RIN 1018-AZ80

**Migratory Bird Hunting; Early Seasons and Bag and Possession Limits for Certain Migratory Game Birds in the Contiguous United States, Alaska, Hawaii, Puerto Rico, and the Virgin Islands****AGENCY:** Fish and Wildlife Service, Interior.**ACTION:** Final rule.

**SUMMARY:** This rule prescribes the hunting seasons, hours, areas, and daily bag and possession limits of mourning, white-winged, and white-tipped doves; band-tailed pigeons; rails; moorhens and gallinules; woodcock; common snipe; sandhill cranes; sea ducks; early (September) waterfowl seasons; migratory game birds in Alaska, Hawaii, Puerto Rico, and the Virgin Islands; youth waterfowl day; and some extended falconry seasons. Taking of migratory birds is prohibited unless specifically provided for by annual regulations. This rule permits taking of designated species during the 2014–15 season.

**DATES:** This rule is effective on August 29, 2014.

**ADDRESSES:** You may inspect comments received on the migratory bird hunting regulations during normal business hours at the Service's office at 5275 Leesburg Pike, Falls Church, Virginia. You may obtain copies of referenced reports from the street address above, or from the Division of Migratory Bird Management's Web site at <http://www.fws.gov/migratorybirds/>, or at <http://www.regulations.gov> at Docket No. FWS-HQ-MB-2014-0017.

**SUPPLEMENTARY INFORMATION:****Regulations Schedule for 2014**

On April 30, 2014, we published in the **Federal Register** (79 FR 24512) a proposal to amend 50 CFR part 20. The proposal provided a background and overview of the migratory bird hunting regulations process, and addressed the establishment of seasons, limits, and other regulations for hunting migratory game birds under §§ 20.101 through

20.107, 20.109, and 20.110 of subpart K. Major steps in the 2014–15 regulatory cycle relating to open public meetings and **Federal Register** notifications were also identified in the April 30 proposed rule. Further, we explained that all sections of subsequent documents outlining hunting frameworks and guidelines were organized under numbered headings. Subsequent documents will refer only to numbered items requiring attention. Therefore, it is important to note that we omit those items requiring no attention, and remaining numbered items might be discontinuous or appear incomplete.

On June 4, 2014, we published in the **Federal Register** (79 FR 32418) a second document providing supplemental proposals for early- and late-season migratory bird hunting regulations. The June 4 supplement also provided detailed information on the 2014–15 regulatory schedule and announced the Service Regulations Committee (SRC) and Flyway Council meetings. On July 31, 2014, we published in the **Federal Register** (79 FR 44580) a third document specifically dealing with the proposed frameworks for early-season regulations.

On July 30–31, 2014, we held open meetings with the Flyway Council Consultants at which the participants reviewed the status of waterfowl and developed recommendations for the 2014–15 regulations for these species. Proposed hunting regulations were discussed for late seasons. We published the proposed frameworks for late-season regulations (primarily hunting seasons that start after October 1 and most waterfowl seasons) in an August 22, 2014, **Federal Register**.

The final rule described here is the sixth in the series of proposed, supplemental, and final rulemaking documents for migratory game bird hunting regulations and deals specifically with amending subpart K of 50 CFR part 20. It sets hunting seasons, hours, areas, and limits for mourning, white-winged, and white-tipped doves; band-tailed pigeons; rails; moorhens and gallinules; woodcock; common snipe; sandhill cranes; sea ducks; early (September) waterfowl seasons; migratory game birds in Alaska, Hawaii, Puerto Rico, and the Virgin Islands; youth waterfowl hunting day; and some extended falconry seasons. This final rule is the culmination of the rulemaking process for the migratory game bird early hunting seasons, which started with the April 30 proposed rule. As discussed elsewhere in this document, we supplemented that proposal on June 4 and July 31, and published final early season frameworks in a late August **Federal Register** that

provided the season selection criteria from which the States selected these seasons. This final rule sets the migratory game bird early hunting seasons based on that input from the States. We previously addressed all comments pertaining to early season issues in that late August **Federal Register**.

