g) which are designed to prevent two orders with the same Unique Identifier (as defined below) from executing against each other. The MTP modifiers can be set at the market participant identifier ("MPID"), the Exchange Member identifier or the Exchange Sponsored Participant identifier level (any such identifier, a "Unique Identifier").<sup>7</sup> To align its MTP functionality with EDGA and EDGX, the Exchange now proposes add a new MTP modifier called Cancel Smallest ("MCS") under BATS Equities Rule 11.9(f) and BATS Options Rule 21.1(g). An incoming order marked with the proposed MCS modifier will not execute against opposite side resting interest marked with any MTP modifier originating from the same Unique Identifier. If both orders are equivalent in size, both orders will be cancelled back to the originating User.<sup>8</sup> If the orders are not equivalent in size, the smaller of the two orders will be cancelled back to the originating User and the larger order will remain on the Book. The Exchange notes that the proposed rule text is substantively identical to the rules of EDGA and EDGX.<sup>9</sup>

The Exchange believes its MTP functionality allows certain firms to better internalize their agency order flow, which in turn may decrease costs to customers of such firms. The Exchange notes that MTP modifiers do not alleviate, or otherwise exempt, broker-dealers from their best execution obligations. As such, broker-dealers using MTP modifiers are obligated to internally cross agency orders at the same price, or a better price than they would have received had the orders been executed on the Exchange. Additionally, MTP modifiers assist market participants in complying with certain rules and regulations of the Employee Retirement Income Security Act ("ERISA") that preclude and/or limit managing broker-dealers of such accounts from trading as principal with orders generated for those accounts. Finally, the Exchange notes that offering the MTP modifiers may streamline certain regulatory functions by reducing false positive results that may occur on Exchange generated wash trading

surveillance reports when orders are executed under the same Unique Identifier. For these reasons, the Exchange believes the MTP modifiers offer users enhanced order processing functionality that may prevent potentially undesirable executions without negatively impacting broker-dealer best execution obligations.

#### 2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Securities Exchange Act of 1934 (the "Act")<sup>10</sup> and further the objectives of Section 6(b)(5) of the Act<sup>11</sup> because it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and, in general, to protect investors and the public interest. Specifically, the proposed MCS functionality would allow firms to better manage order flow and prevent undesirable executions against themselves, and the proposed change described herein enhances the choices available to such firms in how they do so. The proposed rule change also is designed to support the principles of Section 11A(a)(1)<sup>12</sup> of the Act in that it seeks to assure fair competition among brokers and dealers and among exchange markets.

The proposed rule change is generally intended to add certain system functionality currently offered by EDGA and EDGX in order to provide a consistent technology offering for the BGM Affiliated Exchanges. A consistent technology offering, in turn, will simplify the technology implementation, changes and maintenance by Users of the Exchange that are also participants on BYX, EDGA and/or EDGX. The proposed rule change would also provide Users with access to functionality that may result in the efficient execution of such orders and will provide additional flexibility as well as increased functionality to the Exchange's System and its Users.

### B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange reiterates that the proposed

<sup>6</sup> See EDGA Rule 11.9(f); EDGX Rule 11.9(f).

<sup>7</sup> Any Exchange Member that has an MPID issued by FINRA is identified in the Exchange's internal systems by that MPID. Each Exchange Member that does not already have an MPID and each Sponsored Participant is issued an identifier that is specific to the Exchange and allows the Exchange to determine the User for each order and trade.

<sup>8</sup> The term "User" is defined under Exchange Rule 11.5(cc) as "any Member or Sponsored Participant who is authorized to obtain access to the System pursuant to Rule 11.3."

rule change is being proposed in the context of the technology integration of the BGM Affiliated Exchanges. Thus, the Exchange believes this proposed rule change is necessary to permit fair competition among national securities exchanges. In addition, the Exchange believes the proposed rule change will benefit Exchange participants in that it is one of several changes necessary to achieve a consistent technology offering by the BGM Affiliated Exchanges.

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

The Exchange has neither solicited nor received written comments on the proposed rule change.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act<sup>13</sup> and Rule 19b-4(f)(6) thereunder.<sup>14</sup> Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it is filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder.<sup>15</sup>

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act<sup>16</sup> normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)<sup>17</sup> permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing, noting that a waiver of the operative delay will allow the Exchange to align its MTP functionality across the BGM Affiliated Exchanges in a timely manner, thereby simplifying the technology implementation, changes and maintenance by Users of the Exchange that are also participants on

other BGM Affiliated Exchanges. The Exchange also states that waiver of the operative delay is consistent with the protection of investors and the public interest because it will allow the Exchange to continue to strive towards a complete technology integration of the BGM Affiliated Exchanges, with gradual roll-outs of new functionality to ensure stability of the System. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the operative delay and designates the proposed rule change operative upon filing.<sup>18</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

**IV. Solicitation of Comments**