**National Environmental Policy Act (NEPA)**

The programmatic document, “Second Final Supplemental Environmental Impact Statement: Issuance of Annual Regulations Permitting the Sport Hunting of Migratory Birds (EIS 20130139),” filed with the Environmental Protection Agency (EPA) on May 24, 2013, addresses NEPA compliance by the Service for issuance of the annual framework regulations for hunting of migratory game bird species. We published a notice of availability in the **Federal Register** on May 31, 2013 (78 FR 32686), and our Record of Decision on July 26, 2013 (78 FR 45376). We also address NEPA compliance for waterfowl hunting frameworks through the annual preparation of separate environmental assessments, the most recent being “Duck Hunting Regulations for 2014–15,” with its corresponding August 2014 finding of no significant impact. In addition, an August 1985 environmental assessment entitled “Guidelines for Migratory Bird Hunting Regulations on Federal Indian Reservations and Ceded Lands” is available from the person indicated under the caption **FOR FURTHER INFORMATION CONTACT**.

**Endangered Species Act Consideration**

Section 7 of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*), provides that, “The Secretary shall review other programs administered by him and utilize such programs in furtherance of the purposes of this Act” (and) shall “insure that any action authorized, funded, or carried out \* \* \* is not likely to jeopardize the continued existence of any endangered species or threatened species or result in the destruction or adverse modification of [critical] habitat. \* \* \*.” Consequently, we conducted formal consultations to ensure that actions resulting from these regulations would not likely jeopardize the continued existence of endangered or threatened species or result in the destruction or adverse modification of their critical habitat. Findings from these consultations are included in a biological opinion, which concluded that the regulations are not likely to jeopardize the continued existence of

any endangered or threatened species. Additionally, these findings may have caused modification of some regulatory measures previously proposed, and the final frameworks reflect any such modifications. Our biological opinions resulting from this section 7 consultation are public documents available at the address indicated under **ADDRESSES**.

#### **Regulatory Planning and Review (Executive Orders 12866 and 13563)**

Executive Order 12866 provides that the Office of Information and Regulatory Affairs (OIRA) will review all significant rules. OIRA has reviewed this rule and has determined that this rule is significant because it would have an annual effect of \$100 million or more on the economy. Executive Order 13563 reaffirms the principles of E.O. 12866 while calling for improvements in the nation's regulatory system to promote predictability, to reduce uncertainty, and to use the best, most innovative, and least burdensome tools for achieving regulatory ends. The executive order directs agencies to consider regulatory approaches that reduce burdens and maintain flexibility and freedom of choice for the public where these approaches are relevant, feasible, and consistent with regulatory objectives. E.O. 13563 emphasizes further that regulations must be based on the best available science and that the rulemaking process must allow for public participation and an open exchange of ideas. We have developed this rule in a manner consistent with these requirements.

An updated economic analysis was prepared for the 2013–14 season. This analysis was based on data from the newly released 2011 National Hunting and Fishing Survey, the most recent year for which data are available (see discussion in Regulatory Flexibility Act section below). This analysis estimated consumer surplus for three alternatives for duck hunting (estimates for other species are not quantified due to lack of data). The alternatives were: (1) Issue restrictive regulations allowing fewer days than those issued during the 2012–13 season, (2) issue moderate regulations allowing more days than those in alternative 1, and (3) issue liberal regulations identical to the regulations in the 2012–13 season. For the 2013–14 season, we chose Alternative 3, with an estimated consumer surplus across all flyways of \$317.8–\$416.8 million. For the 2014–15 season, we have also chosen alternative 3. We also chose alternative 3 for the 2009–10, the 2010–11, the 2011–12, and the 2012–13 seasons. The 2013–14

analysis is part of the record for this rule and is available at <http://www.regulations.gov> at Docket No. FWS–HQ–MB–2014–0017.

#### **Regulatory Flexibility Act**

The annual migratory bird hunting regulations have a significant economic impact on substantial numbers of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). We analyzed the economic impacts of the annual hunting regulations on small business entities in detail as part of the 1981 cost-benefit analysis. This analysis was revised annually from 1990–95. In 1995, the Service issued a Small Entity Flexibility Analysis (Analysis), which was subsequently updated in 1996, 1998, 2004, 2008, and 2013. The primary source of information about hunter expenditures for migratory game bird hunting is the National Hunting and Fishing Survey, which is conducted at 5-year intervals. The 2013 Analysis was based on the 2011 National Hunting and Fishing Survey and the U.S. Department of Commerce's County Business Patterns, from which it was estimated that migratory bird hunters would spend approximately \$1.5 billion at small businesses in 2013. Copies of the Analysis are available at <http://www.regulations.gov> at Docket No. FWS–HQ–MB–2014–0017.

#### **Small Business Regulatory Enforcement Fairness Act**

This rule is a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. For the reasons outlined above, this rule will have an annual effect on the economy of \$100 million or more. However, because this rule establishes hunting seasons, we are not deferring the effective date under the exemption contained in 5 U.S.C. 808(1).

#### **Paperwork Reduction Act**

This final rule does not contain any new information collection that requires approval under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. OMB has reviewed and approved the information collection requirements associated with migratory bird surveys and assigned the following OMB control numbers:

- 1018–0010—Mourning Dove Call Count Survey (discontinued 7/29/2014).
- 1018–0019—North American Woodcock Singing Ground Survey (expires 4/30/2015).

- 1018–0023—Migratory Bird Surveys (expires 6/30/2017). Includes Migratory Bird Harvest Information Program, Migratory Bird Hunter Surveys, Sandhill Crane Survey, and Parts Collection Survey.

#### **Unfunded Mandates Reform Act**

We have determined and certify, in compliance with the requirements of the Unfunded Mandates Reform Act, 2 U.S.C. 1502 *et seq.*, that this rulemaking will not impose a cost of \$100 million or more in any given year on local or State government or private entities. Therefore, this rule is not a “significant regulatory action” under the Unfunded Mandates Reform Act.

#### **Civil Justice Reform—Executive Order 12988**

The Department, in promulgating this rule, has determined that this rule will not unduly burden the judicial system and that it meets the requirements of sections 3(a) and 3(b)(2) of Executive Order 12988.

#### **Takings Implication Assessment**

In accordance with Executive Order 12630, this rule, authorized by the Migratory Bird Treaty Act (16 U.S.C. 703–711), does not have significant takings implications and does not affect any constitutionally protected property rights. This rule will not result in the physical occupancy of property, the physical invasion of property, or the regulatory taking of any property. In fact, this rule allows hunters to exercise otherwise unavailable privileges and, therefore, reduce restrictions on the use of private and public property.

#### **Energy Effects—Executive Order 13211**

Executive Order 13211 requires agencies to prepare Statements of Energy Effects when undertaking certain actions. While this rule is a significant regulatory action under Executive Order 12866, it is not expected to adversely affect energy supplies, distribution, or use. Thus, this action is not a significant energy action and no Statement of Energy Effects is required.

#### **Government-to-Government Relationship with Tribes**

In accordance with the President's memorandum of April 29, 1994, “Government-to-Government Relations with Native American Tribal Governments” (59 FR 22951), Executive Order 13175, and 512 DM 2, we have evaluated possible effects on Federally-recognized Indian tribes and have determined that there are no effects on Indian trust resources. However, in the April 30 **Federal Register**, we solicited

proposals for special migratory bird hunting regulations for certain Tribes on Federal Indian reservations, off-reservation trust lands, and ceded lands for the 2014–15 migratory bird hunting season. The resulting proposals were contained in a separate August 11, 2014, proposed rule (79 FR 46490). By virtue of these actions, we have consulted with Tribes.

#### Federalism Effects

Due to the migratory nature of certain species of birds, the Federal Government has been given responsibility over these species by the Migratory Bird Treaty Act. We annually prescribe frameworks from which the States make selections regarding the hunting of migratory birds, and we employ guidelines to establish special regulations on Federal Indian reservations and ceded lands. This process preserves the ability of the States and tribes to determine which seasons meet their individual needs. Any State or Indian tribe may be more restrictive than the Federal frameworks at any time. The frameworks are developed in a cooperative process with the States and the Flyway Councils. This process allows States to participate in the development of frameworks from which they will make selections, thereby having an influence on their own regulations. These rules do not have a substantial direct effect on fiscal capacity, change the roles or responsibilities of Federal or State governments, or intrude on State policy or administration. Therefore, in accordance with Executive Order 13132, these regulations do not have significant federalism effects and do not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement.

#### Review of Public Comments

The preliminary proposed rulemaking (April 30 **Federal Register**) opened the

public comment period for 2014–15 migratory game bird hunting regulations. We previously addressed all comments pertaining to early season issues in a late August **Federal Register**.

#### Regulations Promulgation

The rulemaking process for migratory game bird hunting must, by its nature, operate under severe time constraints. However, we intend that the public be given the greatest possible opportunity to comment. Thus, when the preliminary proposed rulemaking was published, we established what we believed were the longest periods possible for public comment. In doing this, we recognized that, when the comment period closed, time would be of the essence. That is, if there were a delay in the effective date of these regulations after this final rulemaking, States would have insufficient time to select season dates and limits; to communicate those selections to us; and to establish and publicize the necessary regulations and procedures to implement their decisions. We find that “good cause” exists, within the terms of 5 U.S.C. 553(d)(3) of the Administrative Procedure Act, and therefore, under authority of the Migratory Bird Treaty Act (July 3, 1918), as amended (16 U.S.C. 703–711), these regulations will take effect less than 30 days after publication. Accordingly, with each conservation agency having had an opportunity to participate in selecting the hunting seasons desired for its State or Territory on those species of migratory birds for which open seasons are now prescribed, and consideration having been given to all other relevant matters presented, certain sections of title 50, chapter I, subchapter B, part 20, subpart K, are hereby amended as set forth below.

#### List of Subjects in 50 CFR Part 20

Exports, Hunting, Imports, Reporting and recordkeeping requirements, Transportation, Wildlife.

Dated: August 18, 2014.

**Michael J. Bean,**

*Principal Deputy Assistant Secretary for Fish and Wildlife and Parks.*

For the reasons set out in the preamble, title 50, chapter I, subchapter B, part 20, subpart K of the Code of Federal Regulations is amended as follows:

#### PART 20—[AMENDED]

■ 1. The authority citation for part 20 continues to read as follows:

**Authority:** Migratory Bird Treaty Act, 40 Stat. 755, 16 U.S.C. 703–712; Fish and Wildlife Act of 1956, 16 U.S.C. 742 a–j, Pub. L. 106–108, 113 Stat. 1491, Note Following 16 U.S.C. 703.

**Note** The following annual hunting regulations provided for by §§ 20.101 through 20.106 and 20.109 of 50 CFR part 20 will not appear in the Code of Federal Regulations because of their seasonal nature.

■ 2. Section 20.101 is revised to read as follows:

#### § 20.101 Seasons, limits, and shooting hours for Puerto Rico and the Virgin Islands.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits for the species designated in this section are prescribed as follows:

Shooting and hawking hours are one-half hour before sunrise until sunset.

Restrictions: In the Virgin Islands, the seasons are closed for ground or quail doves, pigeons, ruddy duck, white-cheeked pintail, West Indian whistling duck, fulvous whistling duck, masked duck, and purple gallinule.

Closed Areas: Ruth Cay, just south of St. Croix, is closed to the hunting of migratory game birds. All Offshore Cays under jurisdiction of the Virgin Islands Government are closed to the hunting of migratory game birds.

■ 3. Section 20.102 is revised to read as follows:

**§ 20.102 Seasons, limits, and shooting hours for Alaska.**

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits for the species designated in this section are prescribed as follows:

Shooting and hawking hours are one-half hour before sunrise until sunset. Area descriptions were published in the July 31, 2014, **Federal Register** (79 FR 44580).

(1) The basic duck bag limits may include no more than 1 canvasback daily, and may not include sea ducks. In addition to the basic duck limits, sea duck limits of 10 daily, singly or in the aggregate, including no more than 6 each of either harlequin or long-tailed ducks, are allowed. Sea ducks include scoters, common and king eiders, harlequin ducks, long-tailed ducks, and common and red-breasted mergansers. The season for Steller's and spectacled eiders is closed.

(2) In Units 5 and 6, the taking of Canada geese is only permitted from September 28 through December 16. In the Middleton Island portion of Unit 6, the taking of Canada geese is by special permit only. The maximum number of Canada goose permits is 10 for the season. A mandatory goose identification class is required. Hunters must check in and out. The daily bag and possession limit is 1. The season will close if incidental harvest includes

5 dusky Canada geese. A dusky Canada goose is any dark-breasted Canada goose (Munsell 10 YR color value five or less) with a bill length between 40 and 50 millimeters. In Unit 6–B, 6–C, and on Hinchinbrook and Hawkins Islands in Unit 6–D, the possession limit is 2 times the daily bag limit.

(3) In Units 9, 10, 17, and 18, the daily bag limit is 6 Canada geese.

(4) In Units 9, 10, and 17, the daily bag limit is 6 white-fronted geese.

(5) In Unit 18, the daily bag limit is 8 white-fronted geese.

(6) Light geese include snow geese and Ross' geese.

(7) In Unit 17 of the North Zone, the daily bag limit for sandhill cranes is 2 and the possession limit is 6.

**FALCONRY:** The total combined bag and possession limit for migratory game birds taken with the use of a falcon under a falconry permit is 3 per day, 9 in possession, and may not exceed a more restrictive limit for any species listed in this subsection.

**SPECIAL TUNDRA SWAN SEASON:** In Units 17, 18, 22, and 23, there will be a tundra swan season from September 1 through October 31 with a season limit of 3 tundra swans per hunter. This season is by registration permit only; hunters will be issued 1 permit allowing the take of up to 3 tundra swans. Hunters will be required to file a harvest report after the season is completed. Up to 500 permits may be issued in Unit 18; 300 permits each in Units 22 and 23; and 200 permits in Unit 17.

■ 4. Section 20.103 is revised to read as follows:

**§ 20.103 Seasons, limits, and shooting hours for doves and pigeons.**

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits for the species designated in this section are prescribed as follows:

Shooting and hawking hours are one-half hour before sunrise until sunset except as otherwise noted. Area descriptions were published in the July 31, 2014, **Federal Register** (79 FR 44580).

(1) In *Illinois*, shooting hours are sunrise to sunset.

(2) In *Texas*, the daily bag limit is either 15 mourning, white-winged, and white-tipped doves in the aggregate, of which no more than 2 may be white-tipped doves with a maximum 70-day season. Possession limits are three times the daily bag limit. During the special season in the Special White-winged

Dove Area of the South Zone, the daily bag limit is 15 mourning, white-winged, and white-tipped doves in the aggregate, of which no more than 2 may be mourning doves and 2 may be white-tipped doves. Possession limits are three times the daily bag limit.

(3) In *Arizona*, during September 1 through 15, the daily bag limit is 15 mourning and white-winged doves in

the aggregate, of which no more than 10 may be white-wing doves. During November 21 through January 4, the daily bag limit is 15 mourning doves.

(4) In *California*, the daily bag limit is 15 mourning and white-winged doves in the aggregate, of which no more than 10 may be white-wing doves.

(5) In *Hawaii*, the season is only open on the island of Hawaii. The daily bag

limits are 10 mourning doves, spotted doves and chestnut-bellied sandgrouse in the aggregate. Shooting hours are

from one-half hour before sunrise through one-half hour after sunset.

Hunting is permitted only on weekends and State holidays.

■ 5. Section 20.104 is revised to read as follows:

**§ 20.104 Seasons, limits, and shooting hours for rails, woodcock, and snipe.**

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and

possession limits for the species designated in this section are prescribed as follows:

Shooting and hawking hours are one-half hour before sunrise until sunset except as otherwise noted. Area descriptions were published in the July 31, 2014, **Federal Register** (79 FR 44580).

CHECK STATE REGULATIONS FOR AREA DESCRIPTIONS AND ANY ADDITIONAL RESTRICTIONS.

**Note:** States with deferred seasons will select those seasons at the same time they select waterfowl seasons in August. Consult late-season regulations for further information.

(19) In *South Dakota*, the snipe limits are 5 daily and 15 in possession.

■ 6. Section 20.105 is revised to read as follows:

**§ 20.105 Seasons, limits, and shooting hours for waterfowl, coots, and gallinules.**

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits for the species

designated in this section are prescribed as follows:

Shooting and hawking hours are one-half hour before sunrise until sunset, except as otherwise noted. Area descriptions were published in the July 31, 2014, **Federal Register** (79 FR 44580).

**CHECK STATE REGULATIONS FOR AREA DESCRIPTIONS AND ANY ADDITIONAL RESTRICTIONS**

**Note:** States with deferred seasons may select those seasons at the same time they select waterfowl seasons in August. Consult late-seasons regulations for further information.

(1) In Maryland, the accompanying adult must be at least 21 years of age and possess a valid Maryland hunting license (or be exempt from the license requirement). This accompanying adult may not shoot or possess a firearm.

(2) In New York, the daily bag limit for Canada geese is 3.

(3) In West Virginia, the accompanying adult must be at least 21 years of age.

(4) In Kansas, the adult accompanying the youth must possess any licenses and/or stamps required by law for that individual to hunt waterfowl.

(5) In Nebraska, see State regulations for additional information on the daily bag limit.

(6) In South Dakota, the limit for Canada geese is 4, except in areas where the Special Early Canada goose season is open. In those areas, the limit is the same as for that special season.

(7) In *Oregon*, the goose season is closed for the youth hunt in the Northwest Special Permit Goose Zone and the Northwest General Zone.

(8) In *Washington*, the Canada goose season is closed in Goose Areas 2A and 2B.

■ 7. Section 20.106 is revised to read as follows:

**§ 20.106 Seasons, limits, and shooting hours for sandhill cranes.**

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits on the species designated in this section are as follows:

Shooting and hawking hours are one-half hour before sunrise until sunset, except as otherwise noted. Area descriptions were published in the July

31, 2014, **Federal Register** (79 FR 44580).

Federally authorized, State-issued permits are issued to individuals, and only the individual whose name and address appears on the permit at the time of issuance is authorized to take sandhill cranes at the level allowed by the permit, in accordance with provisions of both Federal and State regulations governing the hunting season. The permit must be carried by the permittee when exercising its provisions and must be presented to any law enforcement officer upon request.

The permit is not transferable or assignable to another individual, and may not be sold, bartered, traded, or otherwise provided to another person. If the permit is altered or defaced in any way, the permit becomes invalid.

CHECK STATE REGULATIONS FOR AREA DESCRIPTIONS AND ANY ADDITIONAL RESTRICTIONS.

**Note:** States with deferred seasons may select those seasons at the same time they select waterfowl seasons in August. Consult late-season regulations for further information.

(2) In *Kansas*, shooting hours are from sunrise until sunset.

(3) In *Kansas*, each person desiring to hunt sandhill cranes is required to pass an annual, online sandhill crane identification examination.

(4) Hunting is by State permit only. See State regulations for further information.

(5) In *New Mexico*, in the Middle Rio Grande Valley Area (Bernardo WMA and Casa Colorado WMA), the season is only open for youth hunters on November 8. See State regulations for further details.

■ 8. Section 20.109 is revised to read as follows:

**§ 20.109 Extended seasons, limits, and hours for taking migratory game birds by falconry.**

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), hawking hours, and daily bag and possession limits for the species designated in this section are prescribed as follows:

Hawking hours are one-half hour before sunrise until sunset except as otherwise noted. Area descriptions were published in the July 31, 2014, **Federal Register** (79 FR 44580). For those

extended seasons for ducks, mergansers, and coots, area descriptions were published in an August 22, 2014 **Federal Register** and will be published again in a late-September 2014, **Federal Register**.

**CHECK STATE REGULATIONS FOR AREA DESCRIPTIONS AND ANY ADDITIONAL RESTRICTIONS**

Daily bag limit—3 migratory birds, singly or in the aggregate.  
Possession limit—9 migratory birds, singly or in the aggregate.

These limits apply to falconry during both regular hunting seasons and extended falconry seasons — unless further restricted by State regulations.

The falconry bag and possession limits are not in addition to regular season limits. Unless otherwise specified, extended falconry for ducks does not include sea ducks within the special sea duck areas. Only extended falconry seasons are shown below. Many States permit falconry during the gun seasons. Please consult State regulations for details.

For ducks, mergansers, coots, geese, and some moorhen seasons; additional season days occurring after September 30 will be published with the late-season selections. Some States have deferred selections. Consult late-season regulations for further information.
